

Wear better

NAGO is casual, redefined.

Discover our timeless designs made with conscience and care.

The simplicity of our collection aims to make your choices simpler and always on point. Create limitless possibilities by combining as few elements as possible. For every occasion, every day. Simple as that.

Material matters

The main goal of our production team was to combine sustainability, durability and comfort. In order to achieve this, we employed current technology alongside time-tested methods and developed the ultimate selection of fabrics: comfortable, long-lasting, environmentally friendly and truly non-toxic.

We use:

- GOTS, OekoTex® Standard 100 Certified Cotton
- LENZING™ certified textiles
- TENCEL™
- ECOVERO
- CUPRO – cellulose fibre made from recovered cotton waste

Naked truth

MADE WITH ORGANIC
AND RECYCLED MATERIALS

NO WASTE OF FRESH WATER
DURING PRODUCTION

PRODUCED LOCALLY IN CAREFULLY
CHOSEN WORKPLACES

100% RECYCABLE

BIODEGRADABLE

NON-TOXIC

ALLERGEN, PESTICIDE
AND NICKEL FREE

Of course we're
green. It's 2019.

Green is the new black – it's a fact. We believe that sustainable production, as well as environmentally friendly workspaces and marketing are fashion musts nowadays.

We choose to make it our standard rather than brag about it.

We implement conscious solutions on every step of our process – including the design and printing of this catalogue. Only digital print on FSC-certified paper in the printer-friendly A5 format were used, resulting in minimal waste and no production surplus. We believe that being persistent in our beliefs not only doesn't compromise the end result, but actually adds value to it.
