Elegant Plant Supports

Gardening is a labour of love and passionate gardeners know that supporting their climbing or top-heavy plants is the key to success. To accentuate greenery and flowering plants, these Modern Farmhouse-styled plant supports take it to the next level. With beautiful copper-plated ball tops and a thick, matte black texture powder-coated finish, it is easy for plants to grab without sliding down. It's a gardening investment that serious gardeners will proudly make to showcase their prize plantings.

Featuring copper plated accent balls & rugged, yet simple grid design, with a thick textured powder coated finish.

(73.6cm D with workspace shelf)

47in. W x 21in. D x 36in. H
(29in. D with workspace shelf)

81485 | 1 per case

- Includes soil liner
- **Retractable workspace** & lower storage shelf
- **Locking wheels** provide flexibility to move planter to sunny locations.

No Rust Aluminium Frame

Why Is Eucalyptus Sustainable?

Eucalyptus is an extremely sustainable and renewable resource. Eucalyptus is a plantation-grown hardwood that is sustainably harvested and in plentiful supply. Some plantations can produce up to 30 times more volume per year than average carpentry wood bearing trees.

This high-quality, kiln-dried timber is incredibly solid with great durability and strength and has beautiful grain and a smooth finish that requires minimal maintenance. Eucalyptus is extremely dense, rot and decay-resistant with a high oil content that repels water and moisture making it ideal for outdoor furniture and planters. It also weathers to a soft grey if left untreated, however, it can be stained to maintain it's rich tones.

ELEVATED RAISED BED KIT WITH ALUMINUM FRAME

Deluxe Cedar

Elevated Planter with Trellis
Includes liner and casters

AQUA STONES™ TERRARIUM FILLERS

Decorative terrarium filler, or use as soil substitute as hydroponic growing medium.

Porous structure promotes root growth

Water Absorbing Rocks for Terrariums & Planters

Introducing an attractive, new no-soil alternative – Aqua Stones™. A natural, versatile plant substrate that adds colour and vitality to plants both indoors and out. Perfect for terrariums or hydroponic planting, Aqua Stones can be used to plant directly into, layered over, or between potting soil. Not only does it hold moisture in the pot, but it keeps plants watered and looking fresh longer.

11.75cm dia. x 15.2cm H Jars / 4.6 in. dia. x 6 in.H Jars
