Autumn Winter 2021

# Overview

## Autumn Winter 2021

We've transformed the way we've designed our Autumn/Winter 21 range by creating capsule collections that reflect our changing lifestyles. This includes Loungewear and Celebrations and integrates new styles whilst also keeping true to the Nomads look and values.

The versatile colours and styles can switch between groups so that customers can pick-and mix their own range and re-merchandise as the season progresses.

We've also added a Mid-Season group, ready for delivery in July to help bridge that gap between seasons so that we can offer our customers something fresh. Beautiful new exclusive prints, handloom weaves and new eco-friendly fabric bases combine to give an exciting new look to help us all feel refreshed.

We are continuing with the addition of size 20 to our women's range as part of our continued commitment to being an inclusive brand.

with love

Exclusive prints on our sustainable viscose

Our popular cord dress in new colours

This capsule collection has been designed to help bridge the gap between Summer and Autumn by being out for early delivery in July 2021.

It includes essential Nomads organic cotton jersey and knitwear for layering which can be remerchandised in later groups to keep it selling long into the season. Exclusive prints include the Penrose print on organic cotton jersey in our best-selling jersey shirts, and Javari print on viscose for easy fit trousers, tops and midi dress. Layer up under our plain cotton needlecord in colours Harbour and Fig, or wear with our dark chambray trousers - an update from the best selling SS21 Chambray fabric. Dress things up with our beautiful fair-trade jewellery from Daughters of the Ganges.

# Chambray

100% Cotton fabric

We've updated our best selling cotton chambray fabric for this season, a darker chambray to compliment our Autumn Winter range. To give you a smart yet lightweight alternative to the classic denim look.

With a much softer texture than traditional denim and far less environmental impact, chambray has a great breathable consistency and makes the perfect fabric for casual dresses, skirts and trousers for these cooler months.

We've also added embroidery and button detailing to make these styles extra special.

# Knitwear

100% Organic Cotton  
Beautifully Comfy

This season we have used an Organic cotton in plain and chunky stitch designs. Organic cotton yarns are hypo-allergenic, breathable and biodegradable, making them beautifully comfy to wear as well as environmentally friendly. These essential knits are perfect for an extra layer of warmth over our exclusive prints.

We only use organic cotton certified by GOTS - The Global Organic Textile Standard (GOTS) is the leading authority on textile processing standards for organic fibres, focusing on all aspects of the supply chain. GOTS certified organic cotton is grown using methods and materials that have a low impact on the environment, with systems in place to replenish and maintain soil fertility, reduce the use of toxic pesticides and fertilisers, and build biologically diverse agriculture.

## Handloom | Chambray | Dobby Textured Cotton | Embroidery

At Nomads we always celebrate traditional artisan techniques, and this season is no different. We've dedicated this group to handloom coats, dobbie textured cotton, dark Chambray cotton and embroidered details. Our beautiful handloom cotton coats have contrast colour lining, buttons and topstitch details. They come in rich Rowan and Indigo colourways and can be perfectly combined with the Dobby cotton tassel scarf.

## Artisan

# Handloom

The level of artistry and intricacy achieved in handloom fabric is unparalleled – crafting this fabric takes time, patience and a unique set of skills, which is where our talented artisan partners really shine.

The exciting nature of the handloom process allows us to create our own exclusive textural patterned fabrics in beautifully coloured cotton threads and the hand-woven process means that no two garments are ever exactly the same.

This season we have worked with our talented artisans in India to develop an exclusive basket-weave texture for our coats and the intricate pattern of the handloom dobby cotton. Our plain tassel scarves are also created using this traditional handloom technique.

Keep an eye out for the Handloom logo throughout the brochure.

# Organic Cotton

Simply put, organic cotton is the best form of cotton, both for the planet, the growers and the people who wear the clothing. Organic cotton clothing is a pleasure to wear because of its breathability – it will keep you cool in the summer, and cosy in the winter, plus it will last far more wears in between washing than synthetic fibers. Reducing water usage and your energy bill – who can argue with that!

All organic cotton used to make Nomads clothing is certified by GOTS. The Global Organic Textile Standard (GOTS) is the leading authority on textile processing standards for organic fibres, focusing on all aspects of the supply chain. GOTS certified organic cotton is grown using methods and materials that have a low impact on the environment, with systems in place to replenish and maintain soil fertility, reduce the use of toxic pesticides and fertilisers, and build biologically diverse agriculture.

Organic cotton is naturally biodegradable.

# Organic Raincoat

## Organic Cotton | Biodegradable

Sustainably crafted with 90% biodegradable materials, Nomads' raincoats have a water-resistant organic cotton canvas outer and a soft viscose lining.

## New longer length | Practical pockets

Our raincoat for AW21 is in a new longer length with a scooped hem, whilst the overall fit keeps to our usual simple, flattering silhouette complete with practical pockets, and a drawcord adjustable waist.

## Drawcord adjustable waist and hood Adjustable poppers at cuffs

It also now has a drawstring at the hood and poppers at the cuff to keep the wind and rain at bay!

## Breathable | Water-resistant

Staying true to our environmentally friendly ethos, there is no plastic used in the water-resistant coating that our coats have been treated with. As well as this, it is not backed in plastic - which maintains the breathable properties of the natural fibres and means the coat is soft to the touch.

## Taped critical seams | Sustainable lining

The neck and shoulder seams are taped for added water-resistance. The viscose lining is derived from sustainable wood pulp and unlike traditional polyester linings, it feels soft and warm against your skin.

## We Are GOTS Certified

License no. DK26875

### When you order from us you know that:

GOTS approved products must contain at least 70% organic fibre content. In fact, ours generally contain 100%.

GOTS approved products never contain potentially harmful chemicals which can be found in conventional textile production.

GOTS approved companies are better for the environment by managing their environmental impact, having high social standards, reducing energy consumption and reviewing water usage.

GOTS means safe working conditions, no discrimination and no child labour.

GOTS approved products have the entire supply chain verified, even the farms must have certification to a legally recognised standard.

GOTS Certification is carried out by independent companies and facilities are physically inspected to verify standards are being kept.

# Fair Trade

Working together for a better world

### No Children

No children under the age of 16 make our products.

### Environmental Dyes

We always use Azo free dyes which have the least impact on the environment. This also means they are free from animal products and not tested on animals.

### Organic Cotton

Increasing our range of organic cotton to promote sustainable and environmental fashion as well as protecting the health and well-being of the growers and the land. All of our Organic Cotton is GOTS certified.

### Pay up front

To pay producers in advance so that they do not go into debt buying materials and guarantees their workers get paid on time.

### Traditional Crafts

To promote traditional crafts such as Handloom and Tie Dye in order to keep these traditions alive and provide vital income for villages with skilled artisans.

### Fair Pay

We pay a fair wage to all workers that is either at or above the national average.

### Research

We will continue our research in order to increase our range of sustainable fabrics like lyocell. We use corn starch bags for each piece of clothing and recycled cardboard boxes for deliveries.

### Support

To work with smaller community trade projects that provide essential support to disadvantaged people.

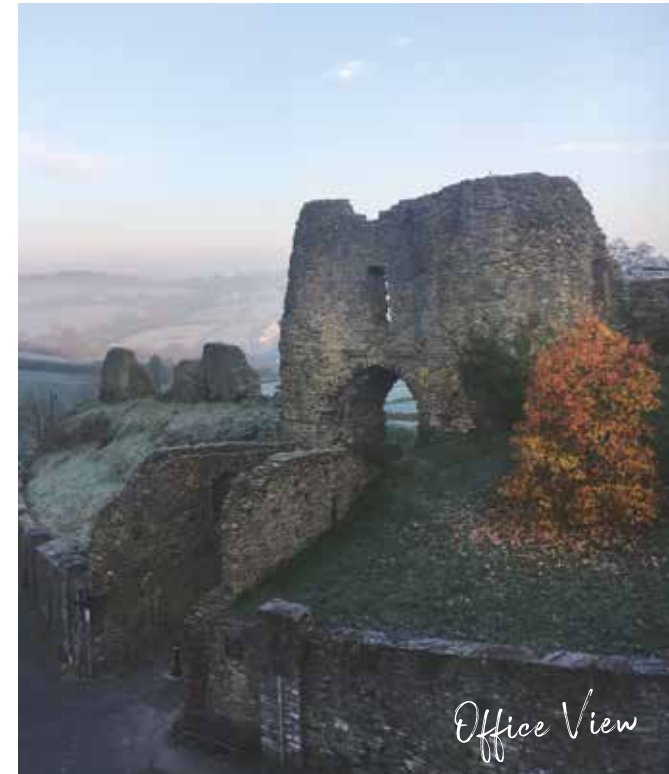

### Safety

To ensure safe working conditions, regular breaks and holidays for all workers. All our factories are regularly audited by SEDEX.

### Equality

We continue to work with our factories to improve all aspects of equality for men and women in pay and opportunity.

# About us

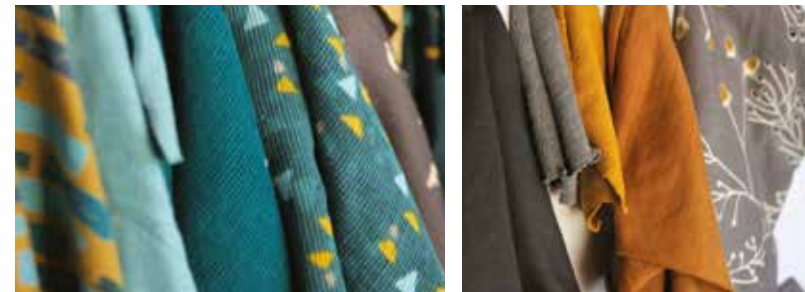

Nomads is dedicated to creating beautiful clothing with ethical values.

Born from a shared love of India and the wonderfully vibrant culture they discovered there, Duncan and Vicky began the Nomads journey in 1989. We have come a long way since then but celebrating traditional artisan skills is still a core element of our design process – from handloom textiles to intricate embroidery detail.

We've been fair trade since day one and believe strongly in following ethical fashion guidelines. In embracing the slow fashion movement, we take the time to ensure quality production, to give value to the skilled hands that produce each product, and to contemplate our connection with the environment. We're proud supporters of the Fashion Revolution campaign and encourage consumers to ask – "Who made your clothes?"

Our garments are made with natural fibres and GOTS certified organic cotton, and all prints are created with Azo free, environmentally approved dyes. We are committed to seeking the best materials and methods available for both people and the planet, which is why our packaging is also biodegradable.

# Best Selling Styles & Prints

We really take pride in our exclusive prints here at Nomads and this season is no exception. Our latest collection features a range of exclusive designs created by our in-house team including the Javari, Penrose, Ella and Brushstroke prints.

Our team work together closely on trend and colours and combine their extensive knowledge, great taste and research into fresh prints for us each season. They are equally inspired by their surroundings in Cornwall as by their visits to India. We also work with a select number of talented UK design studios who supply us with original designs that our team then add the Nomads' stamp to with seasonal colourways.

*You won't find our prints anywhere else.*
