We are delighted to bring you our 2021 catalogue. **Gardening Naturally** is the UK's market leader, selling netting and chemical-free pest control products online and mail order. We have been trading since 2007 and are now focusing our attention on increasing our retail business. As the digital world evolves and customers have price comparison at their fingertips, every year gets more difficult to compete – your own brand is one way to combat this threat.

Please see below some of the main benefits that we currently offer our customers:

- Free own branding available for all our products with extremely low MOQs. Most customers we supply own branding for currently take our artwork and we just swop the logo and barcodes over. You are welcome to provide your own artwork.

- Excellent margins – 50% on most popular lines
- Just in time delivery available as all products stocked in our UK warehouse
- Dedicated account management, pro-active range review for each season
- All products available in Gardening Naturally-brand as an alternative if you prefer

We would like to take this opportunity to thank you for your support and wish you a successful 2021.
