Handcrafted earrings

Upgrade your style

Designer Necklaces

handmade from genuine Italian leather

meet the designer

Adelina is a young woman passionate about beauty, style and about what makes us unique. She started working with leather by chance and she fell in love with it.

She creates in a small workshop and sees herself on all the big catwalks.

"I believe in the power of jewellery to complete our style, to highlight our personality, to give confidence and uniqueness to each person. I let myself be guided by nature for inspiration, or even by this precious material - natural leather. With passion and a keen eye for details we create unique and limited series accessories and also customizable accessories like the #leatherbonbon necklace."

In this catalog you can discover some of our products and you can also follow us on instagram and facebook to see more."

NECKLACES

handmade from genuine Italian leather

#leatherbonbon

Our statement necklaces design is the #leatherbonbon collection.

You can mix and match the leather bonbons on the collar to match your mood or your outfit , everyday.

The necklace is also lightweight, it has an easy to use, screw type, closing system and is approximately 14 cm wide.

Price: 6 EUR/bonbon

We have a wide color palette from which you can choose the desired colors for your necklace and you can mix as many bonbons as you desire.

(The palette is very dynamic, depending on the colors our suppliers have, and it changes often. For an up to date palette don't hesitate to contact us.)

You can let yourself be inspired by anything you like. My inspiration usually comes from nature or, because I like to travel, places that I'm going to visit or have already visited, like this mix inspired by Burano, Italy.
