## HOME & GARDEN GIFTS 2022

# Welcome to our 2022 gift catalogue.

With life continuing to feel unsettled, gardening – both indoor and outdoor – remains hugely popular. The focus on wellbeing and the popularity of staycations has meant that people are enjoying growing like never before, and they're keen to treat themselves and their loved ones to a little something to help them do it in style.

Among this year's new launches, we have on-trend new additions to our much-loved indoor gardening collection. You'll find new pot designs, new colours for the top-selling indoor watering can, and new misters, bringing a much sought-after essential accessory to the range.

We've redesigned our top-selling Kneelo® range of garden kneelers and knee pads, now with 30% more foam. We're confident they're some of the most comfortable kneelers you can buy.

And we've extended our collaboration with the National Trust, Europe's largest conservation charity, adding gloves and a kneeler in a chic contemporary pattern to expand the range's gifting choices.

**Thank you for picking up our gift catalogue.
