Our Story

Born out of the belief that learning comes with Play, PepPlay started its journey to keep children engaged creatively & independently by bringing the best quality premium art experience products. We manufacture eco-friendly yet cost-effective products that meet the strictest of international toy standards. We have a team with 15+ years of experienced professionals and talented in-house designers striving to bring innovation to each product.

Spread over an area of 4000 Sq mtrs, with state-of-the-art, latest machines; we focus on green and sustainable manufacturing. With low MOQs and competitive pricing, we aim to offer a unique value proposition to retailers.

We believe in conserving nature and its valuable resources. We employ practices that reduce energy consumption, minimize packaging, and process wastewater to lessen its environmental impact. All our products also exceed global safety standards as we manufacture them in ethical, sustainable, and safe working conditions, free of lead, phthalates, and flame retardants. We have installed a 120kw On-Grid Solar Photovoltaic (PV) Rooftop Power Plant in our factory.

PepPlay's "Save our Planet" Paper bags are an effort to make children aware, through an activity, about various ways to save our planet through daily chores.

a *PepPlay* pledge

KABOOM

My First Educational Set

This premium learning set is made of high-quality reusable polymer sheets. Its front makes a very educative experience for the child as it promotes pencil tracing & colouring which preschools highly recommend. At the same time, the plain white backside serves as a blank canvas for a child's creativity to develop and portray itself.

Parents Love Us!

Rahela Tayyebi | BLW, CD, EC, Lactation | Mother of 2 Boys

"These placemats have been our everyday routine ever since we got them, has helped in my child's behavior too!"

Keerthana | Blogger | Homeschooling Mom

"The kit looks simple but it offers good challenges to the kids. Each card offers a different challenge, be it the pattern or thickness of dough needed for each pattern."

Monika Saha | Blogger | Mother of 4 year old

"Easy to carry during travel and while dining out too! Also, I love how pretty & vibrant the sheets look upon coloring!"

Quality

We take pride in delivering the best quality, design & customer service. Our Products are Eco-friendly and meet the strictest of international quality standards for kids.

Sustainability is the core value of our company. We always aim to develop premium quality products with the environment in mind. We focus more on reusable toys and have a series of reusable products.

All our products are non-toxic and confirm to:
CE, EN71 & ASTM standards.
