About Our Candles

Each Wacky Wax candle is a unique creation, lovingly hand-dipped in our Yorkshire studio using natural stearin wax. This premium wax not only burns cleanly and brightly for a minimum of 6 hours but also creates a dripless experience. We bring over 30 years of candle making experience to help you deliver excellence and unrivalled artistry.

Due to the artisanal nature of our process, each candle is one-of-a-kind. You might notice slight variations in colour or pattern, and colours may appear slightly different on your screen compared to real life. These variations are a testament to the handcrafted nature of our candles and make each one a unique treasure to cherish and are not considered flaws.

Candle Specifications:

- Material: 100% natural stearin wax
- Dimensions: 20 cm high x 2.2 cm wide
- Burning Time: Minimum 6 hours
- Holder Compatibility: Fits all standard candle holders

Candle Safety:

We want you to enjoy our candles safely. Please follow these guidelines:

- Never leave a burning candle unattended.
- Keep candles away from flammable materials and drafts.
- Burn candles on a heat-resistant surface.
- Extinguish candles when leaving a room or before going to sleep.
- Be especially careful when children or pets are present.

Detailed safety instructions are included on the back of each candle box.

Disclaimer:

Due to the natural nature of the wax, slight shade variations may occur.

We strive to accurately represent our colours online, but please note that computer screen settings can affect how they appear.

Thank you for choosing Wacky Wax! We hope our unique candles bring a spark of joy and a touch of joy and artistry to your life.
