- 6 **Garden Furniture Restoration Kit**
- 7 **Garden Furniture Restoration Kit FSDU**
- 8 / 9 **Exterior Wood Stain**
- 10 **Green Growth Remover**
- 11 **Customer Results**

Decking Cleaner

Quick-acting, advanced formula Decking Cleaner that cleans and revives weathered timber decking.

- 5 Litres
- Removes dirt, grease, and green staining from decking
- Kills algae, lichen, moss, and mould with no scrubbing required
- Prepares decking prior to treatment
- Restores the original decking colour
- Fast and easy to use

Our dual action, advanced formula Decking Cleaner provides highly effective results for cleaning and reviving decking, sheds, and fences. It cleans and revives the wood, restoring it to its original colour. It can be used to maintain decking, or prior to applying our Decking Oil or Decking Stain.

QUICK STATS

Drying Time: 10 minutes / Coverage: 25m² per 5 litre bottle / Maintenance: Once a year / Application: Pour over decking / Suitability: Safe for all types of wood and decking

Clear Decking Oil

Superior quality Clear Decking Oil that deeply penetrates all types of wooden decking to enhance, nourish and protect.

- Advanced weather protection
- Enhances the natural beauty of decking
- Protects against wear & tear
- Reduces fading and sun damage
- Showerproof in two hours
- Clear oil for a natural finish

Our Clear Decking Oil will protect the wood and enhance the natural colour and grain. Once dry, the tough finish will repel water and help to prevent the growth of mould. It's great for hardwood decking such as teak, iroko, oak and Siberian larch, and can also be used on all other types of wood.

QUICK STATS

Drying Time: 4-6 hours / Coverage: 25m² per 5 litre tin / Coats: 2 coats to bare wood / Re-coat time: Once previous has dried / Maintenance: Once a year / Application: Brush or applicator pad / Suitability: All types of wood and decking

You can see that the Clear Decking Oil slightly darkens the decking, bringing out the grain and natural beauty of the wood. Unlike a stain, our Clear Decking Oil enhances the wood, showing off what is best about a high quality deck.

Our range of cleaners and oils for teak and all other exterior woods can be used to clean and restore garden furniture and other items of wood used outdoors.

Teak Cleaner

Our Teak Cleaner is a concentrated wood cleaner (dilutes to make 3 litres), that will remove all dirt, grime and will start to restore the original colour to exterior wood (reversing the greying process).

Teak Brightener

Our Teak Brightener is to be used after the Teak Cleaner. It will help to remove any dark staining on wood and brings out the original colour of the wood.

Teak Oil

Formulated using a traditional recipe of pure, high quality Tung and Linseed Oil, our Teak Oil is a completely safe and non-toxic product that will enhance the colour of, and protect, all exterior woods.

Garden Furniture Restoration Kit

This kit includes our full range of teak products (left), plus all the tools and accessories needed to completely restore and protect garden furniture. This process restores the original colour of the wood, even when the wood is badly weathered and has turned grey.

- Removes dirt, grease and grime from all garden furniture
- Restores, enhances and revives the original colour
- Maintains and protects
- Restores grey and weathered garden furniture
- Kills mould and mildew

Exterior Wood Stain

Concentrated Exterior Wood Stain to stain new wood, or restore old wood.

- Fast drying & easy to apply
- Deep penetrating stain
- Low odour & non-toxic
- Excellent coverage
- Rainproof within 30 minutes

Great for garden furniture, doors, windows, cladding and on any other outdoor wood! It can be used to restore, or completely change the colour of wood. After staining wood, we recommend to seal and protect the wood using our Teak Oil (*see page 6*).

QUICK STATS

Drying Time: 30 minutes / Coverage: 12m² per litre / Coats: 1 coat / Maintenance: As needed / Application: Brush / Suitability: All types of exterior wood

Exterior Wood Stain Colour Chart

Our Exterior Wood Stain is available in the following **28 colours.**

Green Growth Remover

A highly concentrated cleaner that removes moss, mould, algae, lichens, and green staining from all exterior surfaces.

- Removes green staining and moss and prevents regrowth
- Dilutes to 30 litres
- Easy to use - spray on and leave to work
- Water-based - so safe to use
- Works on all hard surfaces

Our Green Growth Remover will remove moss and green staining from roofs, fences, decking, tarmac, stone walls, paths, and pretty much anything else that gets stained outside. Once applied, the product will also help to prevent both moss and algae from re-growing.

Activation time: 5 days / Coverage: 125m² per bottle /

Maintenance: As needed / Application: Sprayer or watering can

/ Suitability: Safe for all external hard surfaces

Customer Results

Our customers often share the results they've achieved when using our products, and here are some of our favourites.

Testimonials:

“ I followed the very clear instructions and am thrilled with the results. From ordering to end result it has been very worthwhile ”
S. Wiltshire

“ I very rarely write reviews but this product deserves a few words. I'm really pleased with the result. It is transformed ”
L. Harland

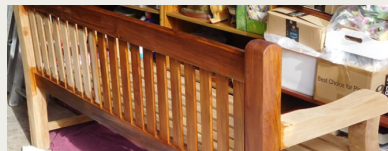

“ Works just like the video says! Clear instructions and my garden furniture is looking really good now ” *S. Brooks*

“ Transforming my garden fence from looking old and shabby into something really rather classy! Very impressed ”
N. Cook

“ Brings out the beautiful grain of the teak and looks great. A very good product and I have no hesitation in endorsing it ” *Norman*

About Furniture Clinic

Since **2004**, Furniture Clinic has provided premium cleaning and restoration products and services for luxury home and garden furniture, classic and modern cars, and more.

From humble beginnings in a family garage, we now sell over one million products yearly to dedicated customers worldwide.

When you buy Furniture Clinic, you buy more than a product. You invest in our decades of industry-leading experience and truly individual service. We are dedicated to consumers finishing their projects to an unparalleled quality and with complete customer satisfaction.

The upcycling and restoration of all things leather, fabric and wood keeps Furniture Clinic at the heart of the circular economy. This positioning is of great importance, alongside our focus on sustainability and preserving the environment, and resounds through all we do.
