THE SOUTH AFRICAN BIG 5

South Africa is known for its' Big Five animals. With our South African roots and over 70 years of 'braai experience', we proudly introduce our own Big Five!

THE CADAC BIG 5

The **Easy Clean System** ensures you can spend less time cleaning and more time cooking! Most barbecues in the range benefit from a removable fat pan, tray or cup, so you can simply lift it out and pour away any grease that has collected. The ceramic modular cooking tops can be cleaned with ease; simply wipe down with warm soapy water or pop straight into the dishwasher!

EASY CLEAN

EASY ASSEMBLY

**CADAC** barbecues can be built in minutes, thanks to their cleverly engineered design. Assembly is quick and simple and all components on our leisure range of barbecues pack down neatly into convenient carry bags for ease of portability and storage.

MODULAR

One barbecue, endless possibilities! The **CADAC** range of easily interchangeable modular surfaces includes pizza stones, roasting pans, plancha tops and more. From grilling to baking and slow cooking to broiling, the **CADAC Modular System** breaks the boundaries of conventional outdoor cooking.

GREENGRILL

The **GreenGrill** ceramic coating is organic, environmentally friendly, PFOA free and non-toxic. The **GreenGrill** ceramic coating is harder and more scratch resistant than traditional non-stick coatings. Ceramic distributes and retains heat better resulting in a lower gas consumption. All with little compromise to its' ease of cleaning.

THERMOGRILL

All circular **CADAC** grill tops have an integrated heat deflector, delivering even heat distribution across the grill surface. The rectangular **Thermogrills** trap and distribute heat evenly across the grill surface. Rapid heat up times and responsive temperature control improves the cooking experience and reduces gas consumption by approximately 34%.

# WARRANTY

If, in the unlikely event that a customer finds a manufacturing fault with their **CADAC**, our knowledgeable UK based warranty team is readily available and happy to help.

**CADAC never replace the whole item when part/s replacement is appropriate; we hold a number of simple replacement parts for immediate dispatch. We would implore retailers not to issue spare part replacement from store stock.**

For all customer queries our warranty team is at hand via email; [warranty@cadacuk.com](mailto:warranty@cadacuk.com) where our team will 'adopt the customer', dealing directly. In 'adopting the customer', our warranty team can educate the end user, ensuring any consumer misuse issues are not repeated. The warranty team have years of product knowledge and technical experience with **CADAC** barbecues to draw upon.

To make a claim, please email [warranty@cadacuk.com](mailto:warranty@cadacuk.com) where a claim form and procedures will be provided and informed, along with a unique Warranty Ticket Number, for you to quote on all correspondence.

From original consumer purchase date;

- **CADAC** urban barbecues come with a 5 year limited warranty
- **CADAC** leisure barbecues come with a 2 year limited warranty
- **CADAC** accessories come with a 1 year limited warranty

# E BRAAI

## COMBINE AUTHENTIC BBQ FLAVOUR WITH MAXIMUM CONVENIENCE.

Designed for modern living, the new **E-Braai** is the first electric barbecue from **CADAC**. The cooking temperature can be pre-set thanks to an innovative auto-temperature control function. The digital LED accurately displays the cooking temperature via a sensitive probe that sits directly underneath the grill.

Perfect for apartments, balconies, patios or terraces, especially where fire restrictions limit the use and storage of gas barbecues.

### FEATURES

- 1 **Dome Lid** - With thermometer and stay-cool handle. Lid with four vents sits neatly on the back of the BBQ to act as a wind protector.
- 2 **Easy Wash & Clean System** - The removable fat pan lifts out for easy cleaning of both the pan and the tempered glass ring that protects the electric coil from cooking juices and fats.
- 3 **Electric 2.3 KW Heat Coil** - Highly efficient, wind resistant coil delivers rapid heat up to 200°C in four minutes.
- 4 **Auto Grill Temperature** - Set the precise cooking temperature using the LED display.
- 5 **Convenient Storage** - A handy bag to fit the complete E Braai in when not in use is included.
- 6 **Mains Electricity** - Simply plug in and you're ready to start cooking!

# GRILLO CHEF 40

## INSPIRE THE CHEF IN YOU.

Easy to assemble, use, clean and stow; the **Grillo Chef 40** is the perfect barbecue for a spontaneous getaway.

This mid-sized, lightweight barbecue range comes complete with a push button piezo ignition and finely adjustable temperature control. The **Grillo Chef 40** is robust, compact and portable; perfect for barbecuing meat, fish or vegetables.

## FEATURES

- 1 **Dome Lid** - With thermometer and stay-cool handle. The lid with six vents sits neatly on the back of the barbecue, acting as a wind protector.
- 2 **Ceramic GreenGrill BBQ Grill Top** - With underside flame deflector delivers rapid heat up times and even heat distribution. **CADAC** have incorporated modularity into the Grillo Chef 40, broadening your cooking options once again; create a paella, grill, barbecue, bake or roast with confidence - swapping surfaces couldn't be easier!
- 3 **Removable Pot Stand** - Extend cooking options even further using your own kettles, pots and pans.
- 4 **Removable Fat Pan** - Fat and juices collect in the trough of the fat pan safely, preventing any grease fires. Simply lift out to clean. *Top Tip: Add some water to the trough to make cleaning even easier.*
- 5 **Push Button Piezo Ignition** - Plus control knob with adjustable temperature control.
- 6 **Tripod Legs** - Ensuring a stable BBQ, safe cooking made easy.

# POWER PAK SUPPLY

The **CADAC Trio Power Pak** and the **CADAC Dual Power Pak** replace the need to have a gas cylinder and regulator. The **Power Paks** are lightweight, portable and easy to use and include the regulator and hose. Once you fit the disposable cartridge/s to the **Power Pak**, the supply (at 28mbar) is connected ready to be used on the barbecue.

The universal fitting on the end of the hose is a ¼” BSP left hand thread, so the **Dual Power Pak** or **Trio Power Pak** can be used with any brand of camping stove or barbecue.

WHY CADAC REGULATORS?

To maximise safety, from 2021 all Cadac cylinder regulators are now factory fitted with crimped 85cm hose and QR fittings. The added safety feature **Excess Flow Valve (EFV)** comes as standard. EFV is an automatic hose safety feature that cuts off 90% of gas flow if the hose is compromised. The QR fitting acts to stop gas flow if the joint is disconnected from the BBQ. Quality Cadac regulators all with additional safety features as standard.
