

SMITH & CANOVA

SPRING SUMMER 2020 V. I

SMITH & CANOVA

Smith & Canova are creators of refined and sophisticated leather goods. Fusing a British heritage of 4 generations of leather craft, with Japanese and Scandinavian minimalism, we create ready to wear premium bags and accessories.

MTO

We are able to offer a full Made To Order service for branded and own label ranges. We welcome the opportunity to discuss your brand and develop and deliver a range that benefits from generations of leather craft and design expertise. We have a strong design team based in the UK & China working on own labels with several of the UK's high street retailers. We have our own QC & sampling and production team based in Guangzhou, China only 40 minutes flight time away from Hong Kong and we would welcome buyers wishing to produce own label collection to our Leeds or Guangzhou offices and showrooms to discuss design and production.
