Of Craft

Watches with a design aesthetic endearingly crafted. Where vintage styling dovetails with contemporary chic.

Of Whim

Watches to evoke treasured memories of yesteryear and stir excitement of events yet to pass.

Of Fashion

Watches to epitomise trend-led sophistication; with colours and tones in thrall to vogue.

Of London

Watches to define a city renowned for culture and synonymous with innovation.

Our Story

Elie Beaumont watches reflect a desire to create timepieces bearing the hallmark of quintessential British style. Watches that are representative of this generation's appetite for distinctive and fun creations; watches that pair unique colours and textures of premium leather with classic designs.

A flair for reinterpreting and renewing elegant styles have helped curate a range that captures the current mood and portray impeccable senses of both style and grace.

It is our followers' enthusiasm for our design that have helped us produce beautiful timepieces. We know it's important we love our watches personally and greet each new style with a smile on our face.
