

# BioScapes®

Connecting Nature

## Create a garden rich in wildlife

NatureArk® and BioCube® are unique, patented products that provide a wide range of homes for plants and animals. They've been designed to help support nature's recovery, build a healthy ecosystem and make space to learn and be inspired by the natural world.

- Attracts more wildlife to any garden or landscape
- Contains multiple habitats
- Can be installed on any surface and location
- Can be tailored with additional habitats
- Can be ordered online and delivered to your home
- Easy to assemble
