

Rouchette

FAIRE DE CHAQUE ÉVOLUTION UNE **R**ÉVOLUTION.

In each of its pairs, Rouchette puts its universal values at your feet.

Behind this expression, Rouchette wishes to convey values that go beyond the comfort of use, or the aestheticism inspired of the air of the time, of their footwear products.

To be well fitted means for us...

- Believing in the power of innovation and creation to make change happen.
- Opt for products that are committed to being the most respectful possible, and which keep their commitments.
- Knowing that women and men, partners of the brand Rouchette, share the same values of equity, sincerity, fairness, quality and fair price and have helped shaping the products.
- Knowing that everyone can be found in Rouchette products, without exception, without exclusion.
- Giving meaning to one's purchases by choosing a brand that defends indeed, many causes.
- Choose a brand that wants to do things right.

Responsible brand, Rouchette has its feet on the ground (that it wants to preserve) and head in the stars of innovation.

OUR COMMITMENT

To find a sustainable, ecological and educational solution to rebalance our ecological footprint, while trying to raise community awareness about deforestation.

With Reforest'Action, we are committed to planting a maximum number of trees per year in areas affected by deforestation.

Planting trees is a simple way to promote biodiversity and the economy in a sustainable way.
