CATALOGUE 2023 - 2024

OUR STORY

SORBET ISLAND's creations conjure up an aura of magical vacations inspired by the surrounding enchanted Aegean landscape. All items are carefully crafted in Greece by a passionate team of artisans using premium materials, and are designed based on the principles of inclusivity, authenticity and positivity.

Driven by good energy and ageless youthfulness, SORBET ISLAND always keeps close to heart the same warmth inherent in its beginnings. In 2014, founder Sophia Mamas embarked on a personal venture to make customised friendship bracelets for her loved ones. What began as a hobby to create handmade tokens of appreciation for her friends organically developed into a business. It ultimately evolved into the multi-brand it is today, when she discovered a fabric called crinkle. She knew she had come across something special as this magical material offered a versatility which supported every body type in a flattering, fashionable and inclusive way, completely aligning with the brand's ideals.

SORBET ISLAND's philosophy of confronting the status quo and embracing all forms of beauty without stereotypes is demonstrated throughout all our ONE SIZE collections which comfortably fits XS-XXL, A to G cup.

SORBET ISLAND is sold in more than 5.000 stores worldwide and has also been featured in numerous prestigious fashion magazines, continuing in its mission to challenge beauty standards and change traditional perceptions of female beauty.

SORBET ISLAND ACCESSORIES COLLECTIONS

All accessories are crafted in Greece using high-quality natural materials. Our jewellery ranges from silk and satin, to intricate pieces made with freshwater pearls, mother of pearl, shells, and handcrafted beads – every detail carefully thought out to create a piece unique for you. Bracelets and necklaces come accompanied with signature packaging: a glass tube including a happy fortune message which is inspired by the letters in a bottle sent out at sea to loved ones. Our bags, 100% cotton towels and other playful accessories can seamlessly integrate into your closet. Agelessly youthful, they are lovingly designed to encourage positivity through uplifting statements and add hints of vibrance to your day.
