easy2grow kit (above) can be extended to grow up to six plants

easy2grow extension kit

Trusted by our closest friends, esteemed hobby growers, and national champions alike, the **infinitely extendable** easy2grow irrigates and feeds **power-free** to produce superlative fruit, vegetables and flowers. Like all AutoPot Watering Systems, easy2grow is **gravity fed** and requires **no electricity** whatsoever. This allows it to be used with ease in the **greenhouse**, in the **garden** and on **patios**, or **balconies**.

4Pot (above left) can easily be extended to a 6Pot setup using 1Pot Extension modules (above right)

The 4Pot System combines **ease of use** and **minimal labour** with the capacity to grow exquisite, fruitful, and even prizewinning plants. This **fully-automated, power-free, gravity-fed** system takes the hassle and strain out of watering, allowing you to try new techniques and hone your horticultural skills. With **no need for electricity, pumps or timers** you're free from the constraints of a power source. This makes the 4Pot System wonderfully **flexible** and gives you the option to **arrange or move pots virtually at will**.

Garden centre gondola end available on request

garden trays

Turn **any garden tray** into an **AutoPot System!** Assembled in minutes and containing all the fittings required to connect to your reservoir, the **easy2GO Kit** keeps plants **automatically irrigated and fed - power-free**. Placed directly onto your tray along with your potted plants, easy2GO **distributes water** from below. Only when the water in the tray is used up does easy2GO admit a fresh supply, making it an **ideal solution to holiday watering**.
