

Lily & Me! 

AUTUMN | WINTER 2021

Autumn Winter '21

A collection born out of lockdown... the slower change of pace encouraged our design team to seek inspiration close to home. Homespun techniques and gentle slow crafts inspired our unique prints. Our Print Designer pressed flowers from her garden to create collages for inspiration, brought to life with hand sketches. Home grown blooms and shrubs inspired motifs within our beautiful prints.

Split into two colour palettes, 'Coastal' and 'Winter Solstice' both took inspiration from images and objects from nature. The tones of the pressed flowers inspired the rich raspberry pops, gentle chalk red and ochre colours of the palettes. Each palette sits back with navy to create timeless, easy wearing clothes.

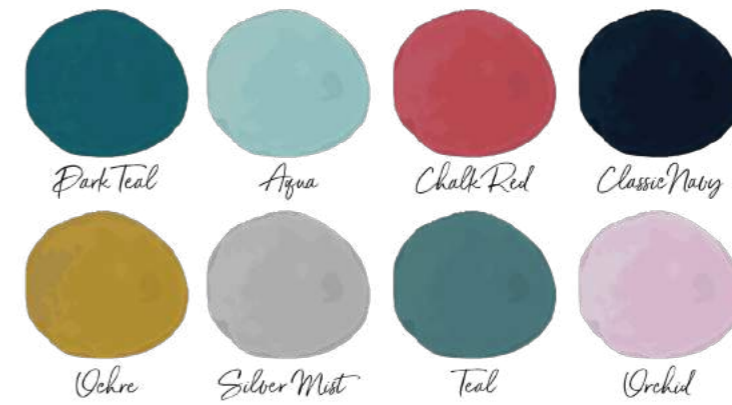

Separated into transitional and winter drops, the collection offers relevant product for early season through to the colder winter months. Each drop flows through providing colour continuity and enabling customers to have plain, stripe and knitwear outfitting options to coordinate with prints throughout the whole season.

From everyday casual jersey, knitwear and puffa jackets, to smarter woven dresses, corduroy and brushed cotton, our collection offers versatility and individual style. We have invested in natural fabrics where possible, however where we use polyester blends we are delighted to be able to offer recycled polyester, used within our puffa jackets and our brushed knit tops, tunics and dresses.

Womenswear

AUTUMN | WINTER 2021

T Transitional drop

W Winter drop

Designed in two rich colour palettes, 'Coastal' offers ochre, teals and chalk red, whilst berry reds, pumpkin and a pop of green make up our second palette, 'Winter Solstice'. Both sit back with navy to create easy wearing clothes. The collection has been separated into transitional and winter drops, offering relevant product for early season through to the colder winter months.

All styles are available in UK sizes 8-20

Our Transitional drop will be available from mid July and throughout the season whilst stocks last. Our Winter drop will be available from early September and throughout the season whilst stocks last. This smaller drop offers a refresh of prints, some warmer fabrics and updated knits. Each drop flows through providing colour continuity for your shops and enabling customers to have outfitting options to coordinate with prints throughout the whole season.

Our Story

Lily & Me is a family owned print led lifestyle brand offering beautiful and feminine clothing and accessories.

Our business was launched in early 2007 by Amelia and her partner Hari. Coming from a manufacturing background; they had spent a number of years producing clothing for other brands and wanted to start a line of their own. As a print lover Amelia knew from the outset that this would be the brands USP!

The brand is named after Lily, their daughter, so a meaningful name for us all. Amelia and Hari were joined by brother Ben and sister Polly who have helped drive the company to where it is today and more recently, Ben's wife Jo has joined the business to make it an all family concern!

Our tagline 'British by Design, Beautiful by Nature' drives our inspiration each season. Our unique prints and styles are designed in-house and are inspired by the beauty of the surrounding countryside. All of our fabrics are bespoke and we are meticulous in our design process! Each piece is carefully considered from the concept of fabric, print design, shape and style, right through from swing tags and marketing to our customer service!

Lily & Me believe in providing quality products and designs at extremely competitive prices, offering great margins for our wholesale customers.

How to order

We are primarily a forward order brand however we do carry stock in season and usually exhibit short and forward order collections at our shows.

Ordering from us couldn't be easier! Give our distribution office a call or speak to your local agent
