

FENTO ACCESSORIES

LONGER LIFESPAN DUE TO REPLACEABLE PARTS

Extend the lifespan of your FENTO knee protector by replacing parts. Worn out the Inlays? Easily replace them for new ones. Change your Elastics or keep sand and dust out of your knee pads with Protective covers.

FENTO INLAYS

Available for FENTO ORIGINAL and FENTO MAX.

FENTO ELASTICS

Available for FENTO ORIGINAL, FENTO MAX and FENTO HOME.

FENTO CLIP ELASTICS

Available for FENTO ORIGINAL, FENTO MAX and FENTO HOME.

FENTO PROTECTIVE COVERS

Suited for both FENTO ORIGINAL and FENTO MAX.

ERGONOMIC IMPROVEMENT

With the FENTO Wedge, pressure is distributed evenly across your lower leg.

Pressure scale

High

Low

Prevent knee- and back problems with FENTO's unique ergonomic pressure distribution technology. With most knee protectors, the pressure is concentrated on the kneecap, leading to knee problems.

FENTO's innovative and award-winning concept evenly distributes the pressure across the lower leg, using an ergonomic wedge in all of the FENTO products. This is a major ergonomic improvement, preventing knee and back problems.

Why do FENTO knee pads also help prevent back problems? A stable sitting position is key in order to keep your back safe. Therefore, FENTO's products are designed to provide stability. The wide and flat surface provides a firm kneeling position.

FENTO's ergonomic knee protectors aren't just for those already experiencing knee or back problems. Physiotherapists emphasize that prevention is better than cure. Investing in premium protection today, can help avoiding discomfort and health problems in the future. Choose FENTO and experience the difference!
