Baby and Soft Toy Collections

for

## HYPOALLERGENIC

Expecting parents & parents of infants are cognisant of allergy protection & actively seek products that are gentle on their child's skin. Children aged 0-4 years experience skin allergies in greater instances than any other group. Hypoallergenic products help lower the instances of allergic reactions & skin-based irritation.

**HYPOALLERGENIC & NON-TOXIC**

**EFFECTIVE EVEN AFTER MULTIPLE MACHINE WASHES**

## ANTIBACTERIAL

Parents are seeking products that help keep their family safe. Consumer sentiments have shifted towards hygiene, safety & health. Nielsen research has shown that claims focused on killing germs & health protection carry great significance for consumers. Toys brought outside the home have been proven as a source of virus transmission.

### KILLS 99% OF GERMS & ANTIBACTERIAL

Proven to effectively destroy bacteria, mould & fungi—tested against the common bacteria stains, Staphylococcus Aureus & Klebsiella Pneumoniae

**ODOUR RESISTANT & STAIN RESISTANT**
