## INTRODUCTION

Be:Loved is a wellness & lifestyle range of natural products for pets & their parents. Ideal as gifts, our products are hand poured using the finest quality ingredients.

Be:Loved was inspired by an old farming family heirloom, a recipe book full of trusted farmhouse remedies. Carina's family created cures for their stock using nothing but the hedgerows and nature's harvest.

## ABOUT US

We tried, tested and re-imagined these recipes. Each is hand blended with care and is suitable for our furry friends. Using, where possible, almost entirely natural ingredients, we've created a luxurious, affordable and effective range of wellness & lifestyle, care & grooming products.

# PET SHAMPOO BARS

This shampoo bar gives a glossy coat with a reassuringly clean scent. Antibacterial tea-tree oil helps to keep your dog's coat free from bacteria and smelling fresh.

Deeply conditioning & moisturising goats milk is combined with calming scents of lavender to ensure your pet's skin retains moisture at bath time.

Perfect for dogs with problem skin, as it soothes and calms flare-ups with a blend of naturally calming ingredients, including camomile & vegan hemp. Whether it's dandruff, eczema or rosacea, this will alleviate symptoms.

Fend off bugs with this exfoliating & moisturising shampoo bar. Our natural formula repels insects and is kinder on your pet's skin than other harsh soaps and shampoos.

Our luxury pet shampoo bars are infused with essential oils & botanicals for a gorgeous, silky coat.

The best way to use the Be:Loved Shampoo bars is to rub it into your pet's coat to work up a lather and rinse as you would any other shampoo.

# SPRAYS

SP1

**BE:FRESH**  
**UNIT PRICE: £8.41**  
**RRP: £19.99**

Our home and kennel spray eliminates odours, cleans, kills germs and contains active probiotics that get to work again if re-soiling occurs.

Regular use creates a positive microclimate in the house, where mites and other allergenic agents cannot survive, promoting an ongoing healthy space for your pet and all other household loved ones.

SP2

Our versatile pet spray helps to fight the battle against flea and ticks naturally, whilst also soothing dog's skin during treatments, and providing a lovely scent to mask the odours of stronger products.

Deterring bugs from your home and pet, so that they are ready to enjoy the outside with peace of mind.

Deeply cleanse and beautify your pet with our wet shampoo.

This shampoo formula uses ingredients of Aloe Vera Extract and Glycerine to protect, detangle, condition and moisturise. The results are a glossy coat and a beautifully clean scent, to help pets feel perfectly pampered.

# CUSTOMER REVIEWS

**Frances Harris,  
Amazon Customer**

Nice smelling of lavender and very easy to use, as I have quite a large dog. It lathers up well and feels like bath time is a lot quicker using this. Coat has dried out well and is nice and soft.

**Miss K Elkhoumani,  
Amazon Customer**

Was really excited to get this product. Smells absolutely amazing and I've used it on myself so far for some insect bites I've got, and it really does help with the itching! Love this product.

**Rose-Marie Dawson,  
Amazon Customer**

My pup loves this shampoo. The smell is very clean, his coat is gleaming and the bites have healed up. I can't recommend enough!

**Charlotte Bainbridge,  
Amazon Customer**

My little white fur baby loves the sun, naturally, but her ears were scabbing. Vet recommend sun screen. I wasn't going to put products with zinc oxide on her as it's toxic, so it was tough but I found a safe option for her! This product! Within weeks her ears stopped scabbing and she could enjoy the sun!

**Lorraine Barnes,  
Amazon Customer**

Fantastic product. My dog has allergy issues and I cannot use any sprays or air fresheners, but this is the only spray I've found to be suitable!

# & DISPLAY IDEAS

Our outer packaging can be rotated so that the patterns are showing to help them stand out on the shelf.

Be: Loved is an all natural range, so try to make your display look as natural as possible. Try Using wooden boxes and hay to bring the outdoors inside!

The brand ethos is less packaging and fewer plastics, where possible we try to achieve this. Try to avoid any plastic displays. 🌿
