

Qingdao Reayon New Materials Co., Ltd.

As a trustworthy supplier, **Reayon** started with woven and non woven fabrics, and shade nettings. Now we are expanding to more geotextiles and multi-purpose products. **Reayon** would provide superior products and smart solutions to civil, governmental and commercial projects. We have always been working on improving the quality and performance of our products, cutting the customer's cost, using eco-friendly materials, saving the installation time and extending the product's service life.
