*EASY*Scape

Save time and money with sure-footed solutions for hard surfaces
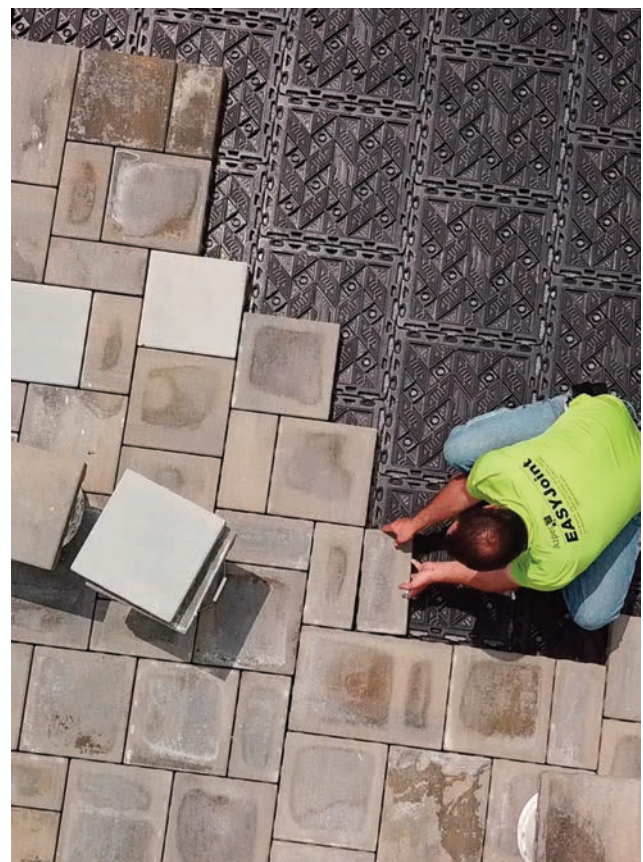

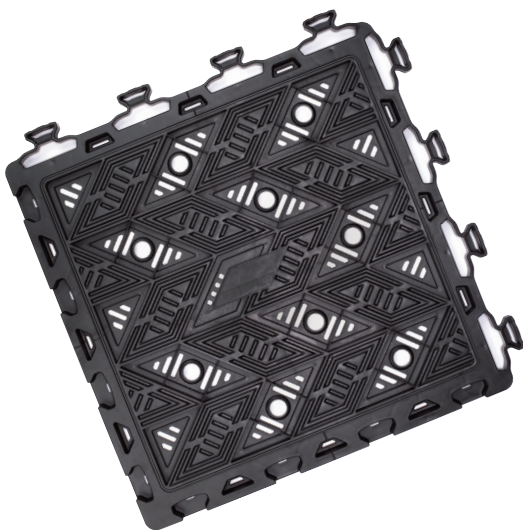

NEW *EASY*ClickBase

Create strong driveways, paths and patios with less preparation, excavation and aggregate

The innovative NEW EASYClickBase system provides a strong and level base on which to lay pavers for driveways, patios and paths

It reduces time, labour and costs by requiring less excavation, less disposal of soil and less hardcore or aggregate

Its strong but lightweight design is easy to transport and simply interlocks to provide a rock-solid foundation

- The quicker and more cost-effective way to create strong driveways, paths and patios
- Requires just 20mm of aggregate
- Suitable for heavy pedestrian and vehicle traffic
- Excellent spreading of loads across the drive or pathway
- Great for use in areas with restricted access for heavy plant and/or waste disposal

	Pallet Quantity	Product Code
EASYClickBase	100m²	6310

EASYEdging

A secure edge for exposed surface finishes

Simply screws into EASYClickBase to provide a strong edge and support
