THE SOUTH AFRICAN BIG 5

South Africa is known for its' Big Five animals. With our South African roots and over 70 years of 'braai experience', we proudly introduce our own Big Five!

THE CADAC BIG 5

The **Easy Clean System** ensures you can spend less time cleaning and more time cooking! Most barbecues in the range benefit from a removable fat pan, tray or cup, so you can simply lift it out and pour away any grease that has collected. The ceramic modular cooking tops can be cleaned with ease; simply wipe down with warm soapy water or pop straight into the dishwasher!

EASY CLEAN

EASY ASSEMBLY

MODULAR

GREENGRILL

THERMOGRILL

CADAC barbecues can be built in minutes, thanks to their cleverly engineered design. Assembly is quick and simple and all components on our portable barbecues pack down neatly into convenient carry bags for ease of portability and storage.

One barbecue, endless possibilities! The **CADAC** range of easily interchangeable modular surfaces includes pizza stones, roasting pans, plancha tops and more. From grilling to baking and slow cooking to broiling, the **CADAC Modular System** breaks the boundaries of conventional outdoor cooking.

The **GreenGrill** ceramic coating is organic, environmentally friendly, PFOA free and non-toxic. **GreenGrill** ceramic is harder wearing and more scratch resistant than traditional non-stick coatings. Ceramic distributes and retains heat better resulting in a lower gas consumption. All with little compromise to its' ease of cleaning.

All circular **CADAC** grill tops have an integrated heat deflector, delivering even heat distribution across the grill surface. The rectangular **Thermogrills** trap and distribute heat evenly across the grill surface. Rapid heat up times and responsive temperature control improves the cooking experience and reduces gas consumption by approximately 34%.

€ BRAAI

THE €ASIEST WAY TO AUTHENTIC BBQ FLAVOUR

Designed for modern living, the **E Braai** range has everything you need to cook the very best authentic BBQ feasts, including smart technology to guarantee the best taste and sear.

Pre-set the cooking temperature with an innovative auto-temperature control function, while the digital LED accurately displays the cooking temperature thanks to a sensitive probe that sits directly underneath the grill. The range is ideal for apartments, balconies, patios or terraces, especially where fire restrictions limit the use and storage of gas barbecues.

FEATURES

- 1 Dome Lid** - With thermometer and stay-cool handle. Lid with four vents sits neatly on the back of the BBQ to act as a wind protector.
- 2 Easy Wash & Clean System** - The removable fat pan lifts out for easy cleaning of both the pan and the tempered glass ring that protects the electric coil from cooking juices and fats.
- 3 Electric 2.3 KW Heat Coil** - Highly efficient, wind resistant coil delivers rapid heat up to 200°C in four minutes.
- 4 Auto Grill Temperature** - Set the precise cooking temperature using the LED display.
- 5 Convenient Storage** - A handy bag to fit the complete **E Braai** in when not in use is included.
- 6 Mains Electricity** - Simply plug in and you're ready to start cooking!

GRILLO CHEF 40

INSPIRE THE CHEF IN YOU.

Easy to assemble, use, clean and stow; the **Grillo Chef 40** is the perfect barbecue for a spontaneous getaway. This mid-sized, lightweight barbecue range comes complete with a push button piezo ignition and finely adjustable temperature control to deliver perfect results on the grill every time. The **Grillo Chef 40** is robust, compact and portable; perfect for barbecuing meat, fish or vegetables.

FEATURES

- 1 **Dome Lid** - With thermometer and stay-cool handle. The lid with six vents sits neatly on the back of the barbecue, acting as a wind protector.
- 2 **Ceramic GreenGrill BBQ Grill Top** - With underside flame deflector delivers rapid heat up times and even heat distribution. **CADAC** have incorporated modularity into the Grillo Chef 40, broadening your cooking options once again; create a paella, grill, barbecue, bake or roast with confidence - swapping surfaces couldn't be easier!
- 3 **Removable Pot Stand** - Extend cooking options even further using your own kettles, pots and pans.
- 4 **Removable Fat Pan** - Fat and juices collect in the trough of the fat pan safely, preventing any grease fires. Simply lift out to clean. *Top Tip: Add some water to the trough to make cleaning even easier.*
- 5 **Push Button Piezo Ignition** - Plus control knob with adjustable temperature control.
- 6 **Tripod Legs** - Ensuring a stable BBQ, safe cooking made easy.

MERIDIAN BUILT-IN

THE PINNACLE OF ANY OUTDOOR KITCHEN.

Complete your outdoor kitchen with the **CADAC Meridian Built-In Range**. Perfect for a contemporary garden, this stylish range of 3 and 4 burner barbecues is pre-assembled and offers the **Easy Wash & Clean System**, multiple **Modularity**, and **Thermogrill Technology**.

The sleek stainless steel **Meridian Built-In** unit requires no assembly and the fat tray simply pulls out from the front. Fire up the grills and enjoy alfresco cooking in the outdoor oasis you’ve always dreamed about.

FEATURES

- 1 **Easy Manoeuvre** - Side grips allow for easy lifting and moving of the complete unit at any time. Excellent for dry winter storage. Side panels are cool to touch.
- 2 **Sit Flush Technology** - The stainless steel, double skinned lid with thermometer sits flush at the back of the BBQ when open and in place.
- 3 **Easy-Clean Thermogrills** - Offering even heat distribution and responsive temperature control.
- 4 **Three and Four Burner** - Available as a three or four burner unit, each with automatic piezo ignition and finely adjustable gas control.
- 5 **Removable Fat Tray** - True to Cadac’s **Easy Clean** promise, the stainless steel fat tray catches all fat and grease. Simply pull out from the front to wipe clean.

POWER PAK SUPPLY

The **CADAC Trio Power Pak, Dual Power Pak and Threaded Cartridge Regulator** supply replace the need to have a bulky gas cylinder and regulator. A lightweight, portable and easy option for on-the-go grilling, the regulator and hose are included. Once you fit the disposable cartridge/s to the **Power Pak** or **Threaded Cartridge Regulator**, the supply (at 28mbar) is connected ready to be used on the barbecue.

The universal fitting on the end of the hose is a ¼” BSP left hand thread, so the **Dual Power Pak, Trio Power Pak and Threaded Cartridge Regulator** can be used with any brand of camping stove or barbecue.

WHY CADAC REGULATORS?

To maximise safety, all Cadac cylinder regulators are factory fitted with crimped 85cm hose and QR fittings. The added safety feature **Excess Flow Valve (EFV)** comes as standard. EFV is an automatic hose safety feature that cuts off 90% of gas flow if the hose is compromised. The QR fitting acts to stop gas flow if the joint is disconnected from the BBQ.

Quality Cadac regulators all with additional safety features as standard.
