ABOUT *collection*

Embrace the spirit of the holidays with House of Tula's festive collection. Our journals, luxuriously crafted from recycled cotton rags, make thoughtful, sustainable gifts. Spotlighting our holiday bestsellers - the Holiday Special Green Foiled Journal, and Flowers in a Vase in small and A5 sizes - each piece tells a tale of artistic tradition, environmental respect, and the warmth of the holiday season.

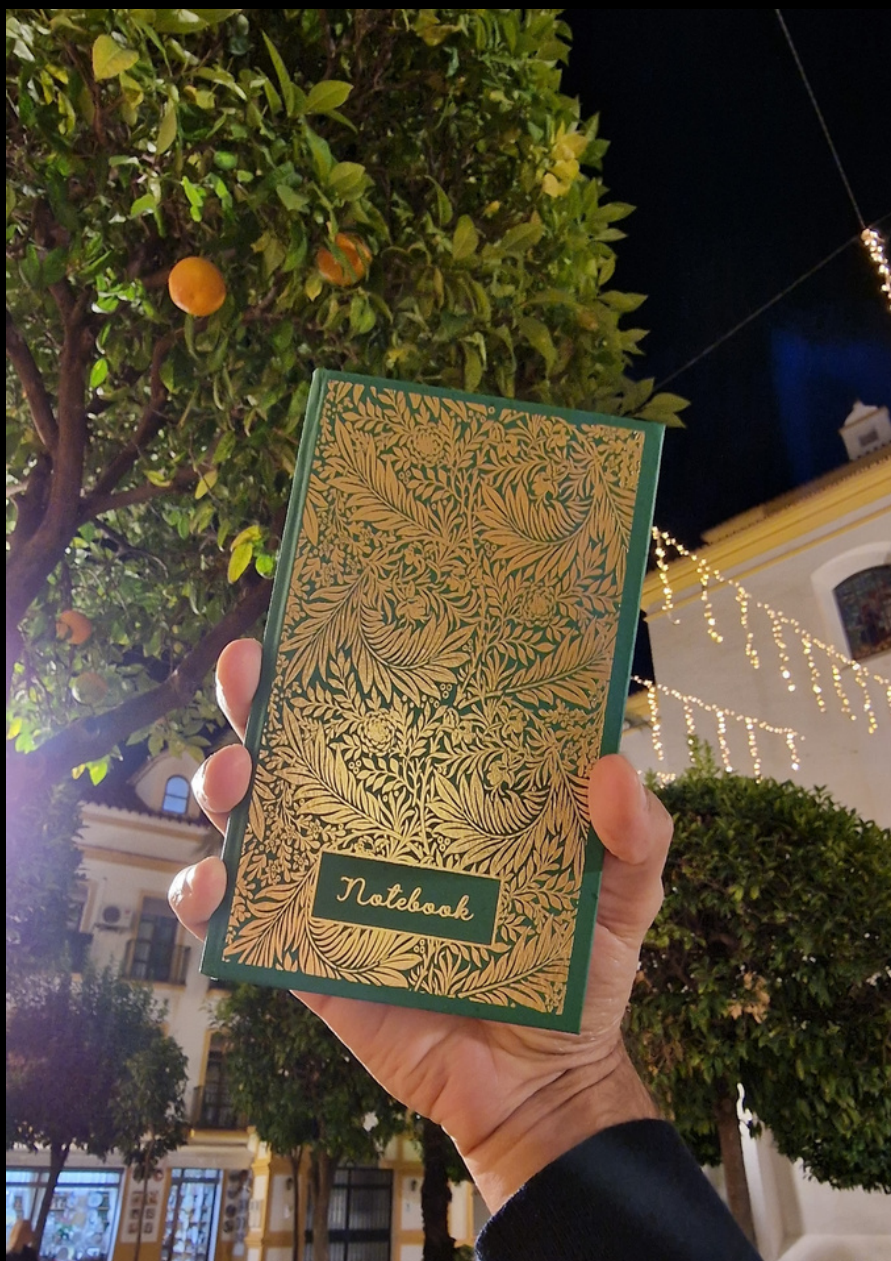

While the "Flowers in a vase" journals are not in traditional winter tones, customers prefer them for a refreshing break from the usual winter tones
