Our Customer Promise

When we created Crescent Garden in 1999, we were skilled in manufacturing and design, and while enthusiastic about gardening we weren't yet experts. We set about listening, learning, and discovering from industry friends and colleagues what's needed for gardens and gardeners to thrive.

20 years later, the Crescent Garden Company is one of the premier container gardening providers, a pioneer in self-watering solutions, run by people who are professional, passionate and always in their customers' corner.

The Crescent Garden brand is trusted by independent garden centers and nurseries to offer containers and accessories, distinguished by refined design and breakthrough innovation that lasts and lasts, for successful, inspired gardening.

Our pioneering TruDrop system engineers self-watering planters to go up to weeks without watering, for phenomenal results and more confident gardeners. It dramatically transforms the way people care for plants.

And Crescent Too, brings attractive and useful containers and supplies that make gardening easier and more rewarding to more people, at an excellent value.

Crescent Garden believes that planters should work for you, not the other way around, and builds their R&D on design and innovation that pushes the envelope, legendary reliability and durability in whatever season, while understanding what works best for both healthy plants and the people who love them.

With a vision to make gardening more accessible and relevant to everyone, while pushing the industry standards for what's possible, we dedicate ourselves to a simple customer promise:

we help you grow

Identify the Logos

10 Year Warranty

Crescent Garden rotationally molded products provide a great value given their 10 year limited warranty.

Water Gardening

Easy to install and maintain, these containers are ideal to tap into the water gardening market. With a broad selection of shapes, depths and sizes, these containers can accommodate a variety of water gardening plants and fish. Some of our planters are also supplied with specialty plugs to use with fountain pumps.

No Drainage Holes

Many of our planters are designed with existing drainage holes in them. Those without them have been identified throughout the catalog.

Double Wall

Double Walled construction provides many benefits including superior structural integrity, enhanced appearance and insulating properties for better thermal protection of plant roots.

TruDrop System

Our patented TruDrop Self-Watering System is ideal both for indoor and outdoor use. Unlike traditional systems this will autoregulate even with rain water to make sure you have enough water when you need it and not too much when you do not. For more information see page 14.

Quick Ship

In-Stock colors and ready to ship.

Color Tabs

Catalog sections are identified with color tabs.

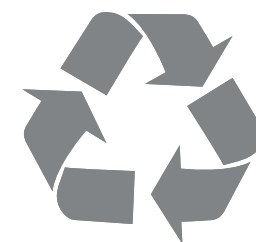

PEOPLE AND OUR PLANET

Our approach to the environment is a holistic one that considers the complete life cycle of the products that we produce and distribute.

MANUFACTURING

Responsible manufacturing is always in our fundamentals: efficient, safe, environmentally aware and always considering the impact on our communities.

100% RECYCLABLE

Using materials that are 100% recyclable and easy to re-use is important.

DISTRIBUTION

Our products are lightweight and unbreakable requiring less energy and packaging for transportation.

Weeks without Watering

With our TruDrop self-watering, containers can go without watering for 2-6 weeks depending on plant selection and climate.

Easy

With no rocks or wicks, this single-body planter just needs potting soil and plant making it easy even for first time gardeners.

Safe, Efficient

With 50% less water usage and more efficient use of fertilizers that remain in the water cavity, these planters are environmentally friendly.

Dramatically Successful

In our planters with TruDrop the plants determine how much water they need instead of the consumer which renders phenomenal results.

TruDrop: Grow Healthy Plants with Minimal Watering*

EMPTY

1/3

2/3

FULL

Water Level Indicator

Easy to read.

Easy To Fill Hole

Includes cap to avoid water contamination.

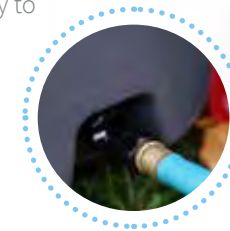

Double Wall Construction*

Large water reservoir allows plants to go longer without watering.

Mess Free Drain System

Optional quick connect coupling in larger planters facilitates draining planter without spillage.

Can connect directly to hose or pump.

Overfill Drain

When using outdoors, planter is designed to drain excess rain water.

Sealed Bottom

Plug included with planter for indoor use.

Capillary Action

Watering via roots creates healthy plants.

*Outdoor trials using a 20" (50,8 cm) planter have shown that plants can go for up to 6 weeks without refilling.

We never expected TruDropOne to change the way people garden but now we hear it from our clients.

“

“I returned home from **two weeks’ vacation...** and was very happy to see that my TruDrop planter did its job while I was away.”

Jed Laufferty, West Chester, Pennsylvania, U.S.A

“

“I think these are the **best** things since sliced bread lol.”

Jed Susan, Ontario, Canada

“

“They work great for me, as we live at a **lake home** with 6 outdoor pots and we are gone from our home several times a month for anywhere from a couple days to a week. With your pots, my flowers now make it through the summer without dying from lack of water.”

Debbie, Minnesota, U.S.A

“

“TruDrop’s claims that watering is only needed every two to six weeks sounded a little far-fetched, but... (It) works better than I ever imagined.”

Heather Rhoades, **Gardening Know How**

“

“The pottery is **gorgeous** by the way! We have one very happy customer - can't wait to order more!”

Erin, **Landscape Solutions Company**, Tennessee, U.S.A

“

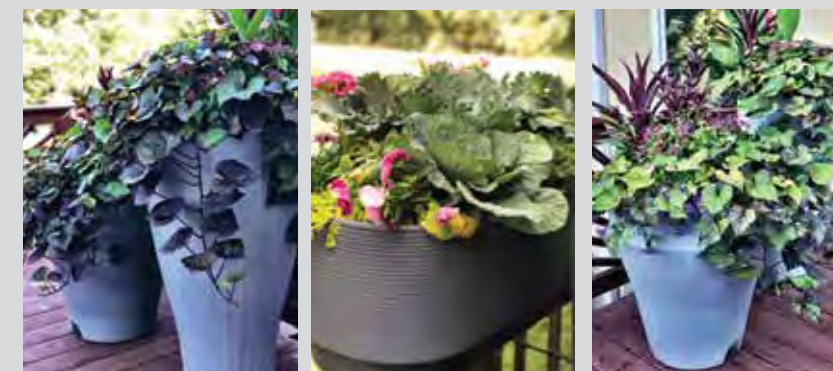

“Where we were once watering every day, we are now able to simply “top off” each planter once a week. The savings in man power have been exponential.”

Mark Russel (Director of Horticulture), **SeaWorld Parks and Entertainment**, Orlando, U.S.A

“

“I absolutely love the Crescent Garden self-watering TruDrop planters. It is the first self-watering planters that I have found **that really work**. I think this is a perfect solution... for my clients who are busy with family and travel, and for my **commercial clients** who rely on building managers to water. It **eases** the work load for everyone.”

Julie Friedman,
Exteriors Container Garden & Landscape Design
Washington D.C., U.S.A

“

“Together, with my client ... I decided on the Rim Planters for the entrance of their business. Besides the beautiful design we chose them for the self watering feature.

The TruDrop system is fantastic! The plants stayed beautiful all fall long. This has been a game changer for them & for me to have them available for my clients.”

June Spanier, **June of All Trades**
St. Cloud, U.S.A

“

I got 26 days out of it... I **saved** that much **time** watering!

Laura LeBoutillier, **Garden Answer**, Oregon, U.S.A

Edibles in Small Spaces:
Our new Nest planters are ideal to grow edibles even in spaces with no garden.

Step it up:
With the 14" width Mod planters it is easy to bring green to narrow spaces.

Midnight Blue:
A great replacement for black, Midnight will add elegance to any space.

Commercial Applications:
With TruDrop a commercial space can be retrofitted with new planters without the investment of costly sub-irrigation installations.

RESTAURANT & BAR

Narrow and Tall:
Instead of traditional urns these curved Cup planters make elegant entryways.

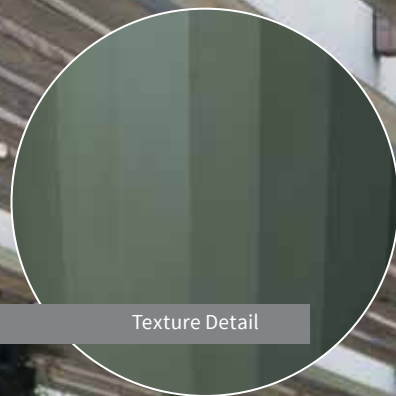

Supersize:
When you have a door that is over 7 feet tall make sure you use a planter proportionate like the Rim 30".

Alternating Heights:
Just like the buildings in this city landscape, use the Mod planters to create a textured barrier.

Accessories For Easy Drainage

Replace the standard cap on the mouse hole opening at the bottom of the planter with the Easy Drain Screw Cap.

When you are ready to drain the planter just use the coupler to connect to a standard garden hose. Hose can then be directed to a bucket or a green area away from decks or delicate floors.

Display Box

PLANTERS

10 Year Warranty

Crescent Garden rotationally molded products provide a great value given their 10 year limited warranty.

Anti-Shock

Manufactured with an extremely resistant resin, our crack proof planters provide years of enjoyment.

Weather-Proof

Our planters will never crack in winter or fade in summer, as they are protected against harsh weather and ultraviolet rays.

Lightweight

All Crescent Planters are easy to handle and convenient to install.

Adequate Drainage

Our planters are designed with the health of the plants in mind. Drainage holes are provided without the need for punch outs or drills.

Universal Saucers

We offer a variety of universal saucers to match our planters in size and design.

100% Recyclable

All our products are manufactured with polymer type ♻️ and can be recycled.

Cityscapes:
Lightweight planters are ideal for rooftops and balconies where weight can be a concern.

MOBILITY AND
DRAINAGE SOLUTIONS

Successful Gardening

We know drainage is essential to healthy plants, but protecting surfaces is also important so we offer a variety of solutions to make it happen.

Mobile Planters

Once potted large planters can be heavy. Add mobility to some of our planters with our casters, to clean and transform spaces easily.

A9915XXT	15" (38,1 cm) Circular Universal Saucer	10
A9918XXT	18" (45,7 cm) Circular Universal Saucer	10
A99DISP1	Display Unit for Circular Saucer includes baskets and signage	1

Our in store displays are designed to show at **eye level** unlike traditional saucer displays that are short.

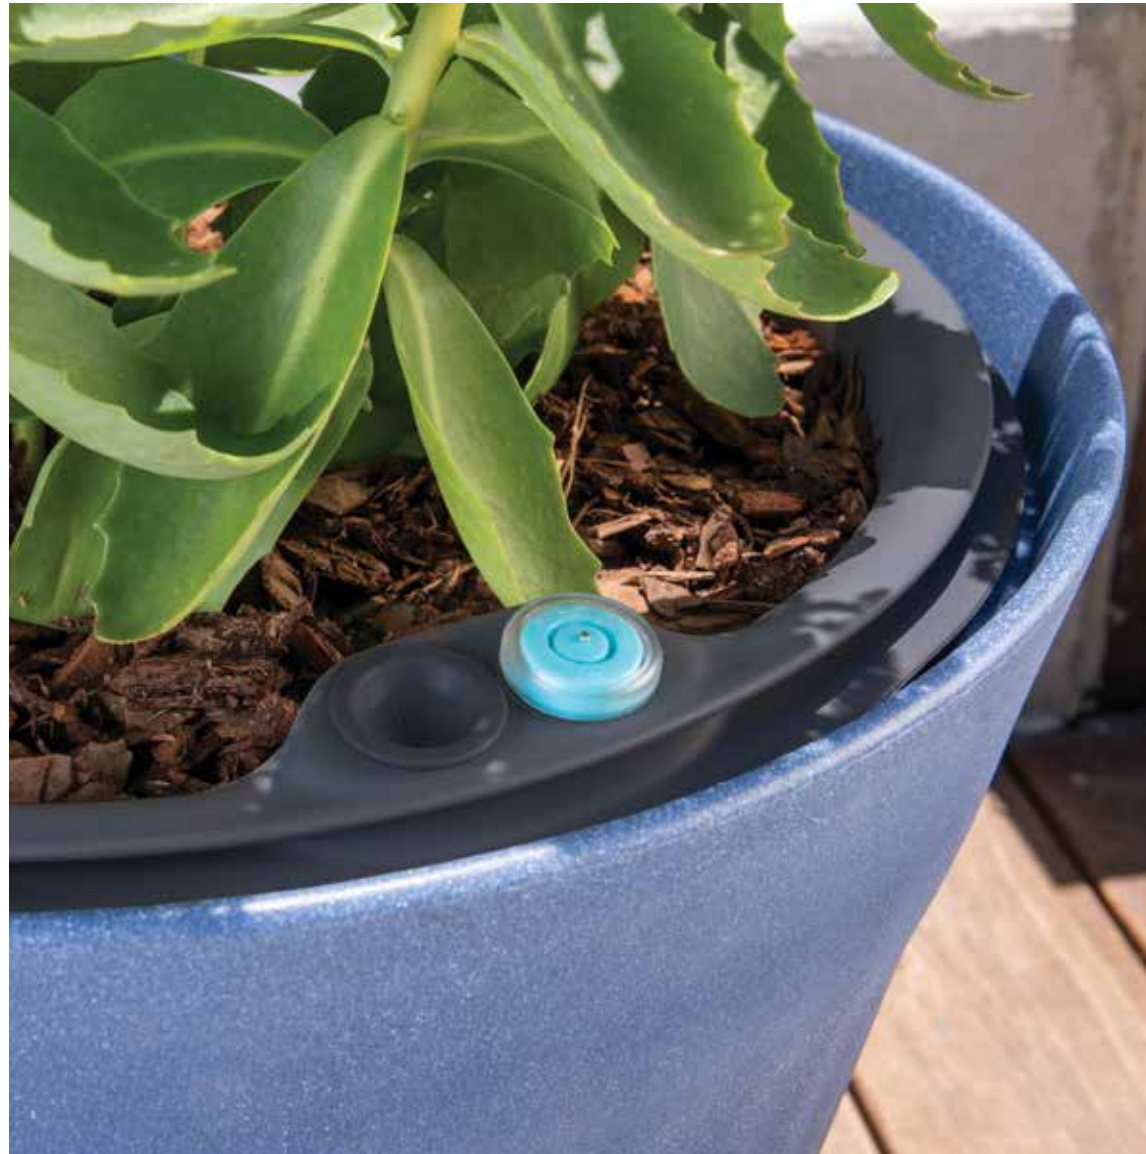

PLEASE NOTE: Displays are available only for use with Crescent Garden or Dotchi branded product.

Crescent**TOO**

Attractive and useful planters and supplies
that make gardening easier and more
rewarding for more people

 **TruDrop**FLEX

Mix and Match

Complete flexibility from grower, to garden center, to consumer. Plants can be grown in insert and covers selected to reflect desired style.

Value Solution

Single wall planters can be used on their own or with TruDrop self watering insert. Accessible to everyone.

Optional TruDrop Self Watering

Purchase with insert to go weeks without watering for phenomenal results and successful gardening.

Color and Style Variety

Everyone can find a Crescent Too planter that fits their style.

Find a program that works for you.

Grab and Go Containers:

Grow in nursery, display in garden center. Allow consumer to customize with their style in mind.

Build your Own:

Allow consumers to make their own TruDrop Flex self-watering container by purchasing cover and inserts in the store.

10 Year Warranty Planters:

Offer covers as stand alone containers at a great value.

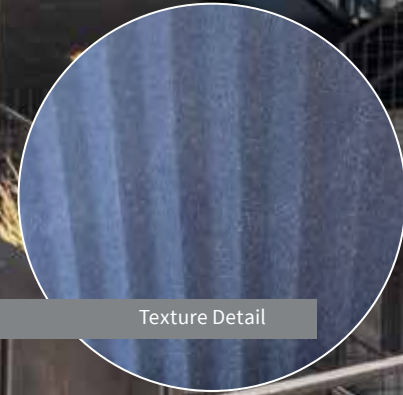

Sleek and Simple:
Our understated Fold planter will work in any environment.

Optional Insert:
Up to weeks without watering for great results: TruDrop Flex.
