## What the professionals say:

Hilltop  
garden centre

“ Our trolleys and baskets were in a bit of a state and I knew I had to do something about it when at Glee I was impressed to see entirely new styles and types of trolley that I had not seen before. Formbar offered some of the new Polycart shopping trolleys to have on trial in my store for a few weeks, after the trial period I ordered both the all plastic shopping trolley and rolling trolley baskets from Formbar.

“ My staff and customers are really pleased with the trolleys, they are light and easy to manoeuvre around the store. I am now considering the other garden centre trolleys Formbar have to offer and I will certainly be doing more business with them in the future.”

*Kevin Ashby, Co-Owner*

EST. 1946

FROST'S

“ It had been on my to do list for a while to find a trolley and basket supplier when I discovered Formbar at Glee 2018. I was impressed that they could offer a large range of suitable products, they offered on-site maintenance and they could manage the process with minimal time input from me and my team. We purchased the shallow shopping trolleys and trolley baskets all branded with the Frosts Logo, they arrived on time and are the high quality promised by Formbar. Each of our four sites also had broken trolleys which needed work, Formbar were able to send just the spare parts required to two of our sites as they were happy to fit themselves and two sites had an engineer visit to fix the trolleys. This avoided us having the expense of scrapping and replacing these trolleys already in service. Hannah at Formbar managed the whole process seamlessly and I would recommend using Formbar to all Garden Centres.”
