

A full-body photograph of a woman with long, light brown hair and blue eyes, looking directly at the camera. She is wearing a beige, ribbed, long-sleeved bodysuit with a deep V-neckline that is partially open, revealing her chest. The bodysuit has small, light-colored buttons along the edges of the V-neckline. The background is a plain, light gray. The word "NUDYESS" is overlaid in large, white, sans-serif capital letters across the center of the image.

NUDYESS

NUDYESS is a polish fashion brand founded in early 2018. It was created for women who are looking for a combination of style in an ultra-feminine edition, regardless of changing trends. Our collections include simple dresses with perfect design that fit perfectly on different types of silhouettes. They perfectly emphasize strengths and model imperfections. Additionally, the collections regularly include tops, bodysuits, skirts and leggings. For production, we use high-quality modeling knitted cotton with a very dense weave, which perfectly slims the figure. At the same time it is comfortable and breathable. Our designs can be worn regardless of the size and type of figure to feel very feminine.

However, we care not only for our clients, but also for the natural environment. The fabrics from which our clothes are made are carefully selected. They are skin-friendly and leave as little damage to the planet as possible. We cooperate only with proven and trusted polish suppliers, knitting and dyeing plants, who offer the highest quality certified fabrics and adhere to high production standards.
