HOME AND GARDEN GIFTS

ABOUT US

With a passion for gardening and a love of the outdoors, when not working, we are usually either outside digging in the garden or walking our labrador Evie in the beautiful Devon countryside that we have made our home. Both our children are now grown up, and about 4 years ago we found time on our hands to plan 'what next?'.

Utilising our business experience working for large corporates for over twenty-five years, we decided to create a multi-brand gift-oriented home and garden products company that offered innovative new designs for practical and utilitarian products – affording something different for people that enjoyed a similar lifestyle and ethos, or that were perhaps looking for an unusual and competitively priced gift for friends and loved ones. We were determined to design and manufacture all of our own products in an ethical and sustainable way – and not buy *'off the shelf'*!

Another reason for establishing Jardinopia was to create a vehicle through which we could actively support worthy causes close to our hearts. We therefore donate a portion of our profits (dependent on the brand) to causes that are important to us. Our main aim for the 'Potty Feet' brand is to help impoverished communities to *'get back on their feet'*. For 'Cane Companions' it is to *'help restore vision in the poorest communities'*. 'Pot Buddies' will support animal charities. We are hoping to support Childrens charities with our Beatrix Potter Range.

Over the next few years we will be launching many new additional brands of home and garden gift related products for both adults and children – all designed and produced by us - and we will be diversifying our good cause donations to reflect these.

To commence the journey, we developed and custom-designed a range of plant pot feet under the company brand 'Potty Feet', which we think appropriately reflected our quirky but useful product. Our now multi award-winning Potty Feet come beautifully presented in 100% recycled craft card packaging, and make ideal gifts all year round and for any occasion. We then launched our sister brands 'Cane Companions' (award winning); Feeder Friends (award winning) and Pot Buddies - and we sell to both trade and direct to consumers. In 2022 we will be launching our Garden Wear and Tool Range, as well as Eco-Pots and Diffuser Décor. We try to source, package and protect our environment in a responsible and sustainable way at all times. Please take a look at our current designs and brands, and keep an eye out for constant new arrivals!

THE BEATRIX POTTER COLLECTION

Jardinopia are delighted to be able to offer their globally licensed Beatrix Potter Peter Rabbit collection of award-winning Home and Garden Products. Our new Garden Wear and Tools Range due for launch in February 2022 - for both adults and children - comes on the back of the huge demand we have seen for our Beatrix Potter Pot Accessory Ranges. We have utilized the very best materials, including 100% sustainably sourced cotton, FSC approved engraved ash tool handles, copper plated metalwork and designs which we think are both timeless and current.

A high quality timber FSDU is available Free of Charge for first Orders over £1500 Ex VAT, or chargeable at £200 EX VAT.

JARDINOPIA POT ACCESSORIES RANGE

To commence the journey with Beatrix Potter, in early 2019 we developed and custom-designed a range of plant pot feet under the company brand 'Potty Feet', which we think appropriately reflected our quirky but useful product, and the individual characters. Our now multi award-winning Potty Feet come beautifully presented in 100% recycled craft card packaging, and make ideal gifts all year round and for any occasion.

We then launched our sister brands 'Cane Companions' (award winning); Feeder Friends (award winning) and Pot Buddies in 2021 - We try to source, package and protect our environment in a responsible and sustainable way at all times.

Our Pot Accessories are made from a unique formula of crushed stone and poly-resin, making them frost proof and suitable for indoors or outside use all year around. Potty Feet are designed to take any weight of pot.
