MADE IN EUROPE
★ WARGO ★

Passion for cooking

Cook King is one of the leading manufacturers of fire bowls, garden stoves and grills in Europe. We have been present on the market for as many as 27 years and we are strongly committed to sharing our passion for cooking.

Our aim is to make our customers experience the joy of cooking in the open air, that is why our products stand out thanks to their variety and exceptional quality. We want everyone to be able to find in our offer something that matches their needs and taste.

We are a wholesale business, you can find Cook King products in DIY and fireplace stores, garden centers throughout the European Union and beyond and on the Internet, of course.

We closely cooperate with the best transport companies and as a consequence we are able provide a fast and safe delivery of large quantities of products to any place indicated by the customer.

How does the production process ensure the highest quality of our products?

All Cook King products are hand-made. The massive structure of our products includes numerous elements that are matched and connected to each other properly.

We only use materials from European steelworks holding necessary certificates and approvals confirming their quality and origin.

Our products are made of thick steel elements (2-5 mm), due to which we can guarantee their excellent condition and durability.

HANDMADE - tradition and quality guaranteed!

About Cook King products

What are the characteristics of our products?

It is the quality of Cook King that our customers value us most for. We owe our reputation to the simple and timeless style of our products, solid workmanship and comfort of use. Thanks to these features our customers can enjoy our products for many years.

What is the secret of the highest quality of Cook King products?

We believe that you have to deliver excellent quality as early as at the design stage in order to provide a high-quality product. Each Cook King product is based on our own product design made from scratch. We carefully design our products so that people from all over the world who love cooking and meeting friends outdoors can enjoy their time together. That is why our designer always looks for the best solutions to make his products stylish, solid, safe and easy to use. Once the design is ready, we start with the production process. Each product is made by hand with the utmost care.

6

It is our designer who gives our brand its character!

All our products are designed by one man. Thanks to his passion, commitment and years of experience each of our products is planned to the smallest detail.

He travels all around the world finding inspiration in different cultures, due to which Cook King products are popular and appreciated by customers from various countries.

When starting a new project, he keeps asking himself: How will the product look in a garden? How can I make it solid, stable and safe? Will it be easy to use? Will it be a pleasure to use it?

Whenever asked about the most important aspects of designing a product, he says: **QUALITY, STYLE AND DURABILITY.**

And this is what Cook King products are all about: high-quality grilling tools thanks to which customers all over the world can enjoy dishes flavored with wind and fire.

NEW

Now it's possible to personalize **Your Fire Bowl**

We are giving you the opportunity to create your individual design of a firebowl adapting it to the current market trends, the image of your company and the requirements of customers.

The edge of the product will be cut out of a thick sheet of steel by a CNC laser and welded to the bowl composing a massive construction.

This project gives you the unrestricted opportunity to develop your own design.
The only thing that can limit the project is your own imagination!

IDEAL PRESENT! You can create **YOUR FIREBOWL**

- with a company logo
- with a flag of a country or a city
- with the flag of your favorite sports club
- with any advertising slogan
- with a name
