Protecting the Environment

At Woodmansterne, we are committed to using sustainable materials and practices wherever possible. As a third-generation family business, we understand the importance of protecting our environment and safeguarding it for the future.

All our cards are printed by us in Croxley, Hertfordshire.

We print using vegetable inks on paper from FSC sustainable forests.

Our envelopes are made from 100% recycled post-consumer waste.

UK manufacturing and distribution keeps our carbon footprint low.

We pack our cards with a paper Smart Seal that saves up to half a million pieces of throw away plastic being sent to landfill every week.

As of December 2020, we have removed all glitter from our products.

Emma Bridgewater

This cover design
