Fair Trade Fashion

Autumn Winter 22

Autumn Winter 2022

Built in capsule groups, our Autumn/Winter 22 range is designed to be versatile and reflect our changing lifestyles.

The colours and styles can switch between groups so that customers can pick-and-mix their own range and re-merchandise as the season progresses. We've shown how you can also merchandise the collection in a more minimal way by selecting more plains and just one of our modern prints.

We've also added a Mid-Season group, ready for delivery in July to help bridge that gap between seasons so that we can offer our customers something fresh.

Our initial orders are now available in packs of 4 per style/colour.

Beautiful new exclusive prints, handloom weaves and new eco-friendly fabric bases combine to give an exciting new look to help us all feel refreshed.

with love

ECO FRIENDLY

We've been fair trade since day one and believe strongly in following ethical fashion guidelines. In embracing the slow fashion movement, we take the time to ensure quality production, to give value to the skilled hands that produce each product, and to contemplate our connection with the environment.

All our garments are made with natural fibres & GOTS certified organic cotton

Organic Cotton GOTS certification

Our GOTS license number is DK26875. We're proud to be GOTS (Global Organic Textile Standards) certified which is the gold standard for sustainable processing of textiles.

A GOTS label in a garment means that you can be sure that it has reached the GOTS specifications of social and environmental compliances that cover the processing, manufacturing, packaging, labelling, trading and distribution of textiles.

Natural Fibres

We consider the impact on the environment that each step of our journey takes, and actively seek to use environmentally friendly materials and methods at every opportunity. Including our packaging which is plastic free and biodegradable.

Nomads Clothing is made from the best quality natural fibres and eco-fabrics. We choose to use natural fibres because they are better for the environment, as well as the farmers, producers and finally you, the wearer. All prints are created with Azo free, environmentally approved dyes. Our clothing is not tested on animals and are free from animal products.

Our Fabrics

Our fabrics are: **Breathable | Biodegradable | Sustainable**
Machine washable | Hypo-allergenic

In our search each season to widen our offer of eco-friendly fabrics, we have continued our textured heavy Lyocell fabric and have introduced Liva Viscose - which uses much less energy and water than regular viscose and is produced in a 'closed-loop' system - both fabrics drape beautifully and have minimal impact on the environment.

We also have our extensive range of Organic Cotton which includes Knitwear and our Raincoats.

FAIR TRADE

Fair trade

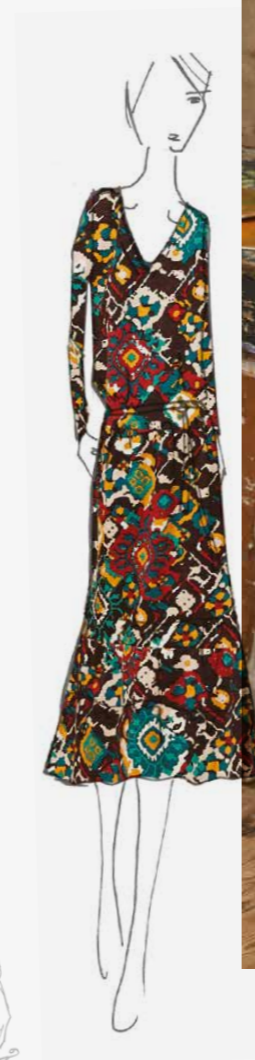

We have been committed to ethical trade since 1989.

Wherever we do business, either in the UK or overseas, we are committed to doing our best to deliver a high standard of ethical conduct. For us, it's not enough to simply comply with legal requirements; we are constantly looking for new ways to improve our relationships, and we work closely with everyone involved in the Nomads journey.

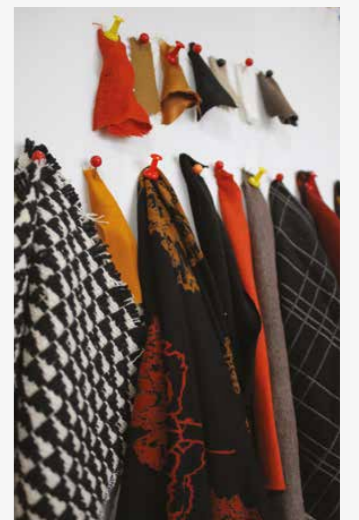

We require complete transparency in our production process, and our suppliers hold certificates for social and ethical audits as well as following our code of conduct. All except the very smallest factories also have SEDEX certification.

We have been committed to ethical trade since 1989.

Our India based production manager, Manoj, visits our suppliers regularly throughout the year, even when our team in the UK can't get there, to ensure our standards are being met - we personally know where our products are made and have a good relationship with each factory, one of which we have been working with for 25 years. Manoj works closely with us and each of our fair trade suppliers and is an extremely valuable member of the Nomads team.

MID-SEASON

Exclusive Prints / Lyocell / Chambray

MID-SEASON

Lipstick, Jade, Duck egg, Mink, Spruce

This capsule collection has been designed to help bridge the gap between Summer and Autumn by being out for early delivery in July 2022. It includes essential Nomads organic cotton jersey and GOTS certified knitwear for layering, which can be remerchandised in later groups to keep it selling long into the season.

Our first exclusive in-house designed print of the season is the Puri print, available on both organic cotton jersey and textured Lyocell in simple tops and midi length pinafore dresses. Our bestselling Chambray fabric returns in our new Mink colourway, with pretty, detailed embroidery on a classic shirt shape.

Our exclusive in house designed Puri print

Lyocell Eco Fibre

super soft,
naturally
breathable
eco friendly

Our textured Lyocell fabric returns for AW22, perfect for mid-season in the Puri print. This heavier weight gives a beautiful drape to the fabric, perfect for skirts and midi dresses to layer up with our knitwear as the season gets cooler.

With great Eco credentials, Lyocell is also super soft, naturally breathable and hypoallergenic. Lyocell is a plant-based fibre made from sustainably harvested eucalyptus tree pulp from FSC certified forests. The fibre is economical in its use of energy, being produced in a closed-loop system with no caustic chemicals. Lyocell is fully biodegradable, meaning its organic fibres will decompose in soil. Perfect for those who love both eco-friendly style and comfort.

Eco friendly style and comfort

Chambray

Our bestselling cotton chambray fabric returns to our collection to give you a smart yet lightweight alternative to the classic summertime denim look and now available in the new Mink colour.

With a much softer texture, and lower environmental impact than traditional denim and a far more breathable consistency, chambray makes the perfect fabric trousers, dresses, and denim-style shirts. Our button through dress is really versatile and can be worn open as a lightweight jacket for layering.

We've even added some pretty geo embroidery to our Mink Chambray colourway of the shirt, picking up the colours in the group – perfect for layering under our cord pinafore dresses.

LOUNGE

Comfy / New Liva Twill / Organic Knitwear

LOUNGEWEAR

Indigo, Amber, Navy, Russet, Verdigris

Rich Indigos and Amber give a warm colour palette that contrasts against the cool Verdigris for this cosy Loungewear group. With the demand for comfy clothing growing, whether it's for a yoga class or just relaxing at home, we've got a co-ordinated loungewear capsule group especially for you.

The modern Orb print in the cotton terry jersey works perfectly with the new Indigo organic terry jersey, or with the new heavy Liva viscose twill. Our printed Raincoat also features here in the Orb print in the longer winter coat length.

The plain cotton knits return this year in a great new tunic jumper shape in the rich Russet colour. Perfect with the new sustainable Liva drawstring trousers.

co-ordinated loungewear capsule group

Sustainable Liva Viscose

New eco friendly fabric to our range

Introducing another eco-friendly fabric to the Nomads range, this time a modern Liva heavy twill. In both plain navy and our Orb print, this is a versatile fabric to dress up or down.

Using wood pulp sourced from FSC certified sustainable forests. The wood pulp is processed using a closed-loop system to minimise environmental impact and uses much less energy and water than regular viscose. This creates a wonderful draping fabric that is both breathable and biodegradable.

Organic Cotton

Breathable, biodegradable,
and Hypoallergenic

Simply put, organic cotton is the best form of cotton, both for the planet, the growers and the people who wear the clothing. Organic cotton clothing is a pleasure to wear because of its breathability – it will keep you cool in the summer, and cosy in the winter, plus it will last far more wears in between washing than synthetic fibres. Reducing water usage and your energy bill – who can argue with that?!

All organic cotton used to make Nomads clothing is certified by GOTS. The Global Organic Textile Standard (GOTS) is the leading authority on textile processing standards for organic fibres, focusing on all aspects of the supply chain.

GOTS certified organic cotton is grown using methods and materials that have a low impact on the environment, with systems in place to replenish and maintain soil fertility, reduce the use of toxic pesticides and fertilizers, and build biologically diverse agriculture. Organic cotton is naturally biodegradable.

ARTISAN

Handloom / Ecovero / Embroidery

ARTISAN

Amber, Black, Russet, Ivory, Espresso

This group combines our love of crafts as well as dressing up for winter celebrations. Our modern Triangle handloom cotton coats play with the contrast sides of the fabric as well as contrast colour lining. Try our dramatic Ecovero Jumpsuit with the handloom jacket for an evening out. Also, in the Ecovero jersey is the Japanese inspired Kimono print in easy to wear tops and dresses.

For great daytime looks our double cotton fabric returns in a new check design in a playful jumpsuit as well as tops and dresses. We've developed a new embroidery on our organic cotton jersey with pretty hummingbird detail, which looks stunning in the new fit and flare dress.

Embroidery

We love the way embroidery always transforms a garment and it really adds a special detail to our jersey pieces this season. This season our embroidery designs include a modern geo design on our Mink Chambray shirt and flora and fauna design on our cotton elastane jersey.

Ecovero

Beautiful eco friendly Jersey in our new Kimono print

This beautiful eco-friendly jersey returns to the Nomads range for AW22, perfect for our occasion-wear shapes in the beautiful Kimono print or plain Black.

Ecovero has been awarded the EU Ecolabel for meeting high environmental standards from sourcing to production and distribution, using less water and with lower emissions than regular viscose. The fibre is made from sustainable wood pulp, from certified and controlled wood sources, creating a fabric that is, breathable, biodegradable and traceable.

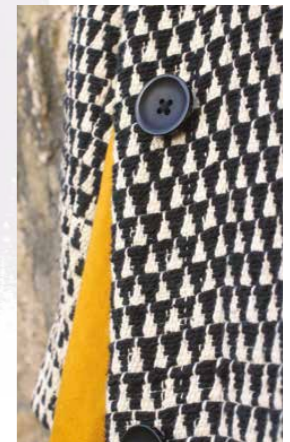

*New check

our double
cotton fabric*

Handloom

*Traditional
Artisan technique*

The level of artistry and intricacy achieved in handloom fabric is unparalleled – crafting this fabric takes time, patience, and a unique set of skills, which is where our talented artisan partners really shine.

The exciting nature of the handloom process allows us to create our own exclusive textural patterned fabrics in dramatic black and ivory cotton threads with an ochre colour contrast lining and the hand-woven process means that no two garments are ever the same.

This season we have worked with our talented artisans in India to develop an exclusive two-sided triangles pattern for our winter coats, which we have used to great effect with contrast panelling.

A woman with long brown hair is standing in a rocky, outdoor setting. She is wearing a dark brown, long-sleeved, ribbed sweater and a short, flared skirt with a colorful geometric pattern. Her arms are slightly out to her sides. The background consists of large, grey rocks and some green grass under a clear sky.

DAYWEAR 1

Organic Knitwear / Cord / Unique Prints

DAYWEAR 1

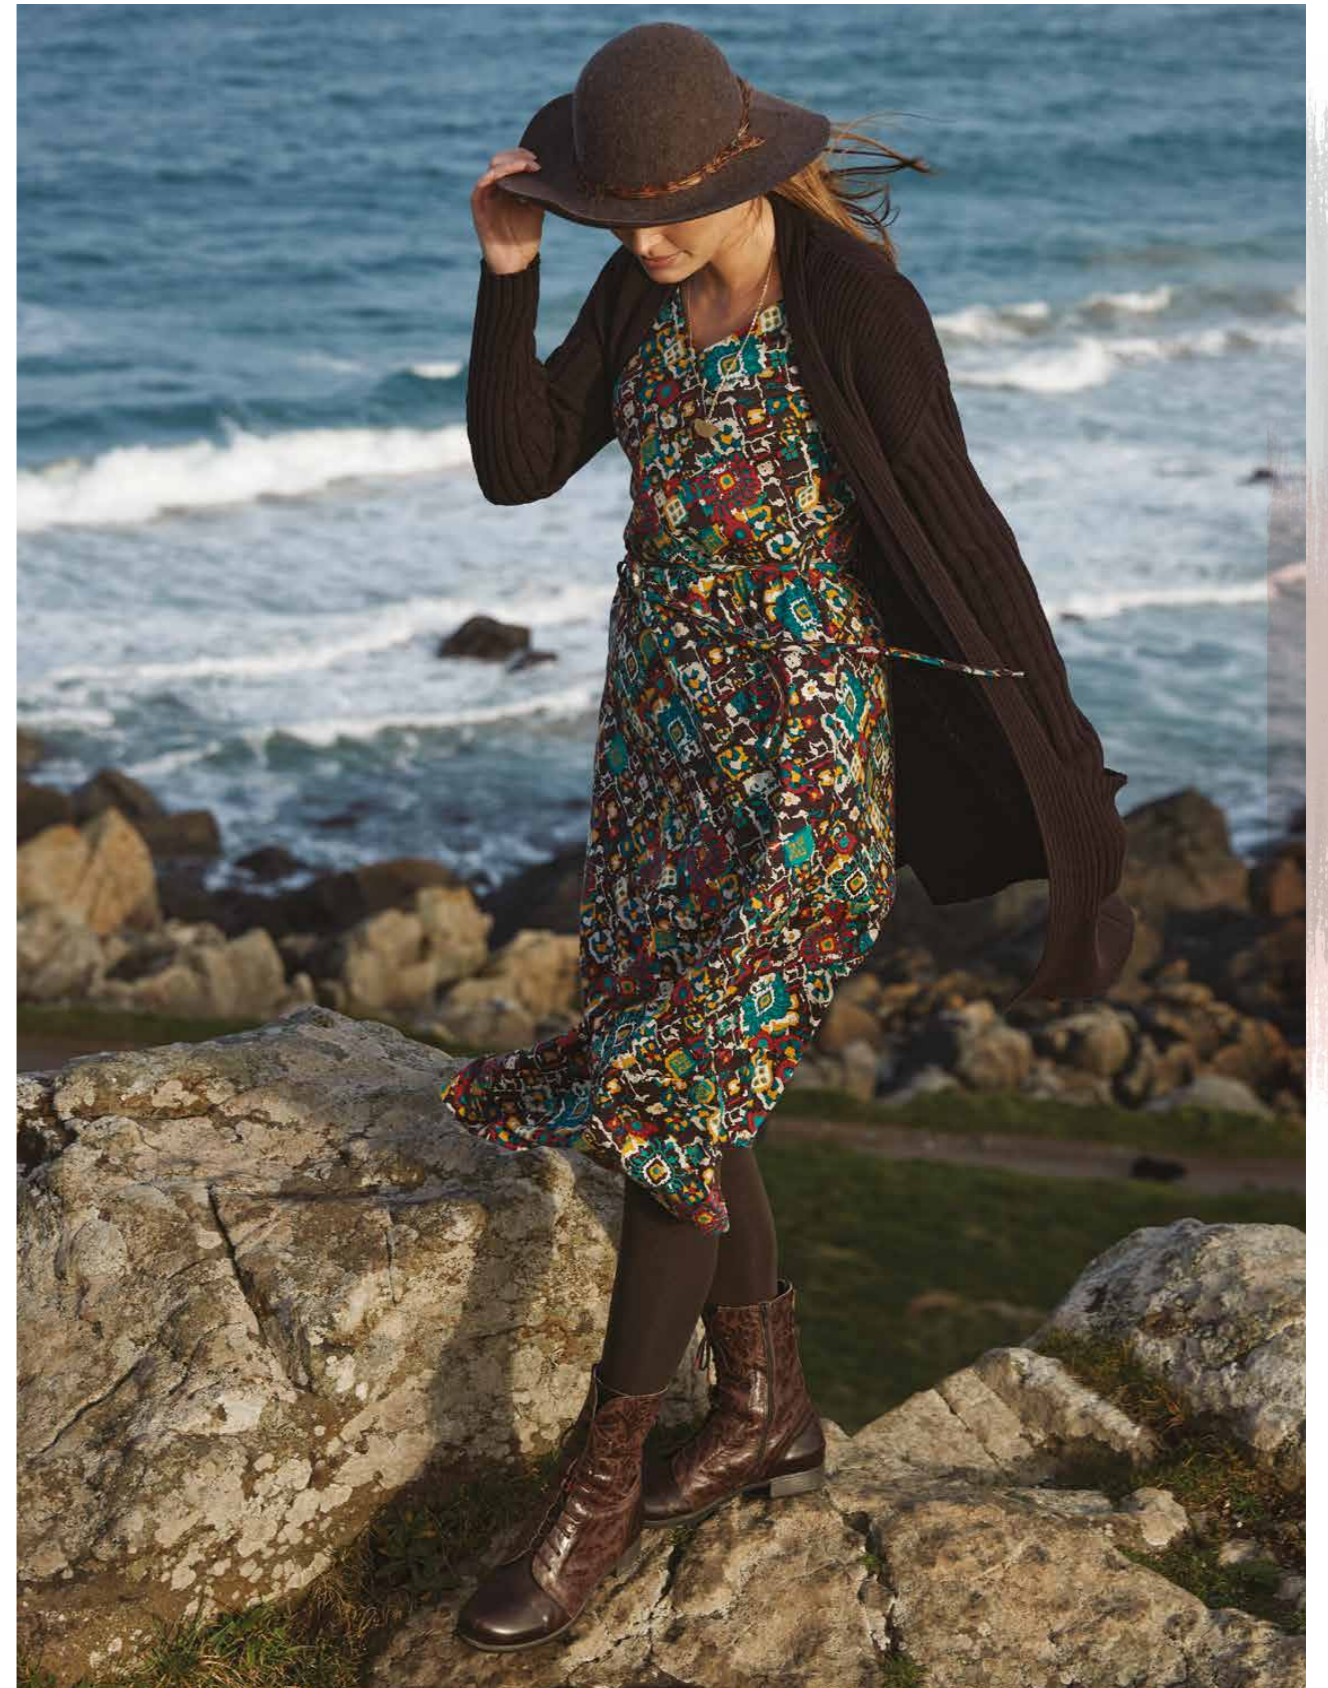

Steel, Jade, Espresso, Duck egg, Spruce

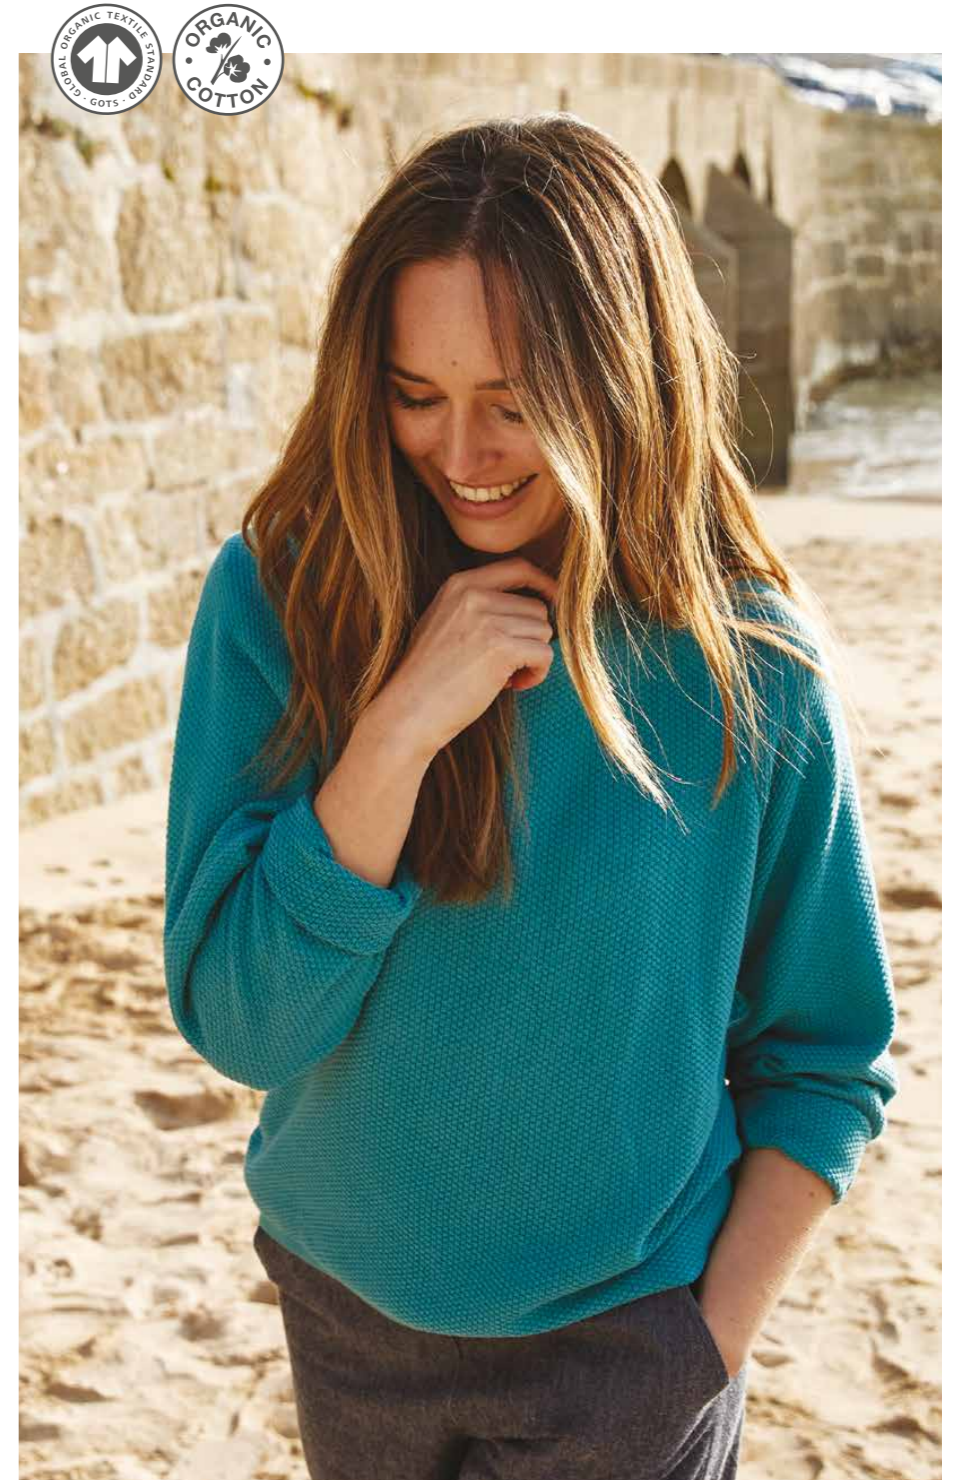

Our first daywear group is built around the stunning Persian inspired Karensa print on organic cotton jersey and a new cotton duck fabric. This print is designed by our in-house team and picks out lots of colours of the collection, making it versatile and easy to co-ordinate with plains and knits.

Try the new gathered midi dress in our Karensa print jersey with the GOTS certified chunky rib long-line cardi.

*Stunning unique prints
and Organic Knits*

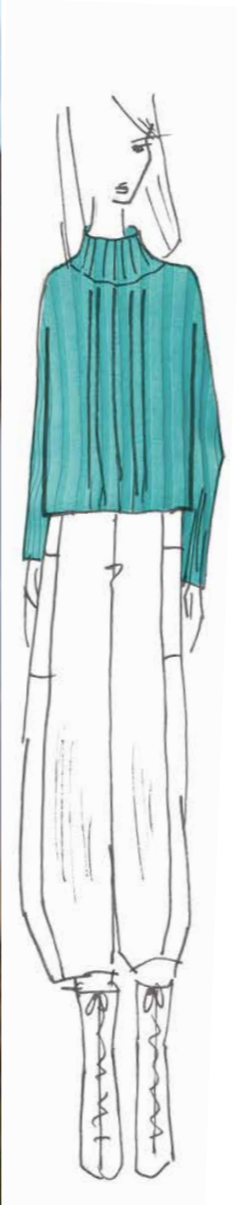

Exclusive Prints

We really take pride in our exclusive prints here at Nomads and this season is no exception. Our latest collection features a range of exclusive designs, all created by our in-house team including the Orb, Puri, Kimono, Karensa and Harlyn prints.

Our team work together closely on trend and colours and combine their extensive knowledge, great taste, and research into fresh prints for us each season. They are equally inspired by their surroundings in Cornwall as by dreams of far-flung locations!

Organic Knitwear

*Beautifully comfy to wear
and environmentally friendly*

For AW22 our GOTS certified knits use Organic cotton in plain and chunky rib stitch designs. Organic cotton yarns are hypoallergenic, breathable and biodegradable, making them beautifully comfy to wear as well as environmentally friendly. These essential knits are perfect for an extra layer of warmth over our exclusive prints.

We only use organic cotton certified by GOTS - The Global Organic Textile Standard (GOTS) is the leading authority on textile processing standards for organic fibres, focusing on all aspects of the supply chain. GOTS certified organic cotton is grown using methods and materials that have a low impact on the environment, with systems in place to replenish and maintain soil fertility, reduce the use of toxic pesticides and fertilisers, and build biologically diverse agriculture. And with our knitwear the work chain is GOTS certified, including the knitters and dyers.

DAYWEAR 2

Organic Cotton / Chambray / Raincoats

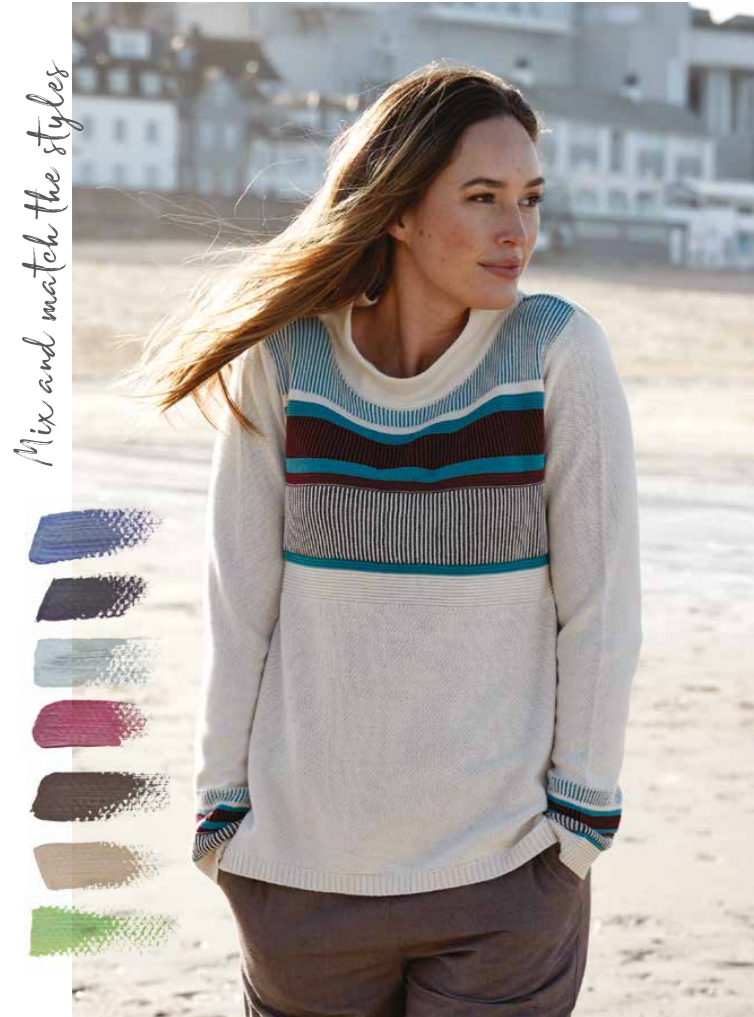

DAYWEAR 2

Navy, Berry, Indigo, Pear

Our second daywear group has our pretty Harlyn print in Organic cotton jersey which looks great with our berry-coloured knits, and all are GOTS certified.

Our organic cotton raincoats also feature here in plain Pear colour with Orb printed lining. We've developed a new running stitch fabric in the colours of the group and we've cut around the direction to create interesting everyday shirts, tunics and dresses.

months*

Organic Raincoat

Sustainably crafted with 90% biodegradable materials, Nomads' raincoats have an organic cotton canvas outer, treated with a PFC-free water-resistant coating, and a soft viscose lining.

Our raincoat for AW22 is in our longer winter length with a scooped hem, whilst the overall fit keeps to our usual simple, flattering silhouette complete with practical pockets, and a drawcord adjustable waist. It also has a drawstring at the hood and poppers at the cuff to keep the wind and rain at bay! The neck and shoulder seams are taped for added water-resistance.

Staying true to our environmentally friendly ethos, there is no plastic used in the water-resistant coating that our coats have been treated with. As well as this, it is not backed in plastic - which maintains the breathable properties of the natural fibres and means the coat is soft to the touch. The viscose lining is derived from sustainable wood pulp and unlike traditional polyester linings, it feels soft and warm against your skin.

ORGANIC COTTON SOCKS

Russet, Lead, Mustard

Crafted from 80% organic cotton, we challenge you to find a comfier pair of socks. In original Nomads' designs, the organic cotton content means they are breathable for maximum comfort, whilst also being perfectly cosy for cooler days.

Our GOTS certified organic cotton is kinder to the growers and the environment as well as to your feet! Our socks are available in 2 size ranges, 4-8 and 7 - 11.

MENS

Navy, Mink, Russet

Our menswear offer for AW22 includes cotton Chambray shirts in Denim and Mink, a new GOTS certified button neck sweatshirt in organic cotton terry jersey, a crew neck jumper in our organic cotton knit, as well of course as printed cotton shirts and organic cotton socks. Our dark cotton Chambray gives an eco-friendly 'denim – look'.

The perfect shirts for when you want to look stylish but remain relaxed and comfortable, even on the coolest of days.

FAIR TRADE FASHION

We have been committed to ethical trade since 1989. Wherever we do business, either in the UK or overseas, we are committed to doing our best to deliver a high standard of ethical conduct. We are a member of BAFTS and Common Objective.

Read more about our Fair Trade values on page 4.

WITH THANKS

Thanks to St Ives School of Painting for the use of their studios for our photo shoot, Ian Snow for the props used and Daughters of the Ganges for the Jewellery.
