

Solmate
SOCKS

2022

crafted with creativity and care.

Our designers dream up the most beautiful colour combinations, helping us craft unique styles that come to life with every step you take. Motivated by a vision that our high-quality products should not only look good, but also do good, each item we knit utilizes the most perfectly-curated colour palette of recycled yarns and eco-friendly materials. The magic that happens behind the scenes is truly incredible, from the colourful hand-designed styles to the carefully crafted knitting techniques.

Every collection we produce is a reflection of who we are and what we love. And nothing gives us greater joy than to share this colourful gift with you. There is beauty to be found in all our unique products, capturing the wonder and emotion that a beautiful array of colours can evoke and crafting what some may even call wearable art.

we love recycled yarns

Textile manufacturing produces 10% of the world's CO2 and 100 million tons of trash each year. Thus we pride ourselves on using recycled fibres in every product we produce, having a zero-waste policy when it comes to production and making sure those practices cross over to our office life.

Every pair of socks we make saves:

162
GALLONS
OF WATER

1.12
POUNDS OF
CO2 EMISSIONS

1.32
SQUARE FEET
OF LANDFILLS

*Sustainable manufacturing isn't
just what we do - it's who we are.*

All across the globe, we've seen a rise in ethical consumerism. People are asking more questions about the products that they buy: Where is it made? What is it made from? Is it produced in a sustainable and ethical way?

Knowing that fashion and sustainability go hand-in-hand, we understand that every action we take today has an impact on tomorrow. This is why we are committed to using sustainably-sourced, eco-friendly fibres in every product we make, allowing you to embrace your individuality without compromising your earth-friendly principles.

As a Certified B Corporation, we are proud to be part of a global movement of businesses working together for a positive change. We're leading the innovation required to deliver on the highest standards of performance and our promise to protect the planet.

Adult Trainer Socks

The perfect, full-coverage, barely-seen sock. Hitting right above the heel, these uber cosy socks were strategically designed to conform to your feet without sacrificing style, comfort, or secrecy.

Inventory

Like many other artists and makers, we had multiple supply chain issues in 2021. We are elated to share that our inventory levels are recovering and we anticipate ordering to be much easier this year. We still encourage early ordering to ensure inventory is reserved for your store.
