City lights

FALL WINTER '23

City lights

The colder months give away to the city
that is inspiring, renewing and fresh.
Three feelings that can define this collection.

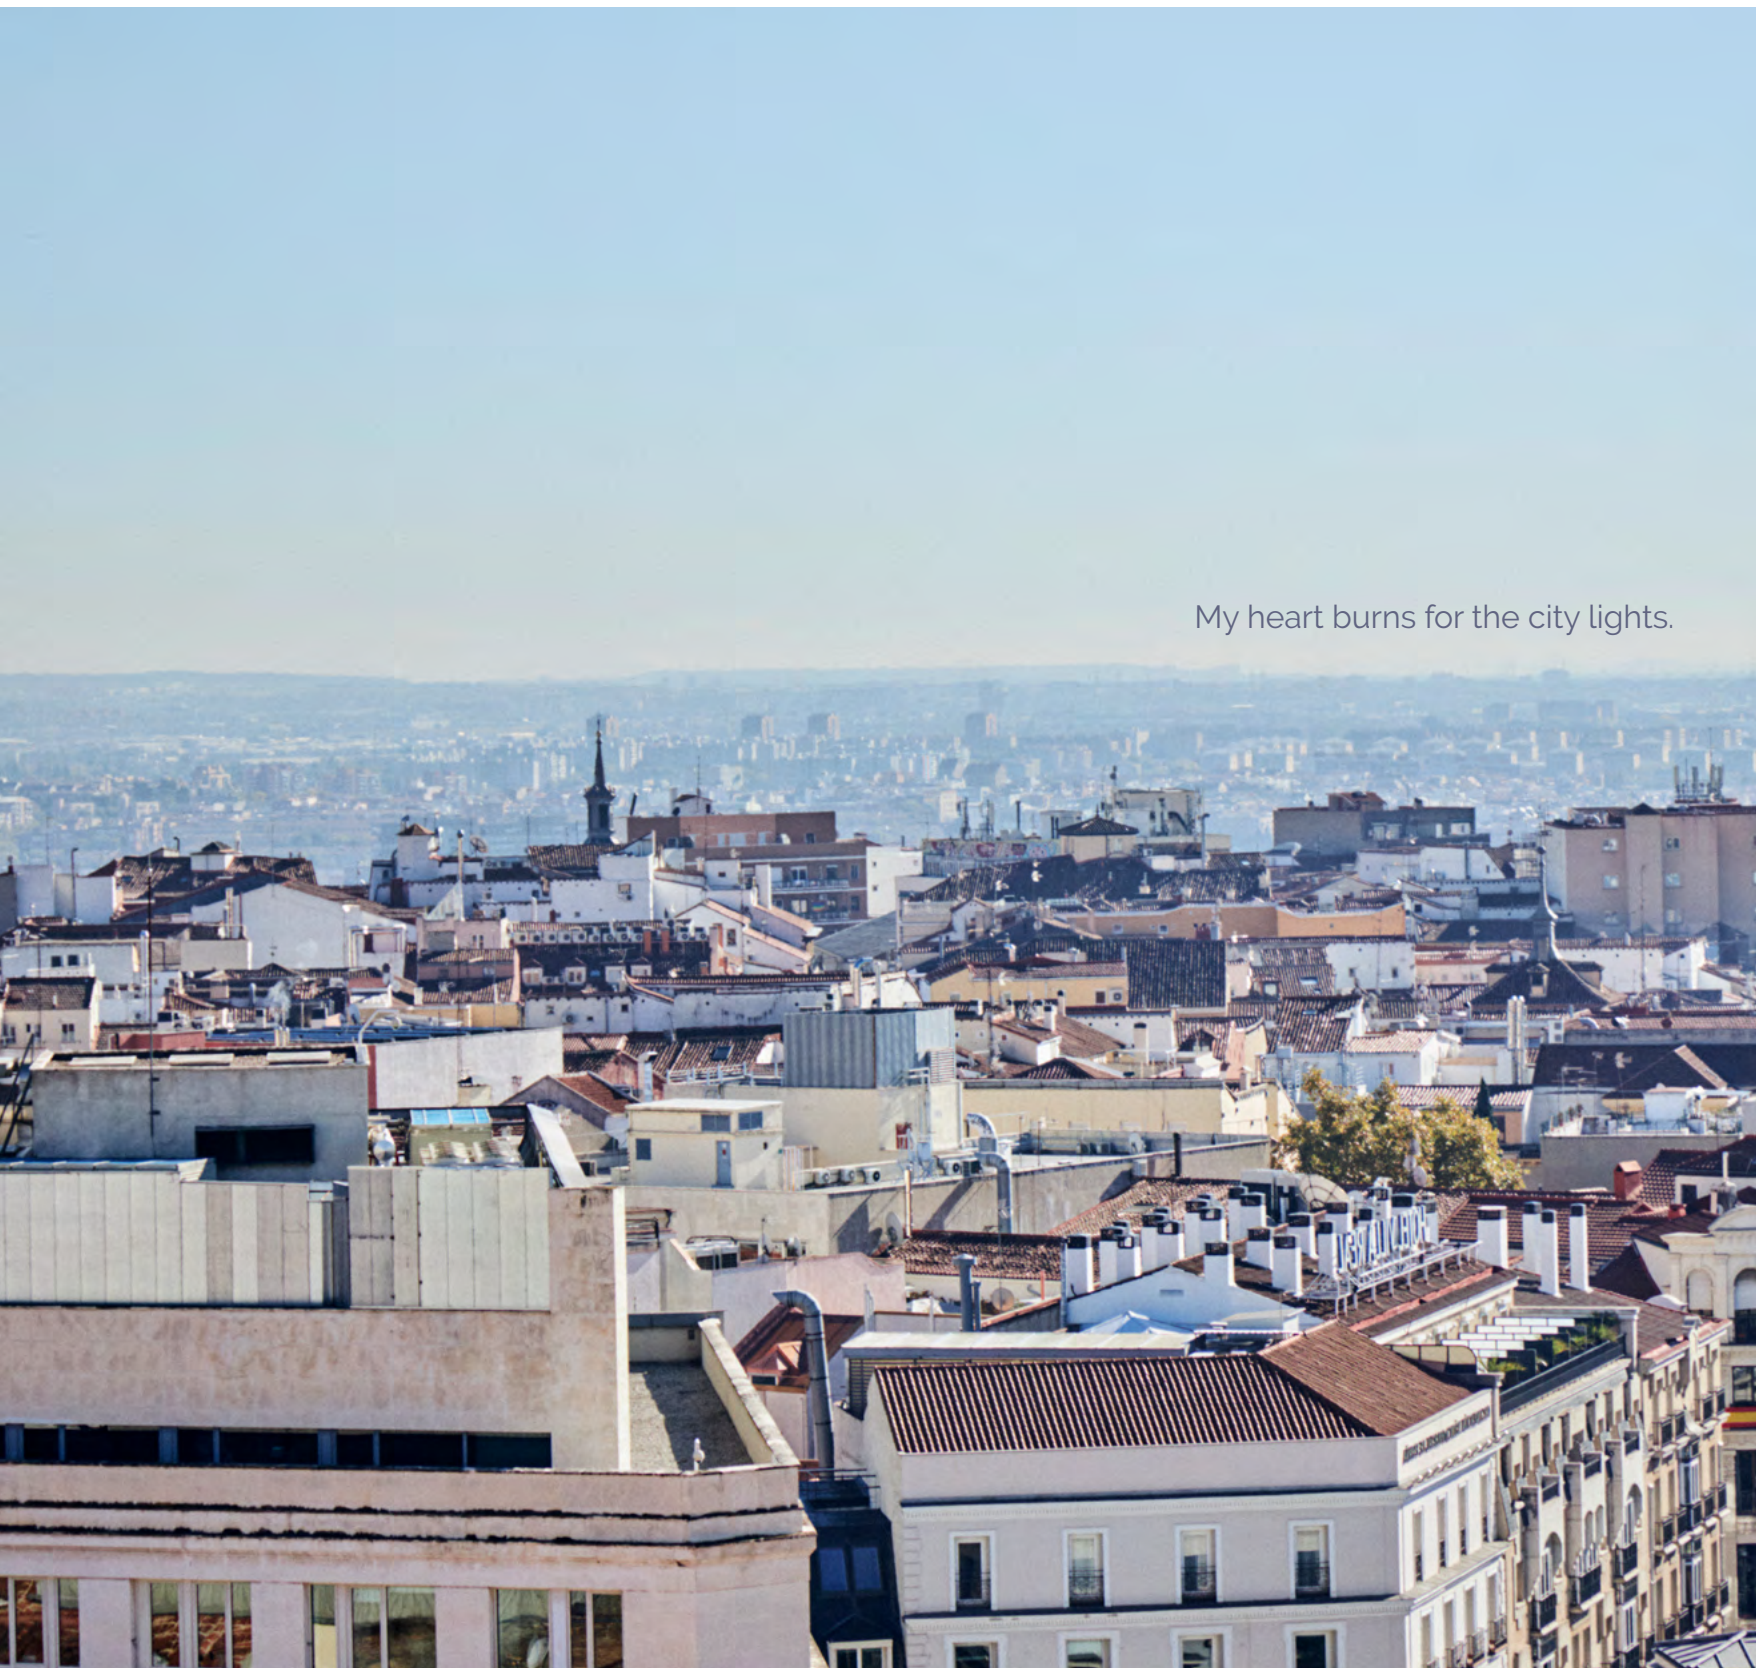

My heart burns for the city lights.

"...city lights, take me away
Now it's time we never
ever look down..."

Change is always good,
evolution is the law
of life, but keeping your
essence is the best thing
you can do.

Fantastic light
Fantastic shine
Fantastic time
