

Matthew O'Brien

One sheet: Men's tailoring

With personalised tailoring from Matthew O'Brien, detail is everything. Matthew expertly guides clients from the first sketch to the final stitch for a result that's perfect for the occasion and complements their personality, every time. He helps clients to navigate an extensive selection of blazer materials, designs bespoke lining prints tailored to the client's interests; encourages creativity with colour ways and cuts; adapts pocket quantities, lapels, belt loops, blazer fit and waistcoat requirements to ensure the whole look harmonises with footwear and neckwear. All garments are hand stitched on site, unlike most other tailors beyond Saville Row.

Clients come to me who want to let a bit of their personality shine through as opposed to buying or hiring a standard suit. It could be for a wedding, a business occasion, or many of my customers like wearing a blazer with jeans as casual wear. I've never had a client who hasn't been one hundred percent delighted with the finished result because they are always involved in the decision-making process.

-Matthew O'Brien

Material options: a wide variety of British wools, cashmere.

Bespoke lining designs created by Matthew O'Brien are printed on silk, crepe or traditional lining.

Usual production time, six weeks from initial sketches to second and final fittings.
