Ribbed body - for extra strength and rigidity.

Handle designed for all hand sizes, including heavy duty gloves. They're also spot welded and connected at the back by rivets, it's unbreakable!

Rolled Edges with a wire rod for reinforcement for durability. No sharp edges! Smooth surface to brush dirt into the pan.

'Stand up' feature means that the dirt you collect stays in the pan. Easily stacked design - minimising shop floor space.

Hagerty

SINCE 1895

After having created the first Silver Polish with tarnish preventive, William J. Hagerty founded Hagerty in 1895 in South Bend, USA. Neighbours and friends were his first clients, then mail orders started coming. Today, with over 125 years of expertise, Hagerty is based in Switzerland and is present in over 70 countries.
