

WE MAKE GARMENT LABELS WITH FLAIR AND TASTE.

Produced in the UK, the purpose of our products is to bring style, quality and sales to your products. Our clients tell us we're exceptionally successful at it.

We're the only label manufacturer of our size and stature to offer a free design service, staffed by a team steeped in fashion branding.

We have new design collections throughout the year and dedicated advisors to help you every step of the way.

What drives our success is the same as what drives yours: the determination to be innovative, different, trend-setting and brand-building.

In the UK, Italy, China, Hong Kong, Turkey, India & Bangladesh.
