

APAC bolsius

A bit about us...

Bolsius have been creating magical moments for you and future generations since 1870.

Our range is respectful to our heritage whilst maintaining an eye for detail, high quality products and our love for people and the planet.

Our pioneering collection creates sustainable candles without the use of palm oil, using natural extracts and plant based wax and a selection of oils such as olive, rapeseed and sunflower all sourced from Europe. We have a unique and diverse range from tealights to pillar candles and everything in between.

Each and every one of our products has been made to the highest quality standards, without harming the planet. This means we can keep bringing the magic of nature into your homes with light and scent, with our luxury, sustainable candle collection.
