FEEL THE FELCO DIFFERENCE

High Efficiency Cutting Heads

Premium quality steel and the heat treatment used guarantees the performance and strength of the cutting and anvil blades.

Ergonomic Tool

Inclined cutting head to reduce the risk of muscular-skeletal injuries and to maximise user comfort.

Sap Groove

The sap groove on the anvil blade prevents the wood sticking when cutting sappy wood.

Wire Cutting Notch

Allows the cutting of small wires without damaging the cutting edge.

Shock Absorption System

Special cushion stops reduce impact at the end of a cut, protecting the hand and wrist.

Precision Adjustment System

Micrometric adjustment system guarantees an optimal adjustment of the cutting head, delivers a clean and precise cut every time.

Forged Aluminium Handles Guaranteed for Life

Lightweight and strong, thanks to special aluminium alloys and advanced precision forging methods.

Rotating Ergonomic Handle

Spreads muscular effort across all fingers, reducing (i) cutting effort and (ii) risk of tendonitis and inflammation.

Designed to Fit Users Hands

The range includes models for small, medium or large hands. Left-handed models are also available in key sizes.

FELCO320

Code: FELCO320

- Metal handles with non-slip coating
- Curved 23 mm nickel-coated steel blade
- Shock absorbers, steel pin spring and glove-friendly closure

154 mm

96 g

Made in Japan,
Guaranteed FELCO Quality

FELCO330

Code: FELCO330

- Drop forged curved carbon steel blades
- Anvil style cut
- Leather strap for perfect fit and enhanced ergonomics
- Handles with PP coating

150 mm

113 g

Made in Taiwan,
Guaranteed FELCO Quality

FELCO321

Code: FELCO321

- Metal handles with non-slip coating
- Straight 35 mm chrome-coated carbon steel blade
- Shock absorbers, steel pin spring and glove-friendly closure

177 mm

110 g

Made in Japan,
Guaranteed FELCO Quality

FELCO322

Code: FELCO322

- Metal handles with non-slip coating
- Straight 48 mm chrome-coated carbon steel blade
- Shock absorbers, steel pin spring and glove-friendly closure

190 mm

112 g

Made in Japan,
Guaranteed FELCO Quality

ERGONOMIC SECATEURS

Common features

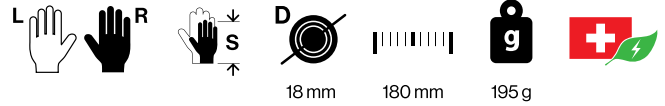

- Forged aluminium alloy handles with lifetime guarantee
- High-quality hardened steel blades
- Offset cutting head for efficient pruning
- Sharp cutting edge with wire-cutting notch
- Screw-mounted anvil with sap groove
- Toothed centre nut mechanism easily aligns the blades for a clean, precise cut
- Rubber cushion shock absorbers protects the wrists
- All parts replaceable

FELCO 14

Code: FM14

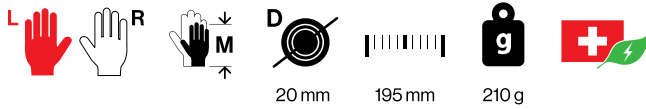

- Ergonomic design for right-handed users with small hands

FELCO 16

Code: FELCO16

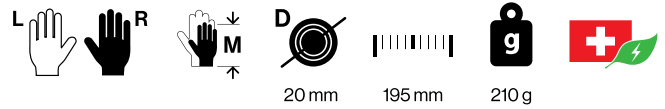

- Ergonomic design for left-handed users with medium hands

FELCO 6

Code: L75

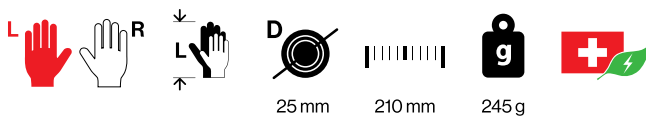

- Ergonomic design for right-handed users with medium hands

FELCO 9

Code: L133

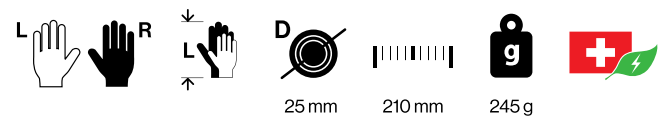

- Ergonomic design for left-handed users with large hands

FELCO 8

Code: L117

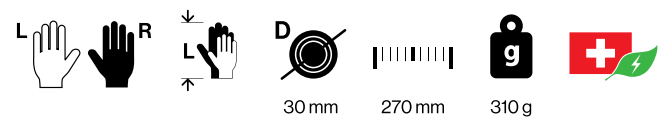

- Ergonomic design for right-handed users with large hands

FELCO 13

Code: FM13

- Ergonomic design for one or two-handed use when cutting larger branches

ERGONOMIC ROTATING SECATEURS

Additional features

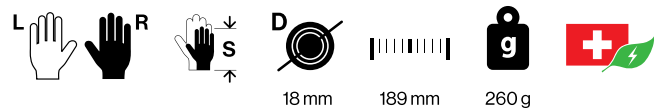

- Rotating ergonomic secateurs have all the features of the ergonomic range, plus a rotating handle
- Design reduces required user effort by up to one third
- Rotating handles evenly spread muscular force, and help prevent tendonitis and inflammation
- Rotating handle component can be easily removed for cleaning and oiling

FELCO 15

Code: FM15

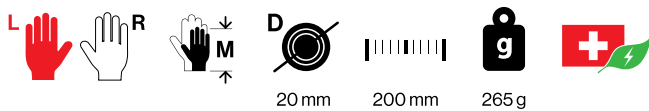

- Rotating ergonomic design for right-handed users with small hands

FELCO 17

Code: FELCO17

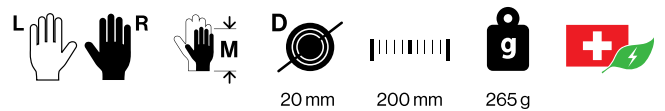

- Rotating ergonomic design for left-handed users with medium hands

FELCO 12

Code: FM12

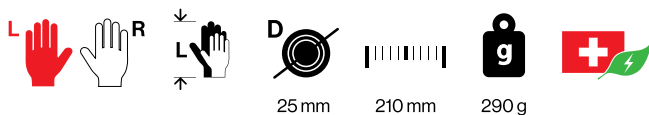

- Rotating ergonomic design for right-handed users with medium hands

FELCO 10

Code: L562

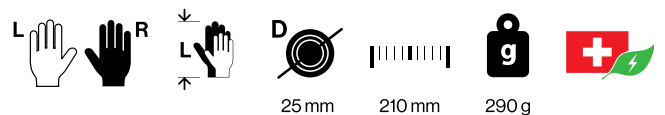

- Rotating ergonomic design for left-handed users with large hands

FELCO 7

Code: L91

- Rotating ergonomic design for right-handed users with large hands

STANDARD SECATEURS

Common features

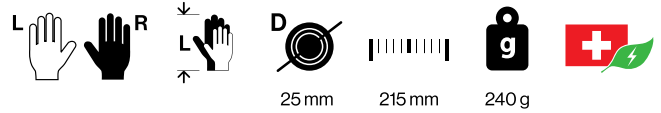

- Quality materials and precision manufacturing
- High-quality hardened steel blades
- All parts replaceable

FELCO 2

Code: L109

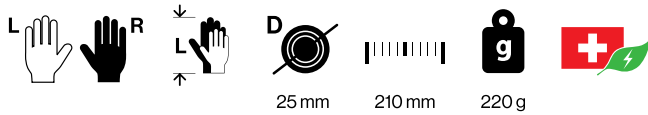

- Original & iconic design for all-round use

FELCO 4

Code: L125

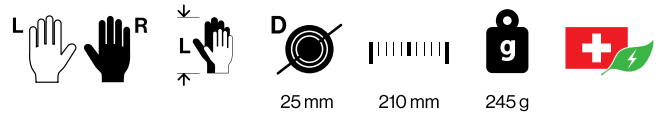

- Basic design with a simple adjustment mechanism

FELCO 11

Code: FM11

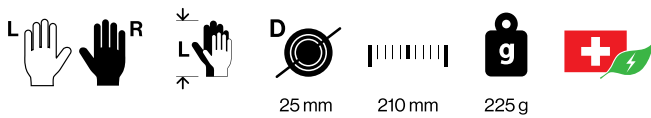

- Original design plus a screw-mounted anvil blade

FELCO 31

Code: FM31

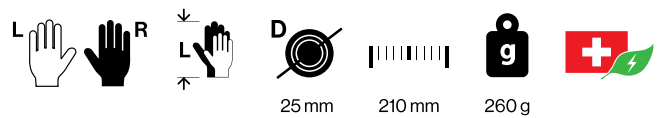

- Straight anvil design for cutting hard or dead wood

FELCO 32

Code: FM32

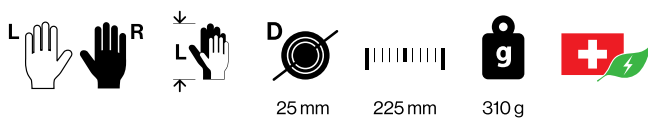

- Curved anvil design for cutting hard or dead wood

FELCO 5

Code: L83

- Heavy-duty steel design with a simple adjustment mechanism

FLOWER PRUNING SECATEURS

Additional features

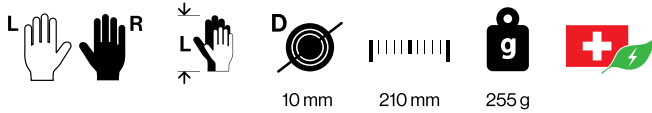

- Same basic features as standard secateurs
- Cuts and grips flower stems to prevent falling damage

FELCO 100

Code: FM100

- Flower-pruning design with dual aluminium stem grips
- Precision adjustment system

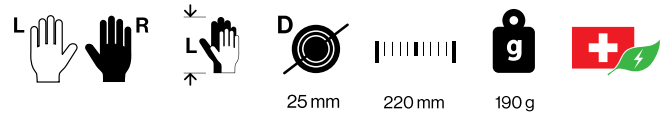

SPRAYING SECATEURS

FELCO 19

Code: LS35006

- Ideal for pruning disease-prone plants
- 1L spray vessel is pressurised using an integrated manual pump
- Disinfects the blade between each cut to prevent disease transfer
- Spray is delivered automatically each time the secateurs close
- Includes sprayer assembly, belt clip and Felco 8 ergonomic secateurs

ESSENTIAL SECATEURS

Common features

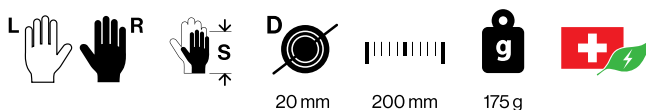

- Designed for light garden pruning
- Extremely lightweight construction
- High-strength composite fibre handles
- Hardened-steel blade
- Simple blade adjustment system
- Counter blade includes groove
- Phthalate-free non-slip handles

FELCO 160S

Code: 160S

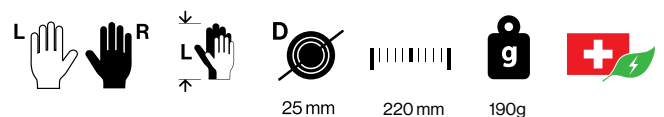

- Lightweight basic design for right-handed users with small hands

FELCO 160L

Code: 160L

- Lightweight basic design for right-handed users with large hands

ELITE SECATEURS

Common features

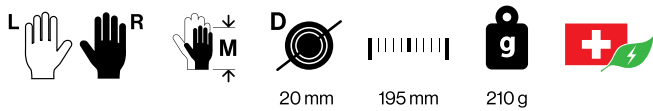

- High quality hardened carbon steel with F Tech coating
- Mid opening thumb catch
- Genuine brown leather covering
- Keyhole ring, in lower aluminum handle allows to fit a lanyard and keep the elite at hand anytime.
- Precision forged aluminum handles
- Easy, durable cutting adjustment
- Sap groove
- Lifetime warranty

FELCO 6

Code: FELCO6ELITE

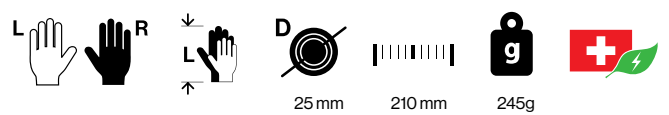

- Ergonomic design for right handed users with medium hands

FELCO 8

Code: FELCO8ELITE

- Ergonomic design for right handed users with large hands

PREMIUM SPECIAL EDITION SECATEURS

Common features

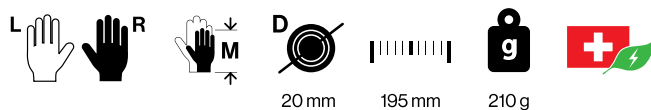

- The landmark forged aluminum handles feature a new black anodization on sandblasted handles
- Hardened steel cutting and anvil blades with black chrome plating
- Handles with black leather covering

FELCO 6

Code: FELCO6PE

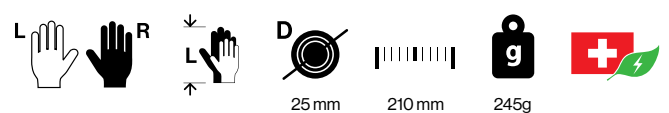

- Ergonomic design for right handed users with medium hands

FELCO 8

Code: FELCO8PE

- Ergonomic design for right handed users with large hands

HEDGE SHEARS

FELCO[®]
SWISS  MADE

HEDGE SHEARS

Common features

- Large blade with chrome plated serrated section on the inner blade for wire cutting and thicker branches
- Coating on blades prevents corrosion
- High quality hardened steel blade - 15cm cutting diameter, bypass system
- Blades are bent with a 27 degree angle for improved ergonomics
- Less sharpening of edge required due to the coating on the blades
- Grease bolt for easy maintenance with grease pump
- Ergonomic lightweight and sturdy handles for optimum comfort.
- Phthalate free non-slip, ergonomic grips
- Soft shock absorbers reducing fatigue
- I Beam, extruded aluminum handles are lightweight

FELCO 250-57

Code: FELCO250-57

- 57cm hedge shear designed to meet needs of professional & home gardeners

570mm

10 mm

915 g

FELCO 250-63

Code: FELCO250-63

- 63cm hedge shear designed to meet needs of professional & home gardeners

630mm

10 mm

995 g

LONG REACH PRUNERS

LONG REACH POLE PRUNER

Common features

- Single extension
- Reach 1680mm (Closed) - 2670mm (Extended)
- High quality hardened carbon steel with non-stick coating
- Rotating cutting head - angles 110° to 60°
- Anodized aluminum pole
- Dyneema heavy duty rope

FELCO 290

Code: FELCO290

LONG REACH PULL STROKE SAW

Common features

- Pull stroke saw
- High quality Japan hardened steel curved blade with chrome plating
- Optimized geometry of teeth for non-friction cutting and chip evacuation
- Ergonomic soft touch grip and bumper absorbs shocks
- Ergonomic screw with grip for easy mounting of blade
- 2 point extension locking points - pin and clamp

FELCO 682

Code: FELCO682

- Single Extension
- Reach 2070mm (Closed) - 3400mm (Extended)
- Blade length - 330mm
- Supplied with spare 684/3 blade

FELCO 684

Code: FELCO684

- 3 Extensions
- Reach 2300mm (Closed) - 6400mm (Extended)
- Blade length - 390mm
- Hook at top of blade for easy cutting of small branches
- Supplied with spare 630/3 blade

LOPPERS

LONG REACH LOPPERS

Common features

- Large curved cutting head allows the loppers to hook the branches.
- Hardened steel stamped, forged anvil blade.
- Extruded powder-coated aluminum levers offer durability and reliability.
- The non-slip coating gives this lightweight tool a pleasing comfortable grip.
- I-Bean shaped design of the aluminum tubes offer optimum resistance to stress.
- Shock absorbers help reduce fatigue.

FELCO 221-70

FELCO221-70

- Lightweight 70cm design with curved cutting head

45mm 700mm 1160 kg

FELCO 221-80

Code: FELCO221-80

- Lightweight 80cm design with curved cutting head

FELCO 221-90

FELCO221-90

- Lightweight 90cm design with curved cutting head

45mm 900mm 1340 kg

PRECISION LOPPERS

Common features

- Cutting head with a slight pulling radius for a clean and precise cut
- Designed for use in tight spaces and among crowded branches
- Excellent durability of the cutting edge
- Robust I-beam aluminium handles
- Phthalate-free non-slip handle grips
- Bypass cutting action
- Rubber shock absorbers to protect hands, wrists and arms
- Easy and precise blade adjustment

FELCO 201-40

Code: FELCO201-40

POWER LOPPERS

Common features

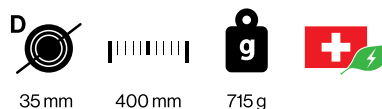

- Cutting head with an evolving radius for a powerful and smooth cut
- Anvil blade features a deep hook for improved hold
- Robust I-beam aluminium handles
- Phthalate-free non-slip handle grips
- Hardened steel blade and anvil
- Bypass cutting action
- Rubber shock absorbers to protect hands, wrists and arms
- Easy and precise blade adjustment

FELCO 211-40

LEVER-ACTION LOPPERS

Common features

- Lever mechanism greatly increases cutting power and reduces effort
- Lightweight, high resistance tubular aluminium alloy handles and non-slip coating
- Wide blade opening, cuts branches with minimum effort
- Blades are made of high-quality steel
- Anvil made of high quality forged aluminium
- Easy adjustment of the blades for a clean, precise cut
- Safety stop prevents finger pinching at the end of the cutting action

FELCO 220

Code: FELCO220

- Cam-assisted 80cm design with curved bypass cutting head
- Shock absorbers to protect hands, wrists and arms

FELCO 230

Code: FELCO230

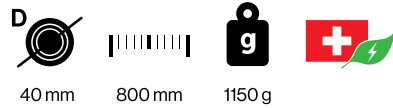

- Cam-assisted 80cm design with straight anvil cutting head
- Anvil design for cutting hard or dead wood

FELCO 231

Code: FELCO231

- Cam-assisted 80cm design with curved anvil cutting head
- Anvil design for cutting hard or dead wood

HEAVY-DUTY LOPPERS

Common features

- Heavy-duty forged aluminium handles
- Bypass cutting action
- Hardened steel blade and counter blade
- Counter blade includes sap groove
- Toothed nut for easy adjustment of cutting head
- Rubber shock absorbers help protect hands, wrists and arms
- Phthalate-free non-slip handle grips

FELCO 20

Code: FELCO20

- Heavy-duty yet compact design

35 mm 430 mm 830 g

FELCO 21

Code: FELCO21

- Heavy-duty design

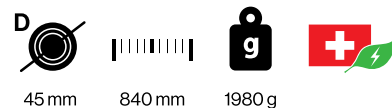

35 mm 630 mm 1130 g

FELCO 22

Code: FM22

- Heavy-duty design with wider blade opening
- Long handles increase cutting power

45 mm 840 mm 1980 g

STRAIGHT SAWS

Common features

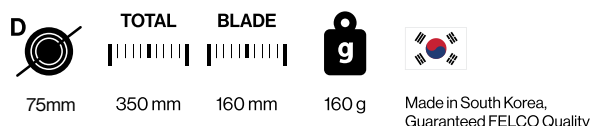

- Comfortable non-slip handle
- Rust resistant hard-chromed blade made of high-quality steel
- Heat treatment of teeth to ensure a precise, clean cut
- Conical blade shape ensures the saw cuts without clogging
- Set and shape of teeth prevents sap build up
- Replacement blades available

FELCO 600

Code: F600

- 160mm straight pull-stroke blade
- Folding design with locking mechanism

FELCO 600 Replacement Blade

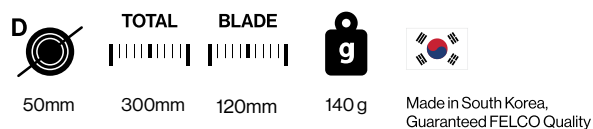

Code: 600/3

FELCO 601

Code: FELCO601

- 120mm straight pull-stroke blade
- Folding design with locking mechanism

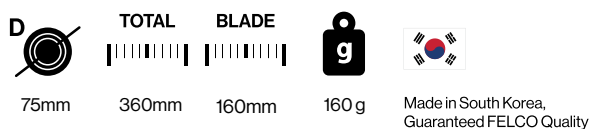

FELCO 601 Replacement Blade

Code: 601/3

FELCO 602

Code: FELCO602

- 160mm straight pull-stroke blade
- Includes sheath and detachable belt loop

FELCO 602 Replacement Blade

Code: 602/3

FELCO 621

Code: F621

- 240mm straight pull-stroke blade
- Includes sheath and detachable belt loop

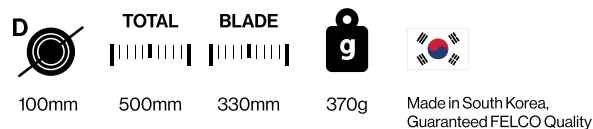

FELCO 621 Replacement Blade

Code: 621/3

FELCO 611

Code: F611

- 330mm straight pull-stroke blade
- Includes sheath and detachable belt loop

FELCO 611 Replacement Blade

Code: 611/3

CURVED SAWS

Additional features

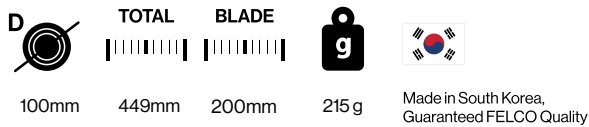

- Curved shape for easier cutting, even with overhead branches
- Blade shape and handle design help absorb vibration
- Upgraded sheath with additional safety features

FELCO 603

Code: FELCO603

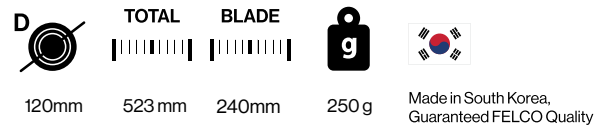

- 200mm curved pull-stroke blade
- Folding design with locking mechanism

FELCO 604

Code: FELCO604

- 240mm curved pull-stroke blade
- Folding design with locking mechanism

FELCO 603 Replacement Blade

Code: 603/3

FELCO 604 Replacement Blade

Code: 604/3

FELCO 630

GARDEN HAND TOOLS

Common features

- Ash wood handle
- Forged Baron steel and hardened steel

FELCO 401 - HAND TROWEL

Code: FELCO401

- Perfect at digging holes for planting seeds, plants and flowers

330mm

240 g

Made in the Netherlands
Guaranteed FELCO Quality

FELCO 411 - HAND CULTIVATOR

Code: FELCO411

- Breaks up soil and prepares garden beds for planting

330mm

180 g

Made in the Netherlands
Guaranteed FELCO Quality

FELCO 421 - HAND WEEDER

Code: FELCO421

- Removing weeds in vegetable gardens, fruit tree basins and around vineyard planting

290mm

150g

Made in the Netherlands
Guaranteed FELCO Quality

FELCO 431 - HAND FORK

Code: FELCO431

- Perfect for aerating soil and turning compost

290mm

200 g

Made in the Netherlands

FELCO 441 - SWISS HORI HORI

Code: FELCO441

- Essential to dig up tap rooted weeds in lawns and gardens

280mm

190 g

Made in the Netherlands
Guaranteed FELCO Quality

GARDEN KNIVES

Common features

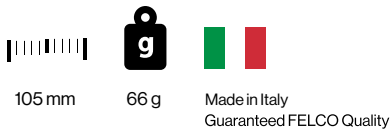

- Inner brass lining to eliminate friction during opening and closing of blade
- Brass rivets for high rigidity

FELCO 511 - PRUNING AND GRAFTING KNIFE

Code: FELCO511

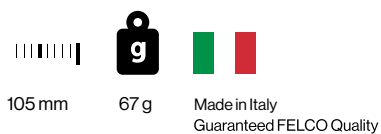

- High quality carbon steel blade
- Curved blade, ground on one side with slight chamfer on the back for perfect grafting
- American walnut handle
- 60mm blade

FELCO 512 - BUDDING AND GRAFTING KNIFE

Code: FELCO512

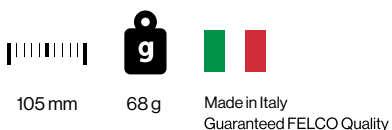

- High quality carbon steel blade
- Large straight blade, ground on one side with slight chamfer on the back for perfect grafting
- Bark lifter on blade
- American walnut handle
- 58mm blade

FELCO 520 - FLORIST KNIFE

Code: FELCO520

- High quality carbon steel blade
- Straight blade, ground on one side with slight chamfer on the back
- Plastic handle
- 62mm blade

GARDEN KNIVES

Common features

- A Swiss collaboration, made by Victorinox
- Small and strong design
- Red nylon handle with alloy lining
- Stainless steel blades with bevel
- Right-handed tool

3.90 10

Code: 39010

- Light budding knife
- 51mm stainless steel blade

SHEEP & GOAT HOOF CLIPPERS

Additional features

- Same basic features as ergonomic secateurs
- Shaped specifically for clipping the hooves of sheep and goats
- Agile angled cutting head for faster and more comfortable clipping
- XYLAN® coating keeps the blades cleaner to protect against spreading hoof infections

FELCO 50

Code: L18

- Rotating ergonomic design for hoof clipping

FELCO 51

Code: L26

- Ergonomic design for hoof clipping

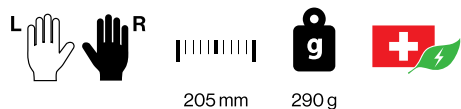

UNIVERSAL CUTTERS

FELCO CP

Code: CP

- Heavy-duty design for precise cutting of wood, paper, cardboard, wire, sheet metal, mesh, packing strips, rubber and plastic

ONE-HANDED CABLE CUTTERS

Common features

- One-handed cable cutters
- Blades and centre bolt made from high-quality hardened steel
- Thumb catch designed and positioned for one-hand use
- Pressed steel handles with non-slip grips
- Triangular cutting system gives a clean cut without squashing cables

FELCO C3

Code: C3

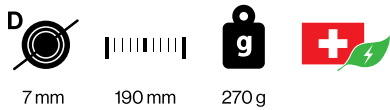

- One-handed design for cutting wire and cables up to 3mm diameter

FELCO C7

Code: C7

- One-handed design for cutting wire and cables up to 7mm diameter

FELCO CDO

Code: CDO

- Designed for cutting barbed wire

TWO-HANDED CABLE CUTTERS

Common features

- Two-handed cable cutters
- Triangular cutting system gives a clean cut without squashing cables
- Hardened handles made from forged aluminium with a lifetime guarantee
- Easy and durable cutting adjustment
- Blades and fastenings made from high-quality hardened steel
- Heavy-duty forged aluminium handles with coated grips

FELCO C9

Code: C9

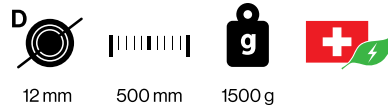

- Two-handed design for cutting cables up to 9mm diameter

FELCO C12

Code: C12

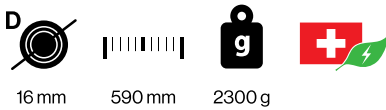

- Two-handed design for cutting cables up to 12mm diameter

FELCO C16

Code: C16

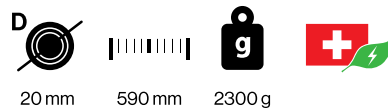

- Two-handed design for cutting cables up to 16mm diameter

FELCO C16E

Code: C16E

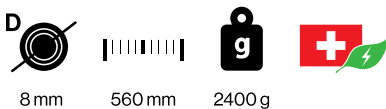

- Two-handed design for cutting electrical cables up to 16mm diameter
- Specific blade geometry for electrical cables
- Power supply must be switched off first

FELCO C108

Code: C108

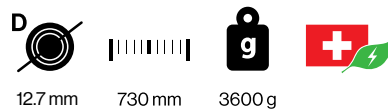

- Two-handed design for cutting steel cables up to 8mm diameter
- Force transmission system with cam device for increased cutting power
- Blades and fastenings phosphate-treated for corrosion resistance

FELCO C112

Code: C112

- Two-handed design for cutting steel cables up to 12mm diameter
- Force transmission system with cam device for increased cutting power
- Blades and fastenings phosphate-treated for corrosion resistance

SHARPENING TOOLS

High-quality sharpening made pocket-sized. These sharpening tools ensure a precise cut, a longer life for blades and minimise the required cutting effort.

FELCO 905

Code: FELCO905

- Easy sharpening with fixed-angle carbide stone
- Integrated secateur adjustment tool

107mm

39 g

Made in China,
Guaranteed FELCO Quality

FELCO 906

Code: FELCO906

- Casted aluminum handle
- Carbide stone can be reversed for longer durability
- Hole for keyring

107mm

39 g

Made in China,
Guaranteed FELCO Quality

FELCO 902

Code: F90

- High purity corundum
- Medium grained (blue side)
- Fine grained (white side)

100 mm

30 g

Made in China,
Guaranteed FELCO Quality

FELCO 903

Code: FELCO903

- Diamond-coated hardened steel
- Designed to reach all areas while sharpening

100 mm

MAINTENANCE PRODUCTS

The only sprays you will need to maintain your secateurs, loppers and cable cutters. Keep your working parts clean and moving smoothly.

FELCO 981

Code: FELCO981

- 110ml of cleaning spray
- Safely cleans and removes plant resin
- Free of Volatile Organic Compounds (VOC)

Made in Germany,
Guaranteed FELCO Quality

FELCO 980

Code: FELCO980

- 56ml of lubricant spray
- Safely lubricates and protects cutting heads
- Free of Volatile Organic Compounds (VOC)

Made in Switzerland,
Guaranteed FELCO Quality

FELCO 990

Code: FELCO990

- 30 g of biodegradable synthetic grease
- Safely lubricates large moving parts
- Free of Volatile Organic Compounds (VOC)

Made in Germany,
Guaranteed FELCO Quality

TOOL HOLSTERS

Designed especially for Felco tools, these quality holsters are made with genuine leather, heavy-duty stitching and polished steel rivets.

FELCO 910

Code: F910

- Genuine leather holster with a belt loop and clip

235 mm

110 g

Made in India,
Guaranteed FELCO Quality

FELCO 910+

Code: F910+

- Genuine leather holster with a belt loop and clip
- Side holster for a sharpening tool

235 mm

120 g

Made in USA,
Guaranteed FELCO Quality

FELCO 911

Code: F911

- Genuine leather holster with a belt loop and clip
- Double holster holds two secateurs, or a secateur and small folding saw

285 mm

195 g

Made in USA,
Guaranteed FELCO Quality

FELCO 912

Code: F912

- Genuine leather holster with a clip

150 mm

65 g

Made in India,
Guaranteed FELCO Quality

FELCO 921

Code: F921

- Genuine leather holster with a belt loop and clip
- Double holster holds two secateurs, or a secateur and small folding saw

255 mm

215 g

Made in USA,
Guaranteed FELCO Quality

FELCO 923

Code: F923

- Genuine leather holster with a belt loop and clip
- Long holster designed for FELCO 13, or those with longer arms

285 mm

135 g

Made in USA,
Guaranteed FELCO Quality

FELCO 711 - KNEE PADS

Code: FELCO711

Common features

- High quality and comfortable knee pads
- Two straps for better fitting on the knees
- Large lower breathable neoprene strap keeps knee pad in place
- Gel foam offers lightweight cushion for all day comfort
- Slip resistant ultra durable nylon rubber soft cap allows to perform pruning activities under all weather conditions

Made in China,
Guaranteed FELCO Quality

FELCO 712 - KNEELER

Code: FELCO712

Common features

- High density NBR foam rubber that will not compress overtime for long lasting protection against hard surfaces
- Water and petroleum resistant for dry comfort on wet surfaces
- Lightweight with built in handle for convenient transportation
- Texture on top and bottom grips to flooring and prevents knees from sliding on panel

Made in Taiwan
Guaranteed FELCO Quality

FELCO 490 - APRON

Code: FELCO490

Common features

- High quality gardening apron
- Adjustable neck strap
- Adjustable hip strap
- Apron has been designed to fit above the knee for maximum movement and comfort
- Pocket for notebook or cellphone
- Pocket for pen
- Pruning shear pocket with double liners for increased resistance to perforation
- Pocket for plant markers or other accessories
- Pocket for gardening tool

F TECH TECHNOLOGY

The new F Tech blade technology brings incremental performance enhancements to our core range of cutting blades. The outcome of this innovative high performance and cutting-edge technology is as significant reduction in friction between the blade, counter blade and the branch when cutting, the added benefit is that less effort required when pruning. The coating also significantly reduces sap and potential bacteria adhesion to the blade.

- Effortless cutting even with the thickest and hardest wood
- Clean and precise cuts without straining hand or wrists
- Enhanced efficiency
- Achieve professional quality cuts with ease
