INABA

Churu®

These tasty, squeezable, low calorie, lickable treats for cats are made with responsibly harvested, natural wild tuna and farm-raised chicken.

Churu® are high in moisture which felines need for health. Simply tear open a tube and give it a little squeeze to feed these grain-free, preservative-free treats by hand.

- Designed for feeding by hand
- Innovative, interactive way to spend time together
- Can be used as a topper on wet or dry food
- No grains, preservatives or artificial colours
- Creamy texture and palatable flavours
- Great for administering pills
- High in moisture
- Low in calories

Four Varieties:

Tuna
Chicken
Tuna/Scallop
Chicken/Scallop

Churu Rolls

Churu Rolls are soft stick-shaped natural chicken treats seasoned with natural flavours, green tea extract and vitamin E.

- Made with 100% pure and natural farm-raised chicken and wild tuna
- Creamy Churu® filling inside, soft baked chicken paste outside
- No grains, preservatives or artificial colours
- Contains 4 individual packs for maximum freshness
- 2 different textures in one bite

Chicken Wraps with following fillings:

Tuna, Chicken and Tuna with Scallop

Churu Pops

Churu Pops are a chewier version of the lick-able Churu. A fun stick treat for cats in a juicy jelly.

- Juicy Jelly which can be hand fed or used as a topper on wet or dry food
- No grains, preservatives or artificial colours
- Made with 100% pure and natural wild tuna
- High in moisture
- Low in calories

Tuna, Chicken and Tuna with Chicken

Churu Bites

Churu Bites for dogs are soft & chewy on the outside with a creamy filling inside. Bite-sized, pillow-shaped fun treats with a unique texture. The soft centre is perfect for hiding pills or supplements.

- Made with 100% pure & natural farm-raised chicken and wild tuna
- Creamy Churu® filling inside, soft baked chicken paste outside
- No grains, preservatives or artificial colours
- Contains 8 individual packs for maximum freshness
- 2 different textures in one bite

Chicken Wraps with following fillings: Chicken, Chicken with Tuna, Chicken with Salmon

and intensely reflective at night.

More reflective thread than other brands, with increased visibility

Collars and leads available in Green Diamond and Orange Diamond
across all 3 widths (1/2", 3/4" and 1")

West Paw

Like humans, dogs need stimulation to support a happy and healthy brain.

Challenging activities, such as getting a treat out of a puzzle dog toy, can help their brain development while filling their time and their tummies.

Whether a dog likes to play rough or just get cozy, West Paw create toys to suit every dog's interest. Some toys challenge dogs, while others are made for fetching, chewing, or cuddling.

All West Paw toys are not only safe and durable, but are also covered by the Love it Guarantee.

Zogoflex®

Zogoflex is an amazingly durable, non-toxic, recyclable plastic used to make our tough dog toys.

Zogoflex comes in bright, easy-to-spot colours, are guaranteed tough, floatable and flexible. Zogoflex is made from recyclable material and creates virtually no waste during the manufacturing process. Zogoflex dog toys are made in the USA and dishwasher safe, BPA and phthalate-free, FDA compliant (meaning it's safe to eat off of) and CE marked.

Classic Zogoflex® includes our chew dog toys: Hurley®, Jive®, Tux® and our play dog toys: Qwizl®, Zisc®, Būmi®, Toppl® and Tizzi®.

Zogoflex® Echo

Zogoflex Echo have a lot in common with the traditional Zogoflex collection. They're made with the same Zogoflex material, so they're durable, BPA & Phthalate-free, 100% recyclable and float.

Differences: Zogoflex Echo toys have completely hollow centers so they are extremely squishy. Unlike the traditional Zogoflex toys which have solid cores, Zogoflex® Echo toys are great for puppies and senior dogs more sensitive teeth!

West Paw

NEW

Introducing Seaflex™

Seaflex™ contains post-consumer recycled ocean-bound plastic.

Zogoflex® is our recyclable, zero-waste virgin TPE material and is sourced in the USA. This is blended with the ocean-bound HDPE (items like milk cartons and shampoo bottles) to make Seaflex.

Bendy. Flexible. Durable. Floatable

No bad stuff:

No harmful toxins, No BPA, No phthalates, No Latex, FDA Compliant, CE marked.
Made responsibly with eco-conscious materials.

The variation in swirl colours visually conveys the variable nature of the material flow within each molded shape. This was intentional in the product design, as the colour mixes within the machine, they produce infinitely unique and beautiful colour combinations making each toy unique to its 4-legged owner.

Drifty

Bulbous ends are chunky chew zones. Great for fetch and chew.

Small 5.75"/14.5cm
Large 8.5"/21.5cm

Sailz

For those who love to run. Sailz fly far and fast.

One size 8.5"/22cm

Snorkl

Beneficial for high energy dogs. For interactive, bond forming play.

One size 8.5"/22cm

More information about ocean bound plastics and the partnership between West Paw and OceanWorks can be found on our website.

Pawz are the world's only disposable and reusable, waterproof dog boots. Made of natural rubber, Pawz are 100% biodegradable. Pawz are designed to go on easily and fit securely without zips or straps.

Pawz are the most natural-feeling boot a dog can wear because without padding the dog is able to feel the ground, providing a sense of security. Like a sock, Pawz move with the dog, allowing full paw motion and maximum comfort.

Pawz come 12 in a pack and each boot may be worn many times.
All sizes also available in black.

aniPaw Daily Paw Wipes
10-count container

SaniPaw Daily Paw Spray
8 oz trigger spray bottle

Fluff & Tuff

Fluff and Tuff is not about being indestructible. Durability is certainly part of the equation, but the real magic is the actual mouth-feel for the dogs.

Fluff & Tuff toys are made from high quality, ultra-plush fabric. Instead of cheap canvas and hard edges, Fluff & Tuff toys are made with generously folded, double stitched seams, embroidered eyes, long-lasting squeakers encased in sewn fabric pouches and a thick mesh liner to reinforce the outer fabric.

All of these details make the toys last longer and more importantly they also make them much more fun for dogs to chew, chase or cuddle.

ANATOMY OF A FLUFF

We don't claim to be indestructible - No plush toy can be. Our goal is simply to combine superior quality materials with proven construction specifications to create the most durable plush toy on the market today.

Available in all shapes and sizes for all types of dog

No more moving meal
No more soggy socks

PetWeighter comprises a base and a bowl that lock together for a sturdy elevated feeding solution.

The base can be filled with water, sand and water (or ice) to give it a weight of upto 13 kg. When the bowl is placed back on the base, pets aren't able to move the bowl around or knock it over to spill their food or water.

Dimensions/Capacity	Small/Medium	H16.5m, W20cm, L20cm, 1 litre
	Large	H 21cm, W26cm, L26cm, 2 litres

A new range of supplements is the perfect choice for a growing category in pet health awareness. PeakPets products have been produced in consultation with nutritional and veterinary experts to produce top quality formulas with clinically proven ingredients.

Calming Formula - A powerful formula to help bring stress relief from a variety of dog anxiety related behaviour. Available in 30 & 120 tablet bottles

Multi-Vitamin - 24 essential vitamins and minerals to support health and wellbeing. Available in 30 & 120 tablet bottles

Probiotics - Offers multiple general health benefits and supports digestion and gut related issues including bloating and gas. With a high CFU count it also helps with itchy skin and bad breath. Available in 100g pot (1 serving = 1g)

Pet Scents

PET FRIENDLY SCENTS

We're really excited to be able to introduce a new brand for 2021.

A Pet Friendly Scented Candle range, created and manufactured in the UK.

The initial range consists of 3 subtle scents in either a luxury recyclable glass or an eco freindly aluminium tin.

Uplifting
Ginger and Lime

Comforting
Vanilla Cream

Refreshing
Ocean Breeze

All products are designed specifically to be pet friendly and are made from 100% natural wax - a blend of coconut, soy and rapeseed. With a cotton wick, all products are free from parabens, carcinogens or paraffin and are dye free.

These are great "add on" items for your customers with their understated design and subtle aromas they fit with any decor making a great addition to any pet owners home.

Pet Scents candles are the perfect balance between luxury and sustainability.

Tuy nec collars are a great choice for dog owners who decide to use a flea/tick collar to keep the nasties at bay or need a calming collar to support a dog suffering from anxiety and overwhelming situations.

Tuy nec collars are vet approved and made by professional saddlers, entirely by hand using premium quality leather.

The design makes Tuy nec a stylish and discreet product whilst concealing what can be an unattractive plastic-looking flea/tick or calming collar.

Available in 4 sizes and 4 colours

Size 42 Neck size - 30 cm to 37 cm

Size 50 Neck size - 36 cm to 45 cm

Size 57 Neck size - 43 cm to 52 cm

Size 65 Neck size - 51 cm to 60 cm

As flea/tick and calming collars are worn alongside a normal collar the ingenious design of the Tuy nec collar comes into its own... reducing two collars to one, as the comfortable mesh insert section, along with the sturdy design enable the inserted collar to remain in contact with the dogs skin.

The Tuy nec collar also offers an added barrier - providing protection for the insert from damage, dirt and falling off.

A fully functional collar - complete with welded D rings for lead attachment and ID tag etc, Tuy nec collars can be used as a stunning standalone collar too.

Black

Brown

Red

Natural

Anti-parasite/calming collars are not included but can be purchased separately.

Why Collarways?

Collarways are distributors specialising in high quality accessories for dogs and cats. We only choose to represent brands of great quality and durability that stand out from others in the market. With unique selling points, strong guarantees where it matters and attractive margins, we are proud of the portfolio we offer. A significant number of our products are designed with sustainability in mind and environmental consideration is of primary importance to us.

Quality, innovation and practicality represent real value for money - something that consumers are looking for more than ever.

Our products make eye-catching displays and are sought after by pet owners who want the very best.

On top of all this we pride ourselves on providing excellent customer service and support to help you succeed in selling to your customers. We are here to help. Whether it's how to measure for a Lupine harness or collar correctly, how to handle a return or how to improve your product display to increase sales - you can call us Monday-Friday between 9am and 5pm and speak to an expert.

- no minimum order
- fast order turnaround (usually within 24 hrs)
- excellent customer service and support
- 24/7 online ordering

If you are not yet one of our customers simply apply for trade access on our website.

Once logged in you will have access to our trade prices and will be able to place orders online as well as keep up to date with all our news.
