## **DANSONS COMPANY HISTORY**

Dansons was founded in 1999 from the desire to turn the waste of sawmills into a reliable source of energy. Lead by the ingenuity of Dan Thiessen and the passion of his two sons, Jeff and Jordan, Dansons experienced widespread success in Canada and the United States, and eventually expanded our product line from horse and animal bedding to pellet fuel and pellet fuel appliances.

Today, Dansons is a global consumer goods corporation, and the home of multiple award-winning, consumer-backed brands. Our products are trusted every day in thousands of homes, barns, and backyards across the world. Our mission is to provide our global consumers with world-class competitive products while delivering superior results and never compromising our integrity. Honoring God who has provided these opportunities, to reinvest in those in need. No matter how much Dansons grows, we are always a company built on and grounded by our faith, commitment to our partners and customers, and dedication to our family-oriented values.
