I B E X
ENGLAND

At Ibex England, we are a leading British specialist in the design and manufacture of exceptional trouser belts, devoted to our core values of resilience, agility, and quality.

Beginning life in Northamptonshire in 1957, we are recognised for our heritage and classic designs, manufacturing both formal and casual belts, instilling the highest level of care and attention to everything we produce.

Using only the highest quality of leather and materials sourced ethically and responsibly, Ibex England is intent on providing exceptional standards throughout our manufacturing process. We aim to give our customers a product that is comfortable, long-lasting, and rich in style.

With a range of traditional leather belts, polo belts, and our new collection of sustainable belts made from recycled materials, we are proud of the tradition we uphold within our industry.

Substantially better, since 1957.

Our Repreve Woven Belt Collection is made from recycled polyester yarn, a material which started life as a plastic bottle. The collection brings style and practicality together while leaving a positive impact on the environment.

Repreve

Reducing the impact on the environment doesn't equal compromise. Our Repreve woven belts are stretchable, flexible, durable and sustainable. The woven fabric allows the buckle to be fastened anywhere throughout the woven material, accommodating weight and style changes, giving consumers a belt for the long-term. With eighteen styles, in both solid colours and patterns, the collection has become a go-to everyday option for both smart and casual wear.

Features & Sizes

Repreve recycled polyester woven yarn material.

Regenerated leather trims in black, brown & navy.

Nickel & lead free zinc alloy buckle, in a pewter finish.

Collection available in M - XL.

Repreve

Repreve is a recycled polyester fibre made from recycled plastic bottles and other types of plastic waste. The process of creating Repreve involves collecting plastic bottles, cleaning and crushing them into small pieces, melting the pieces down, and then spinning them into polyester yarn.

This sustainable material is then used to create our Ibex England Repreve Woven belts.

Size Guide

All leather Ibex England belts are measured from the start of the leather at the buckle to the middle hole. Our leather belts have five holes spaced at approximately 1-inch intervals.

We recommend, for the best fit, selecting a size 1-inch up from the trouser waist size worn, based on the belt being fastened on the middle hole. For example, if a 32-inch jeans/trouser is worn, then a 34-inch belt is likely to fit.

Size	Waist Measurement (cm)	Waist Measurement (in)
S	81cm	32
M	89cm	35
L	97cm	38
XL	104cm	41
XXL	112cm	44
XXXL	119cm	47
