ABOUT 33 THREADS

Thirty Three Threads was born on the 33rd parallel. It echoes the spirit of the active lifestyle so intrinsic to San Diego, our home, and it is here that our story comes to life. Our brands: TAVI, ToeSox, Base 33 and Vooray all reflect this synergy, although each steps boldly with its own unique personality.

Seersucker

A classic, reimagined.

We love the unexpected around here. Kind of like taking the classic spring seersucker fabric and reimagining it for our TAVI bras and leggings. You'll love the way this knit jacquard texture hides imperfections and flatters your body, and with light compression it will take you from barre to brunch in perfect style.

WHY YOU'LL LOVE IT

Holds its shape

Unlike traditional seersucker fabrics, our TAVI take on this classic delivers plenty of stretch, which means it holds its shape throughout your workouts, leaving you looking as good as you did when you walked through the door.

Warm weather approved

Breathable, sweat-wicking, and designed to create air flow, our TAVI seersucker fabric is ideal for spring and summer wear.

Less is more

The asymmetrical double-strap One Shoulder Bra stands apart, in more ways than one. With an on-trend asymmetrical neckline, a built-in shelf bra, and a knit jacquard fabric that hides imperfections (you can thank us later), this bra will be your go-to for the studio, but also so much more.

Hot or what?

Provocative. Bold. Statement-making. Does anything scream summer like this on-trend hot pink? Don't worry – we already know the answer.
