Spring / Summer 2021

## Spring Summer 2021

In true Nomads spirit this season takes us across the globe to discover new artisan techniques and blend them with prints and colours inspired by our native Cornwall. Fresh coastal tones are met with fiery hues and peppery pinks to create a collection of easy-to-wear seasonal staples you'll come back to time and again.

Our fabrics this season are as soft and comfortable as ever with the addition of cotton chambray giving you even more style options to choose from. We haven't forgotten the ever-unpredictable summer weather so our popular raincoats in either printed or plain organic cotton canvas compliment the palette of all the airy viscose pieces, eco-friendly lyocell, printed organic cottons and soft cotton knits this season.

Hand crafted details are always part of the make-up of a Nomads collection and this season we continue to celebrate traditional artisan practices with the introduction of a new Ikat fabric range, chambray with hand-stitched embroidery details, fresh tie-dye styles, hand-loomed scarves and exclusive hand-crafted jewellery from 'Daughters of the Ganges' project.

We've once again included a range of casual men's cotton shirts and socks with the new addition of organic cotton T-shirts.

We've also added a size 20 to our women's range as part of our continued commitment to being an inclusive brand.

with love x

# Fair Trade - Working together for a better world

We make these 10 promises to you

## No Children

No children under the age of 16 make our products.

## Environmental Dyes

We always use Azo free dyes which have the least impact on the environment. This also means they are free from animal products and not tested on animals.

## Organic Cotton

Increasing our range of organic cotton to promote sustainable and environmental fashion as well as protecting the health and well-being of the growers and the land. All of our Organic Cotton is GOTS certified.

## Pay up front

To pay producers in advance so that they do not go into debt buying materials and guarantees their workers get paid on time.

## Traditional Crafts

To promote traditional crafts such as Handloom and Tie Dye in order to keep these traditions alive and provide vital income for villages with skilled artisans.

## Fair Pay

We pay a fair wage to all workers that is either at or above the national average.

## Research

We will continue our research in order to increase our range of sustainable fabrics like lyocell. We use corn starch bags for each piece of clothing and recycled cardboard boxes for deliveries.

## Support

To work with smaller community trade projects that provide essential support to disadvantaged people in rural areas.

## Safety

To ensure safe working conditions, regular breaks and holidays for all workers. All our factories are regularly audited by SEDEX.

## Equality

We continue to work with our factories to improve all aspects of equality for men and women in pay and opportunity.

We Are GOTS Certified

When you order from us you know that

GOTS approved products must contain at least 70% organic fibre content. In fact, ours generally contain 100%.

GOTS approved products never contain potentially harmful chemicals which can be found in conventional textile production.

GOTS approved companies are better for the environment by managing their environmental impact, having high social standards, reducing energy consumption and reviewing water usage.

GOTS means safe working conditions, no discrimination and no child labour.

GOTS approved products have the entire supply chain verified, even the farms must have certification to a legally recognised standard.

GOTS Certification is carried out by independent companies and facilities are physically inspected to verify standards are being kept.

## How we work

Born from a shared love of India and the wonderfully vibrant culture they discovered there, Duncan and Vicky began the Nomads journey in 1989. They have come a long way since then and grown into an excellent team of diverse talents all wanting to create the best clothes while providing fantastic customer service.

We've been fair trade since day one and believe strongly in following ethical fashion guidelines. By embracing the slow fashion movement, we take the time to ensure quality production to give value to the skilled hands that produce each product and to contemplate our connection with the environment which informs many of our decisions.

We combine this ethos with contemporary design to create two collections a year of high quality garments that soon become wardrobe favourites. Visiting our suppliers regularly allows us to develop a close relationship and to demand improvements to their practices according to Fair Trade.

We have never compromised in creating the most beautiful clothing we can while following the ethical standards that lie at the heart of our Nomads journey.

We are proud members of BAFTS and Common Objective

BAFTS is a network of independent fair trade shops across Britain set up to increase awareness of fair trade groups and products.

To increase awareness for the need to shop responsibly. And as producers, being mindful of our impact on the environment and all the people in our supply chain.

# Artist's Retreat

Directly inspired by traditional block printing, this collection juxtaposes rich shades of Pomegranate and Aniseed with dashes of smoky greys and contrasting neutrals. We're excited to bring back our eco-friendly Lyocell fabric for this collection, which is the base for our Zen print. Our Hepworth Print offers a distinctly modern take on a 1950's design whilst geometric shapes, bold patterns and striking peppery tones make these seasonal wardrobe staples truly standout pieces.

# Our Prints

Hand Drawn  
Exclusive Designs

Our latest collection features a range of exclusive designs created by our in-house team including the fresh Zen, Cairo, Hibiscus and Solitaire prints.

Our team research trends and colours and combine their extensive knowledge and great personal taste to create exciting new prints for each season – this collection is no different!

We also work with a select number of talented design studios who supply us with original artwork that we add our Nomads stamp to with seasonal colourways.

This season we found the Hepworth print, a vintage 1950's design that we thought suited this Nomads collection perfectly!

You won't find our prints anywhere else.

# Chambray

100% Cotton  
Special hand-stitched details

We're introducing this fabulous cotton chambray fabric to our collection to give you a smart yet lightweight alternative to the classic summertime denim look.

With a much softer texture than traditional denim and far less environmental impact, chambray has a great breathable consistency and makes the perfect fabric for casual jackets, mid-length dresses, and dungarees to see you through the warmer months.

We've also added a pop of pink with embroidery stitching to tie this new textile into the rest of the collection.

Our lively Zen Print makes up the core of this collection with splashes of vibrant blues and pinks perfectly complementing the new addition of chambray fabric, exclusively developed by Nomads. These woven chambray styles have been designed to easily pair with pieces from across the entire collection. Our chambray crop wide leg trousers and stylish sleeveless fit and flare dress are new to Nomads this season... and we already love them!

# Organic Cotton

## Kinder to You

Organic cotton clothing is a pleasure to wear because of its breathability – it will keep you cool in the summer and cosy in the winter. Plus it will last for far more wears in between washing than synthetic fibres.

## Kinder to Farmers

All organic cotton used to make Nomads clothing is certified by GOTS. The Global Organic Textile Standard is the leading authority on textile processing standards for organic fibres, focusing on all aspects of the supply chain. (see pg4)

## Kinder to the Planet

Organic cotton is grown using methods and materials that have a low impact on the environment, with systems in place to replenish and maintain soil fertility, reduce the use of toxic pesticides and fertilisers, and build biologically diverse agriculture.

# Sunset Reef

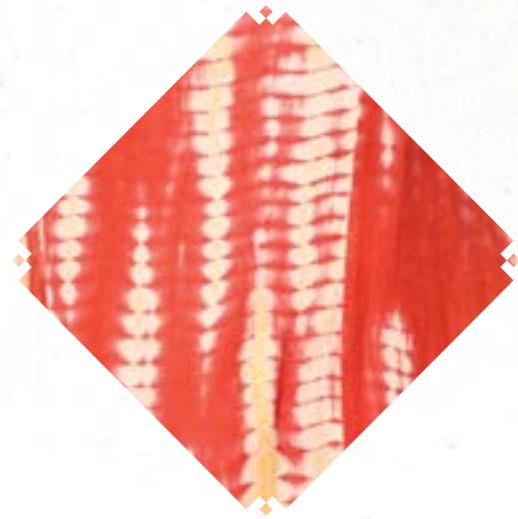

Lively sunset tones and cool blues add a contemporary twist to the vintage fabrics that were the initial inspiration behind this collection. A combination of earthy oranges and buttery yellows in our lightweight tie-dye crinkle viscose bring the warmth to this laidback range. Must have pieces include our crinkle viscose jumpsuit in the high-summer Cairo print and our wide leg trousers in the glorious Mango colourway.

# Tie Dye

Traditional Craft  
Hand Process

Tie-dye is one of the oldest and most traditional methods of 'printing' for textiles still widely practised in India today. Every pattern that is created has its own unique meaning- some are especially dyed for brides, while others represent different elements of nature.

The tie dye process involves using thread to tie off small pieces of fabric in intricate patterns. After the tying is complete the cloth is then dipped in dye. The tied sections remain undyed, resulting in a one of a kind 'printed' textile.

At Nomads, we have always celebrated this traditional artisan technique and our skilled fair trade partners use azo free dyes to create contemporary tie dye designs that experiment with pattern, scale, and colour.

This season's tie-dye pieces are made from beautifully lightweight crinkle viscose, meaning they're super easy to wear with a lovely floaty feel.

100% Organic Cotton Yarn  
Beautifully Comfy

You can never have too many good cover-up cardigans during an unpredictable summer, so this season we've introduced an essential Organic Cotton Knit Cardigan with contrast trim to keep you cosy.

The breathable fibres of organic cotton will keep you warm and insulated in cold weather but cool and comfortable in warmer times.

Should you need something more substantial, this season's new Chunky Knit V-Neck is perfect for throwing over floaty dresses on chilly evenings when the sun's gone down.

Eco-Fibre  
Fully Biodegradable  
Lightweight and Comfortable

Once again, we've used the wonderful eco-fibre Lyocell in our collection, which is the base for our Zen print, this season.  
(pg 14-15 Zen Pomegranate)

Super soft and naturally hypoallergenic Lyocell is a plant-based fibre made from sustainably harvested tree pulp. The fibre is created using a closed-loop system making it economical in its use of energy and natural resources. It's also fully biodegradable.

Whilst we're big fans of Lyocell's green credentials, we can't forget to mention it has a beautifully soft texture and drape too.

Naturally breathable, lightweight, and comfortable, Lyocell has an extremely smooth surface that sits beautifully to flatter every figure

Perfect for those who love both eco-friendly style and comfort.

# Spice Trail

Striking bursts of Sunflower yellow meet cool Aniseed greys to create a stunning contrast here. The standout fabric in this collection is our very wearable lkat, made using the ingenious handwoven dyeing technique - a speciality originating in India and Indonesia.

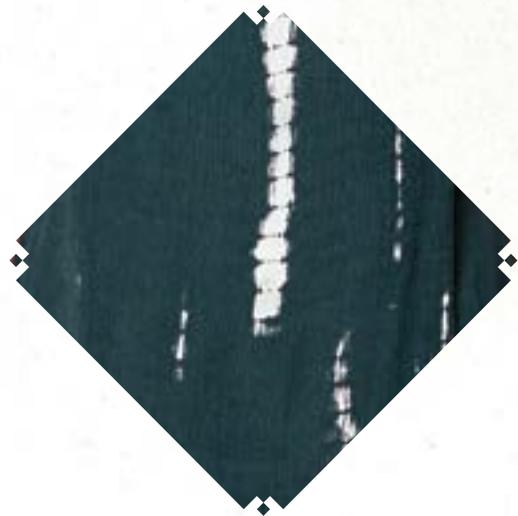

Perfect for evenings out and beach strolls alike, our latest tie-dye additions in the Aniseed shade easily lend themselves to a more glamorous look when paired with statement metallic jewellery.

# Organic Raincoat

Water-Resistant & Breathable  
Adjustable Drawcord Waist  
Taped Critical Seams  
Removable Hood

Sustainably crafted with 90% biodegradable materials, Nomads' raincoats have a water-resistant organic cotton canvas outer layer and a soft viscose lining.

Staying true to our environmentally friendly ethos, there is no plastic used in the water-resistant coating that our organic cotton has been treated with. It also maintains the breathable properties of the natural fibres, and is lovely and soft to the touch.

The viscose lining is derived from sustainable wood pulp and feels soft and warm against your skin being completely breathable.

This season our Organic Raincoat with removable hood, storm flap detail and drawcord adjustable waist is available in both our Summer Breeze Print and in Lagoon colourway - see pg.68

# Ikat

Traditional Textile  
Resist dye process

Ikat is a dyeing technique that has its origins in many places around the world. The skilled technique is used to create a characteristic 'blurred' fabric design, a result of the extreme difficulty the weaver has lining up the dyed yarns so that the pattern comes out perfectly in the finished cloth.

It is created by resist dyeing bundles of yarn prior to weaving into cloth. This season we have worked with our talented artisans in India to develop an Ikat pattern that gives easy-to-wear everyday pieces a special textural touch.

Ever since we embarked on the Nomads journey over 30 years ago in India, we hailed the 'Trade not Aid' ethos, and we are proud to have developed and nurtured many valuable business connections with India in the years since.

One of the partnerships we are deeply linked with is 'The Daughters of the Ganges' a socially conscious supplier that works with talented artisans across communities in India, celebrating their traditional crafts and supporting a better future for both themselves and their families.

We've collaborated with DOTG for many years now to bring you a new range of handcrafted jewellery for each season, and Spring/Summer 2021 is no different! We love this season's bright layered beads and delicate geometric designs.

# Organic Cotton Socks (4-7)

In exclusive Nomads designs our socks for men and women are crafted from 80% organic cotton which means they are breathable for maximum comfort whilst also being perfectly cosy for cooler days. We challenge you to find a comfier pair!

## Organic Cotton

GOTS certified organic cotton is grown using methods and materials that have a low impact on the environment, with systems in place to replenish and maintain soil fertility, reduce the use of toxic pesticides and fertilisers, and build biologically diverse agriculture.

Our customers love organic cotton because the natural fibres make it super soft, comfortable and breathable plus it is machine washable and naturally biodegradable.

Our GOTS license number is DK26875

## Fair Trade

We have been committed to ethical trade since 1989.

Wherever we do business, either in the UK or overseas, we are committed to doing our best to deliver a high standard of ethical conduct.

For us, it is not enough to simply comply with legal requirements, we are constantly looking for new ways to improve our relationships and work closely with everyone involved in the Nomads journey.

We are a member of BAFTS and Common Objective.

See our Social Media & Website for more information
