stagecraft.

The Garden Centre Retail Display Specialists

Stagecraft has been at the forefront of the design, manufacture and installation of Garden Centre retail display for over 30 years.

Stagecraft has gone on to develop into the much wider retail sector working with large businesses such as Waitrose, John Lewis and Next whilst retaining our position as market leaders in the supply of garden centre retail displays.

As the business has grown so too has its experience, skills and capacity. The company now additionally offer their expert manufacturing services for timber frame panel production for housing, as well as CNC cutting services to a variety of business sectors and private individuals, catering for both large and small scale runs.
