WILD  
BIRD  
CARE  
COLLECTION

2021/22

## WELCOME

I take great pleasure in welcoming you to the Henry Bell Wild Bird Care Collection for 2021 / 22.

In 2019 we decided to use our many years of knowledge and expertise to create our own Wild Bird Care Collection with a primary focus on delivering a range of feeds and accessories that encourage wild bird wellbeing.

The response to our Wild Bird Collection has been hugely positive and we are incredibly grateful to all of our retail partners who have joined us on this new and exciting journey. We are now stocked in a broad range of independent Garden Centres, alongside a number of key Garden Centre Groups.

Throughout 2020 we were thankfully able to keep our factory open and to continue to supply both established customers and new ones. I would like to thank the Henry Bell family of staff for their commitment to the company for staying safe, well and responsible during this challenging year. I would also like to thank and to celebrate everyone across the UK who has either carried on, or made a new commitment to feeding wild birds. We have all become more local over the last year and this has migrated our focus onto enjoying and celebrating local nature from gardens, to parks and green spaces. Appreciating, enjoying and being entertained by the wild birds in our own gardens has offered significant wellbeing benefits to many people. We are proud that we have been able to support and encourage this pastime.

The Henry Bell Wild Bird Care Collection continues to grow and develop in 2021 / 22. We have both consolidated and grown some of our current ranges and are launching new collections to keep the line up of products fresh and innovative. As ever, a central prerequisite to our range is creating products that enhance wild bird wellbeing.

A highlight for 2021 /22 is the introduction of our Sterling Collection from the magnificent and ornate Feeding Station to the elegant bird feeders and our distinctive 3-in-1 Squirrel Proof Feeder. The Essentials range has been developed to include a ground feeder plus some Essential Squirrel Resistant feeders.

We were the first Wild Bird Care brand to introduce 100% recyclable packaging across all of our feeds and we remain committed and open to innovative routes by which we can improve our ecological profile.

I would like to thank you all for your support over the last year and very much looking forward to working with you all over the coming year.

Managing Director  
Thomas Lee

Recyclable

RECYCLE WITH HENRY BELL

All of Henry Bell Wild Bird Food range is only available in recyclable packaging.

We are committed to sourcing and producing products that respect the environment and have implemented a number of measures to improve our ecological profile.

We are proud to be a member of OPRL, which “aims to deliver a simple, consistent and UK-wide recycling message on retailer and brand packaging - whatever your sector - to help consumers recycle more material correctly, more often.”

It is estimated that over 15 million packs of bird food, largely from unrecyclable materials, are sold in the UK every year. This needs to change. The sector celebrates and encourages looking after wild birds, and this should include improving all of our sustainability profiles to help to improve the ecological landscape for wild birds and their wellbeing.

WILD BIRD FOOD

#### WE RECOMMEND ESSENTIAL SEED FEEDER

Our Essential Seed Feeder features a ring perch that enables wild birds to feed with greater security and comfort.

## SUPERIOR SEED MIX

Our Superior Seed Mix is a unique blend that is packed with energy and nutrition to keep wild birds all fuelled up no matter the season. The blend has been created to attract a wide variety of birds with over 50% of the mix containing a variety of seeds to encourage smaller species. The perfect year round feed partner to keep wild birds happy and healthy.

**Suitable for use in seed feeders, on bird tables and ground feeding.**

**Recyclable**

All Superior Seed Mix packaging is recyclable.

#### COMPOSITION

Whole Wheat, Red Dari, Kibbled Maize, Black Sunflower, White Millet, Soya Oil.

#### WE RECOMMEND

#### STERLING SEED FEEDER

New for 2021, our Sterling Seed Feeder is a stylish addition to any garden and a lovely feed partner for our No Mess Mix.

## NO MESS MIX

Our No Mess Mix is a nourishing blend of seeds, sunflower hearts and suet that is rich in nutrients to best meet the dietary and health requirements of wild birds. A rich blend of nine ingredients that, as a bonus, has had all husks and waste removed creating a unique No Mess blend.

Suitable for use in seed feeders, on bird tables and ground feeding.

Recyclable

All No Mess Mix packaging is recyclable.

#### COMPOSITION

Kibbled Maize, Red Dari, Pinhead Oatmeal, White Millet, Cut Wheat, Sunflower Hearts, Flaked Wheat, Red Millet, Suet Pellets, Soya Oil.

**WE RECOMMEND**  
**HEAVY DUTY SEED FEEDER**

The ideal feed partner for our No Grow Mix that features a larger perch space around the base of the feeder that allows for the collection of feed debris.

## NO GROW MIX

A distinctive and specially created formulation that contains seeds that will not grow in your garden. Rich with bitesize pieces of sunflower hearts, peanuts and suet pellets our No Grow Mix is a blend of six ingredients developed to appeal to a wide variety of wild birds. The bird food of choice for both the gardener and the wild bird.

Suitable for use in seed feeders, on bird tables and ground feeding.

Recyclable

All No Grow Mix packaging is recyclable.

#### ELEGANCE NEST BOX

With a 28mm hole our Elegance Nest Box is the perfect partner for encouraging members of the Tit family to nest.

## BLUE TIT BLEND

Expertly created to attract the Blue Tit, Coal Tit, Long-Tailed Tit and Willow Tit families with their colourful displays. Our Blue Tit Blend is formulated to be a highly nutritious, rich mix specifically created for smaller birds. A distinctive blend of ten ingredients including Sunflower Hearts, Peanut Granules and Nyger Seed the mix is gluten free.

Suitable for use in seed feeders and on bird tables.

Recyclable

Our Blue Tit Blend packaging is recyclable.

#### COMPOSITION

Sunflower Hearts, Red Millet, White Millet, Kibbled Maize, Red Dari, Black Sunflower, Peanut Granules, Nyger Seed, Rape Seed, Suet Pellets, Soya Oil.

#### BLUE TIT BLEND

**1.8kg**

Code: H060006

Qty: 9

RRP: £5.99

Dan Hume, Head Buyer at Millbrook Garden Centre tested our Specialist Wild Bird Foods hoping to attract Blue Tits and Robins into his garden.

The result in his own words:

**"The answer for the Blue Tit feed is an unreserved "Yes". The numbers and frequency of Blue Tits, Great Tits and Long-Tailed Tits has significantly increased and the birds are feeding predominantly from the Blue Tit feeder. I cannot recommend this feed enough."**

Read all about his adventures at:

<https://www.millbrookgc.co.uk/post/dans-great-bird-food-experiment>

# ROBIN BLEND

Our Robin Blend is a high energy, deeply nutritious year-round food. The blend is packed with sunflower hearts for energy plus mealworm and rowan berries to create a delicious and wholesome meal that is relished by robins and many other small birds.

Suitable for use in seed feeders, on bird tables and ground feeding.

Our Robin blend packaging is recyclable.

## COMPOSITION

Pinhead Oatmeal, Kibbled Maize, Sunflower Hearts, Cut Wheat, Red Millet, Peanut Granules, White Dari, Mealworms, White Millet, Rowan Berries, Soya Oil.

## WE RECOMMEND ESSENTIAL THREE ARM FEEDING STATION

The Essential Three Arm Feeding Station includes three feeder hooks, a water bath and a seed tray, that is perfect for sharing some of our tasty Robin Blend.

## WE RECOMMEND STERLING SEED FEEDER

Flying in for a taste of our ingredient rich Songbird Blend.

**WE RECOMMEND  
HERITAGE PEANUT  
FEEDER**

Beautiful and elegant addition to any garden space our Heritage Peanut Feeder is designed to allow birds to eat peanuts safely.

# PEANUTS

We take care that our peanuts are of the highest quality. A traditional bird food, peanuts are a powerhouse of energy, very nutrient rich and are loved by a wide variety of birds.

Tested for aflatoxin.

**Loose peanuts can be harmful to young birds as they can cause choking. Please feed from a peanut feeder.**

**Recyclable**

Our Peanut packaging is recyclable.

## WE RECOMMEND ESSENTIAL NYGER SEED FEEDER

If you would like to attract Goldfinches and other small beaked birds into your garden we recommend using our Nyger Seed in our Essential Nyger Seed Feeder.

# MEALWORM

Our mealworms are a highly nutritious protein snack that are loved by Robins and very popular with most garden birds. A year round treat, this rich protein source is very useful in the winter for survival and in springtime to help the parent birds in caring for their young.

Suitable for use in Mealworm feeders, on bird tables and ground feeding.

All our Mealworm packaging is recyclable.

# CALCIWORM

Our Calciworms are high in protein, energy giving fat and very high in calcium. Calciworms contain significantly more calcium than Dried Mealworms and this contributes to stronger bones and eggs. Calciworms are highly versatile and can be added to many seed mixes to deliver a protein boost.

Suitable for use in Mealworm feeders, on bird tables and ground feeding.

**COMPOSITION**

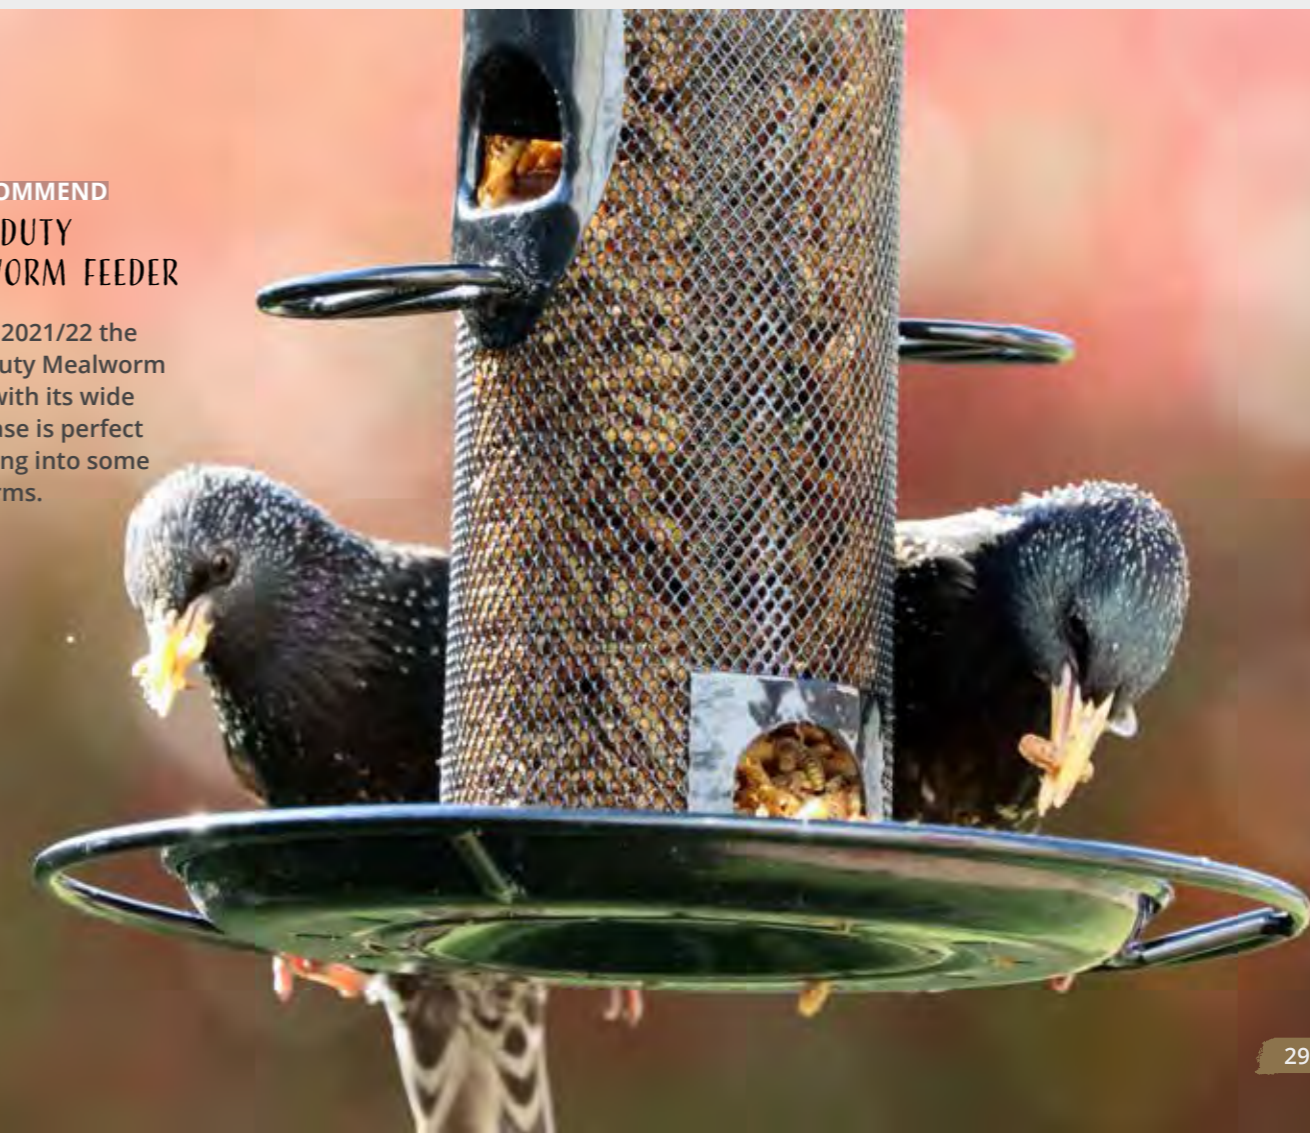

Dried Black Soldier Fly Larvae

Our Calciworm packaging is recyclable.

**WE RECOMMEND  
HEAVY DUTY  
MEALWORM FEEDER**

New for 2021/22 the Heavy Duty Mealworm Feeder with its wide perch base is perfect for tucking into some Calciworms.

## Henry Bell WILD BIRD HIGH ENERGY FOOD

Henry Bell's selection of High Energy Foods are an excellent source of energy and nutrition for wild birds. The range includes Fat Balls, Suet Bites and a strong selection of Ready to Feed options. Fat based foods are often associated with winter feeding for wild birds but they are a brilliant source of energy and loved by birds all year round. The Henry Bell range delivers depth of range and variety from our standard fat balls to our superior suet insect bites.

Available in a range of pack sizes and all packaging is 100% recyclable with no nets used on our products.

## Henry Bell FAT BALLS

Fat Balls are a staple feed and are easy to use and highly nutritious providing much needed energy for garden birds all year round.

Our Fat Balls contain quality ingredients and have been carefully developed to attract a wide variety of birds. Our fat balls are made from fat and a mix of seed and grain. All our raw ingredients are of the highest quality.

Suitable for use in Fat Ball feeders and on bird tables.

### FAT BALL COMPOSITON

Cereals, oils and fats, seeds, minerals.

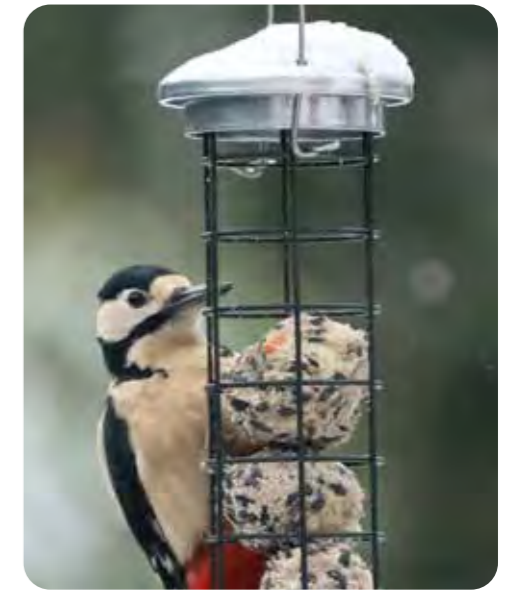

Recyclable

Fat Ball & Superior Fat Ball packaging is recyclable.

Grain is rich in fibre, protein and B Vitamins and contains Vitamin E, minerals and small amounts of unsaturated fatty acids. Both vitamins and nutrients are crucial in safeguarding the health and wellbeing of the birds.

Choose from the Standard or Superior Ranges. All our fat balls are free from any nets which can cause harm when feeding.

Henry Bell  
WILD BIRD CARE  
ACCESSORIES

## THE ESSENTIAL COLLECTION

The Essential Collection is a range of bird care accessories that are designed around wild bird wellbeing, enabling them to flourish in your outdoor environment.

The cool grey colouring across the range has been chosen specifically as a preferred colour for wild birds. There are design elements across all of the products that are specific to enhancing wild birds ease of feeding and wellbeing.

The range is ideal for both bird enthusiasts and for customers who are new to wild bird care. The Essential Range is colour coded to enable easy customer recognition and decision making. Each product comes with usage tips and hygiene requirements.

The range includes the Pre-Filled Feeders that can be simply unwrapped and hung. The Essential Feeder Range is a variety of feeders designed to enable wild birds to feed comfortably from a broad range of foods and for 2021, we have added the Essential Ground Feeder and the Essential Window Feeder. The Essential Water Drinker has proved to be very popular and is very easy to use and

keep refreshed so that wild birds have a plentiful source of fresh water. Fresh water is essential for wild bird wellbeing and providing them with a fresh supply of water can encourage wild birds into a garden.

The Essential Plus Feeders are 50% bigger than the Essential Feeder range and includes the highly distinctive Double Suet Cake Feeder.

From the Two Arm Feeding Station to the Four Arm Complete Feeding Station we have a feeding solution for all budgets and all outdoor spaces. The Four Arm Complete Feeding Station offers exceptional value for money and is the ideal starting point for customers who are just discovering the joy of feeding wild birds.

For 2021, we have introduced a range of Essential Squirrel Resistant Feeders that will assist in keeping squirrels from raiding the bird food. Distinctive in a contemporary design they are an attractive addition in any garden.

The Essential Range is stylish, cost competitive and is designed to enable wild bird wellbeing.

Easy opening lid for an easy refill

Hook for easy hanging in the garden

Designed to be waterproof and to stop rainwater spoiling the feed

Perches designed so that birds can feed facing forward, allowing 360 degrees of vision enabling them to feed in greater comfort, for longer, with a greater sense of safety and can use their peripheral vision to keep an eye out for predators

Designed to allow feed to slope down towards feeding ports to avoid old / stale feed collecting around the base

Foldable perches for easy display

Easy to open and clean

## Henry Bell WILD BIRD FEEDERS

Wild bird wellbeing is at the heart of everything we do, these feeders have had ring perches added to the design to make feeding easier and safer.

20cm high with an easy opening lid and a removable angled base the feeder is easy to use, clean and refill whilst being robust.

All labels are colour coded for easy feed selection. A water drinker that is easy to use and refresh has been included in the range to encourage the availability of clean water that is essential for wild bird wellbeing.

New for 2021, is the elegant and versatile Essential Ground Feeder, the perfect addition to the range for wild birds that prefer to feed from the ground. The Essential Window Feeder is the perfect accessory for an up-close experience of wild birds feeding. Ideal for more suburban environments and spaces where you don't have access to a garden.

## THE HEAVY DUTY COLLECTION

### The Heavy Duty Collection is designed to last.

Strong, rugged and striking with a black finish the collection makes a strong visual statement in any outdoor space and has been developed with a number of key benefits for wild birds.

The umbrella top protects the feed from the rain and a drainage solution in the base of the feeder assists with feed maintenance. The larger perch space around the base of the feeder not only allows for the collection and flow of feed debris but also offers wild birds more perch space.

The Heavy Duty Collection is a firm favourite with consumers and we are delighted to have extended the feeder range in 2021 with a Sunflower Heart Feeder and a Mealworm Feeder.

We have also introduced some key Wild Bird accessories with the sturdy and robust Shepherd's Crooks and a range of "S" hooks delivering quick and simple hanging solutions for bird feeders and our Ready to Feed range.

## Henry Bell HEAVY DUTY FEEDERS

The Henry Bell Heavy Duty Feeders are a strong and rugged feeding solution made of aluminium and finished in a striking black.

The feeders are easy to clean and refill with an all-in-one base that both offers more perch space and enables the collection of feed debris. The Seed Feeder and the Mealworm Feeder feature our bird friendly perch design.

The feeders also include a drainage solution in the feeder and a broad umbrella top to assist with the maintenance of the feed. Each product comes with usage tips and hygiene requirements.

## THE STERLING COLLECTION

The Sterling Collection is a striking silver range of bird care accessories that are not only designed to enable and enhance wild bird wellbeing but to also bring key style notes into the garden.

Leading the range are the Sterling Feeders for Seed, Fat Balls, Peanuts and Sunflower Hearts. Beautifully made and finished, these silver feeders are robust and long-lasting. The feeders feature the Henry Bell ring perch design that enables garden birds to feed in their natural facing forward position. This allows garden birds to look out with greater ease for predators; to feed for longer and in greater comfort. Other design benefits include angled bases to support the flow of seeds and lids that are simple to open making them easy to use, clean and refill.

Complementing the Sterling Feeder range is the innovative 3-in-1 Squirrel Proof Feeder where a Fat Ball, Seed and Peanut feeder are embraced by a decorative cage that will deter most tenacious squirrels.

The Sterling Grand Feeders range are a majestic 60cm tall and make a stunning silver statement in the garden and include all our garden bird wellbeing features.

Complementing the feeders are a selection of multi-purpose Shepherd's Crooks that deliver easy and effective hanging solutions.

**The Sterling Collection is enhanced with our magnificent Sterling Feeding Station. An elegant display of decorative leaves and hanging hooks, the feeding station stands over two metres tall and is beautifully made and very distinctive.**

## Henry Bell STERLING FEEDERS

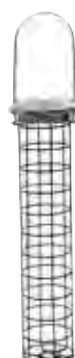

Our Sterling Collection Feeders are a stylish, premium quality range of feeders made of hardwearing aluminium. They are 32cm high with a simple to open lid and a removable base ensuring the feeders are easy to clean and refill.

## Henry Bell NEST BOXES

There are many wild birds that will use nest boxes in gardens including Robins, Blue Tits, Great Tits, House Sparrows and Wrens.

The Henry Bell range of Nest Boxes are all specifically designed to encourage different bird species. They are also designed to provide adequate insulation from the cold and extremes of weather, with good drainage and top opening to assist easy cleaning and securing locks to protect from predators.

Each nest box comes with recommendations about how best to use, clean and position the nest box.

**All of our Nest Boxes are made from FSC timber.**

## Henry Bell NEST BOX

The Henry Bell Nest Box is made from FSC timber and lightly stained to deliver a stylish, classy nest box at a compelling price point.

This nest box complies with all safety recommendations.

The entry hole is 32mm and will enable a wide variety of birds to nest. With silver fittings, drainage holes and a top opening feature this will add style to your garden whilst providing a suitable nesting environment.

### HENRY BELL NEST BOX

Code: H050007

Qty: 4

RRP: £6.99

## Henry Bell OPEN NEST BOX

The Henry Bell Open Nest Box is made from FSC timber and lightly stained to deliver a stylish, classy nest box at a compelling price point.

This nest box complies with all safety recommendations.

The open fronted version is preferred by Robins and other birds.

With silver fittings and drainage holes this will add style to your garden whilst providing a suitable nesting environment

### HENRY BELL OPEN NEST BOX

Code: H050008

Qty: 4

RRP: £6.99

## Henry Bell ELEGANCE SLOPING ROOF NEST BOX

With a contemporary sloping roof design to fit in any garden these beautiful nest boxes features a matte grey roof with white frame and a smooth stained wooden front.

The Henry Bell Elegance Nest Boxes with a sloping roof are available in two models: with a 28mm hole for the tit family or the open front version that is preferred by Robins and other birds.

The nest boxes comply with expert recommendations that include drainage holes, the required thickness of wood for insulation and predator plates. All fixings are finished in silver and the wood is FSC sourced.

## Henry Bell ELEGANCE NEST BOX

These beautiful nest boxes features a matte grey roof with white frame and a smooth stained wooden front.

The Henry Bell Elegance Nest Boxes are available in two models: with a 28mm hole for the tit family or the open front version that is preferred by Robins and other birds.

The nest boxes comply with expert recommendations that include drainage holes, the required thickness of wood for insulation and predator plates. All fixings are finished in silver and the wood is FSC sourced.

## Henry Bell BIRD TABLES

### THE LINCOLN BIRD TABLE

Code: H050015  
Qty: 1  
RRP: £49.99

A traditional bird table with a two-sided apex roof that offers great bird watching potential. The height from the floor to the highest point is 147cm. The width of the bird table around the outer edges is 25cm.

### THE NEWARK BIRD TABLE

Code: H050016  
Qty: 1  
RRP: £69.99

An elegant bird table that has a generously sized feeding area and will bring a touch of class to any garden. The height from the floor to the highest point is 156cm. The width of the bird table around the outer edges is 33cm.

Our Bird Tables are designed to be a welcome environment for birds to feed and to be an attractive addition to a garden. Our bird tables are suitable for year-round feeding. Robust and strong they will withstand the vagaries of the British weather.

All our bird tables are made from FSC®-certified timber.

They are designed with garden bird wellbeing at the forefront, offering your garden birds a covered environment in which to safely feed. The range is easy to assemble and are handcrafted from sustainable timber and come with How to Use tips. The Henry Bell Bird Tables have been named in celebration of our local heritage.

### THE BARROWBY BIRD TABLE

Code: H050013  
Qty: 1  
RRP: £79.99

A delightful hexagonal slate roof bird table with plenty of feeding space makes a stunning garden feature. The height from the floor to the highest point is 163cm. The width of the bird table around the outer edges is 39cm.

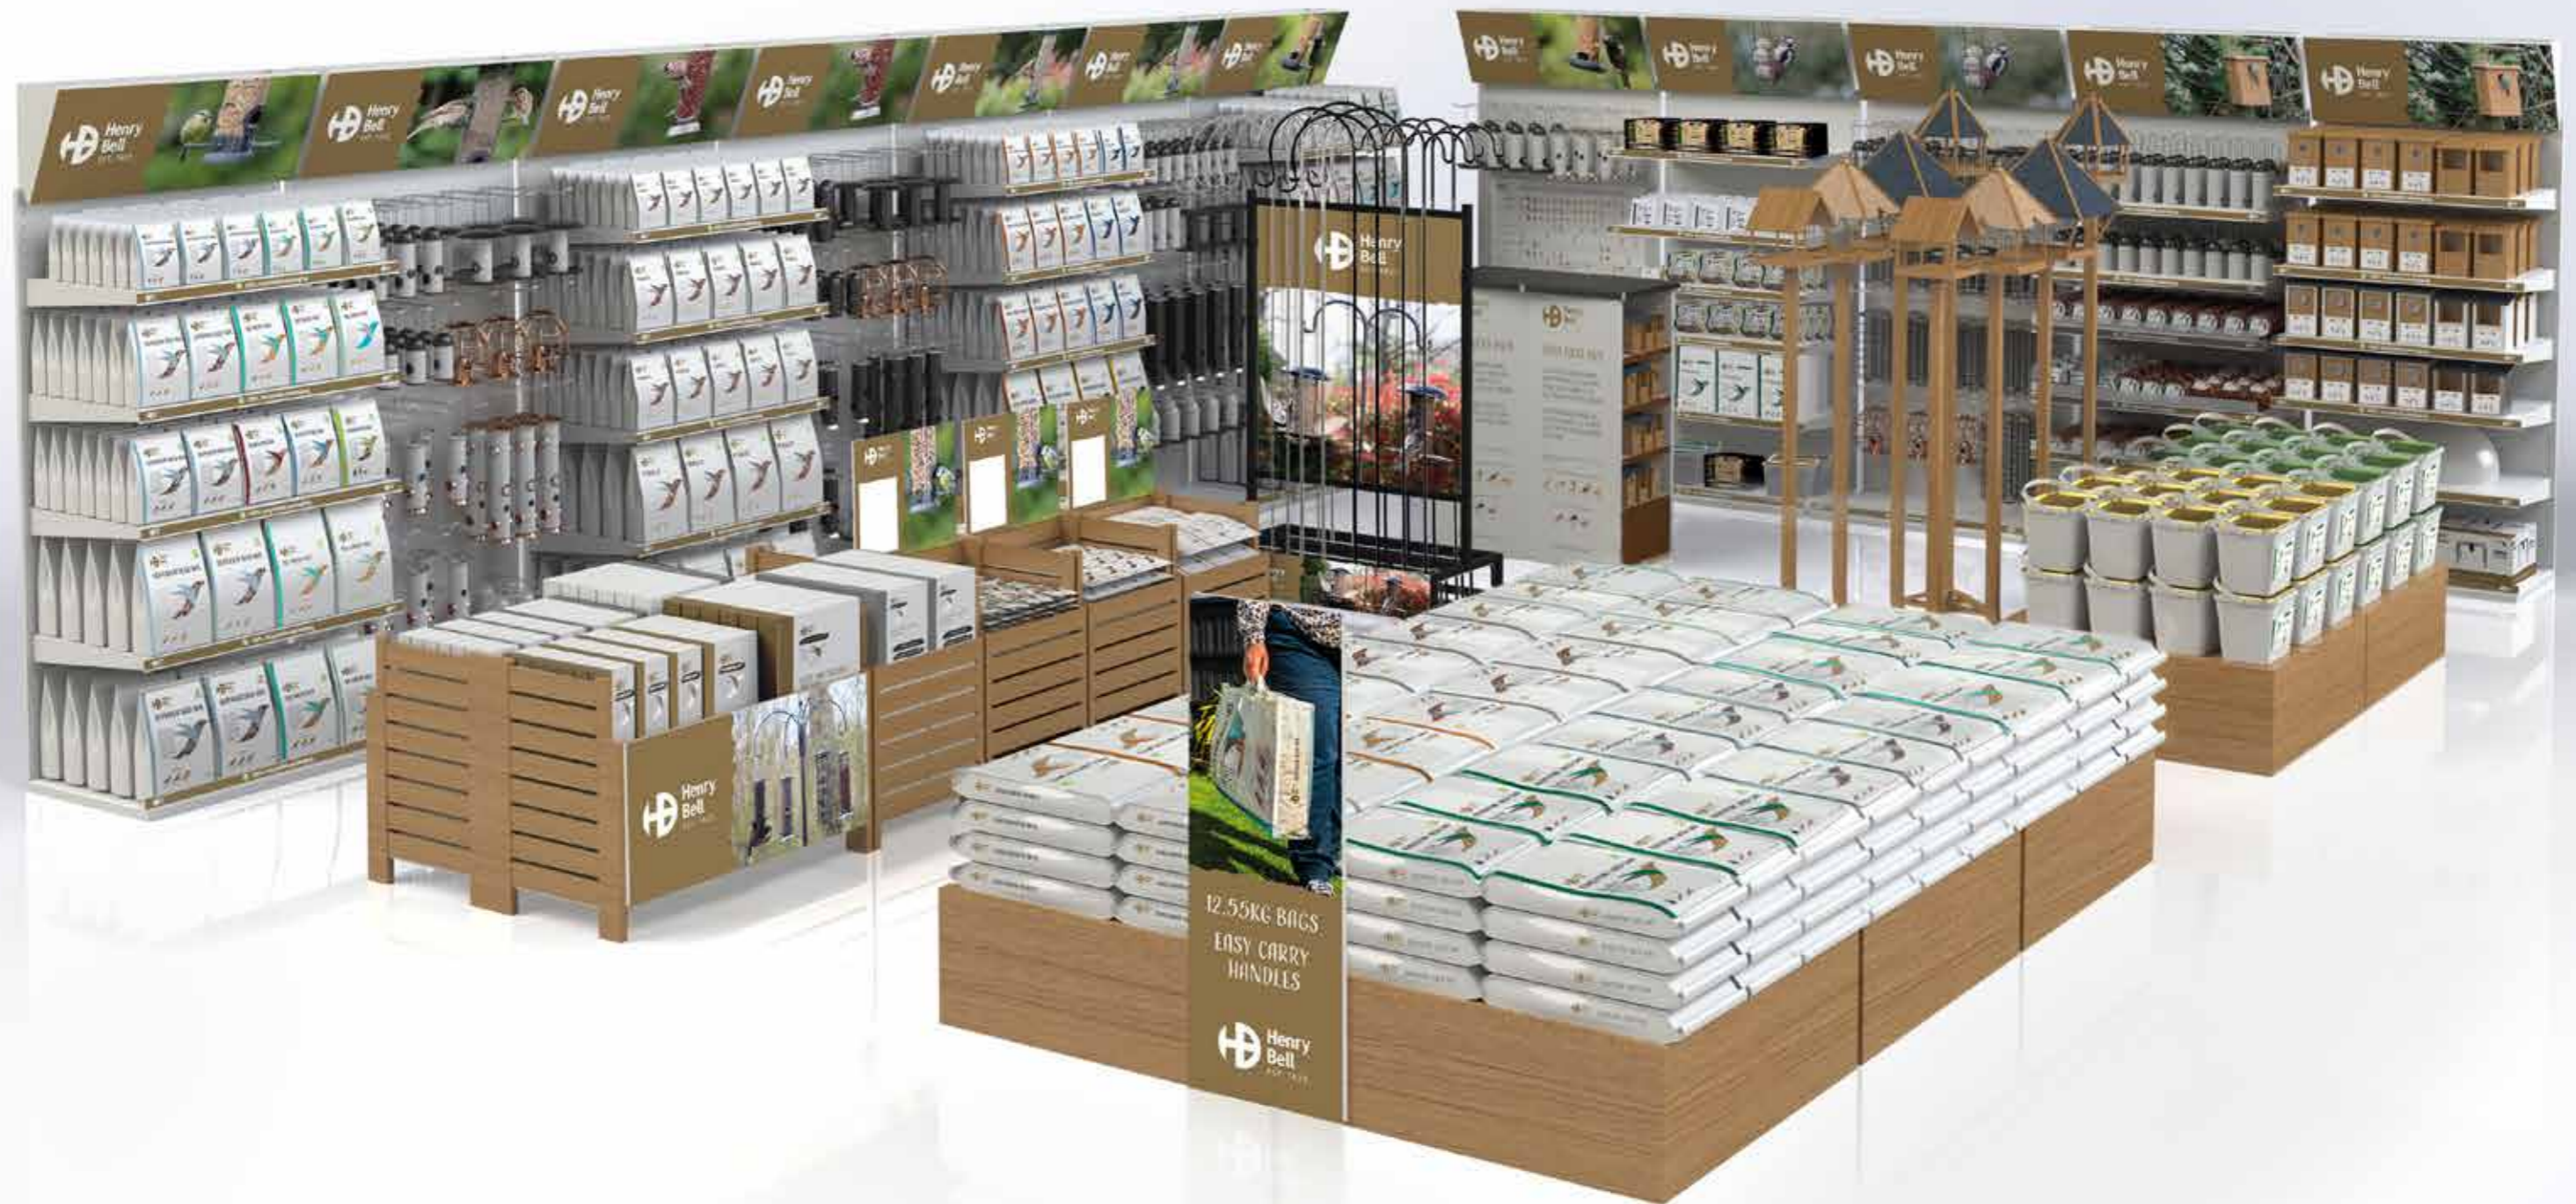

### THE GRANTHAM BIRD TABLE

Code: H050014  
Qty: 1  
RRP: £89.99

A stylish slate roofed bird table featuring an elegant finial with a comfortable feeding space that creates a lovely garden centrepiece. The height from the floor to the highest point is 164cm. The width of the bird table around the outer edges is 38cm.

## SHOP IN SHOP

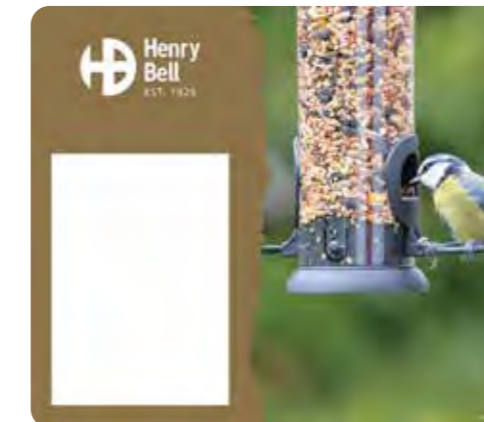

# POS SUITE

Henry Bell is home to a premium selection of Wild Bird Care Feeds and Accessories that all celebrate and encourage Wild Bird wellbeing.

Our point of sale displays are all focused on celebrating wild birds. Showing them off in all of their beauty and how our range of products are all created to enhance their wellbeing.

With clear image focused messaging, our POS encourages customers to purchase and expand their wild bird care. Our high impact, beautiful lifestyle creative also enables Garden Centres to adapt and add local messages and sales drivers.
