

Soulet

FUN SINCE 1846

PORTFOLIO 2023

Here at Soulet, we design and manufacture outdoor play equipment.

The brand was first established as a ropeworks in the Vendée region in western France back in 1846.
For three generations, Charles, Octave and René Soulet, all of them rope-making journeymen,
devoted their knowhow, creativity and experience to the brand with the frog logo.

Over time, activities at the ropeworks gradually developed until it began specialising in outdoor play equipment for children.

Soulet joined the Forest-Style Group in 2017.

With products designed and developed in France, Soulet places children and their parents at the heart of its approach.
Our goal is to demonstrate continual innovation, modernity and commitment
to ensure that children get the most from garden play.

TRAMPOLINES

with safety nets

by  Soulet

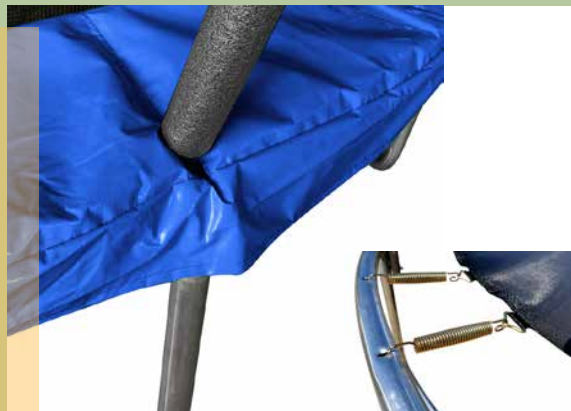

FOR ALL TYPES OF GARDEN

We offer different sizes of trampoline, allowing parents to find the right design to suit the size of their garden.

GALVANISED STEEL

For long-term product durability, the steel tubes are galvanised inside and out. Springs and net poles are covered in protective foam.

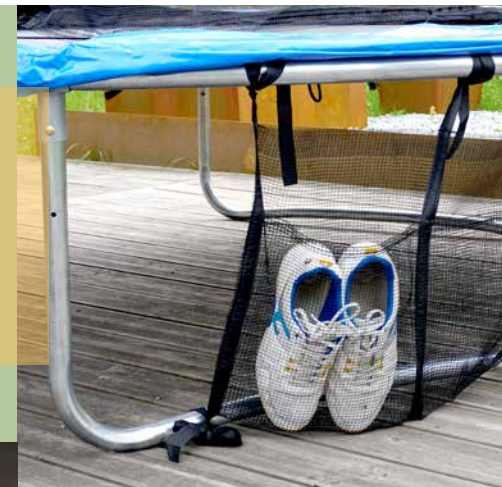

ACCESS LADDER Included

Easy access: all our trampolines are supplied with a metal ladder which is very easy to fit and remove.

SHOE NET Included

All our trampolines feature a handy net for shoes or emptying pockets before bouncing.

ANCHOR KIT Included

A kit for anchoring the trampoline to the ground is included. An essential accessory for ensuring optimal stability when in use and securing the trampoline against high winds.

COVER Included

The protective cover slips on easily, once the safety net has been removed.
