COMMON
SENSE

About us

We are a group of individuals passionate about the way color and innovative materials can connect with the senses. We incorporate this passion into the design of our high-performance backpacks, bags, and accessories, which are made from recycled plastic bottles, and are both functional and stylish.

At Lefrik, we firmly believe that sustainable fashion is achievable.

Founded in Madrid. Since 2012

High-
performing
products
designed for
the senses.
Made from
recycled
plastic bottles.

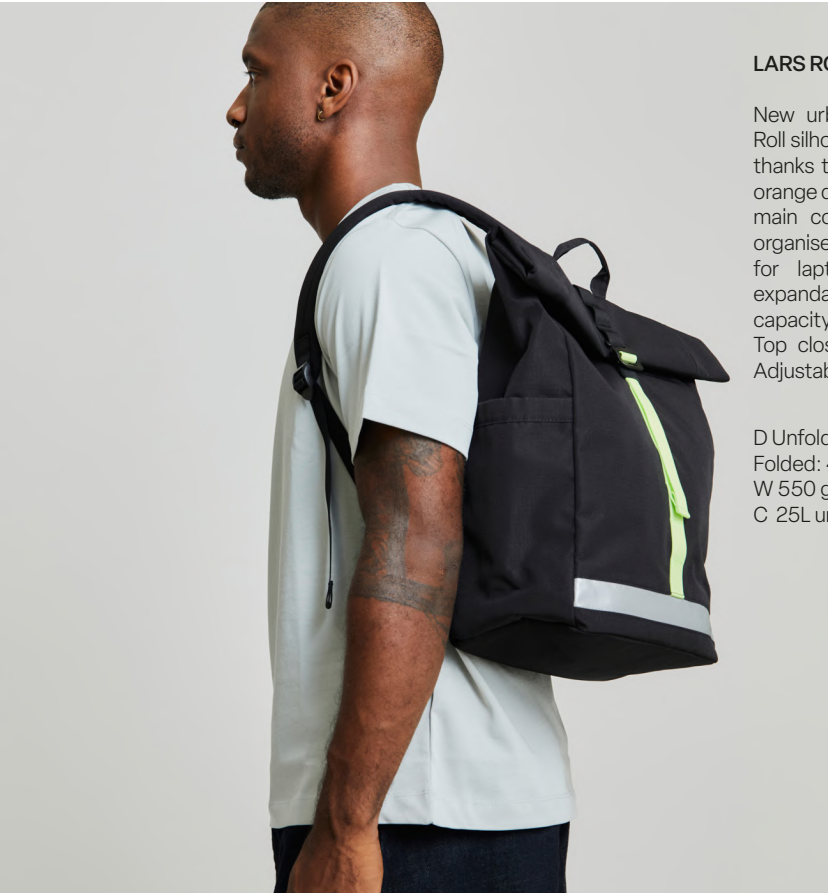

Vandra

Our Vandra line is designed with the urban wearer in mind, who is looking for practicality in everyday life, without neglecting a unique style with attention to detail. In this collection you can find some of the classic models available with a more elevated touch in details such as handles, closures and finishes.

All models are made with Ripstop technical fabric, which is very light, water and scratch resistant. Its unique texture gives the backpacks a premium and distinctive finish.

LARS ROLL

New urban version of our classic Roll silhouette. With a high-tech feel thanks to its fabric and contrasting orange details. It features a spacious main compartment with different organisers and a special pocket for laptops up to 15.6". Large expandable side pockets for extra capacity and back security pocket. Top closure with velcro fastening. Adjustable padded handles.

LAB

Lab is the space where we introduce our latest and more elevated shapes. Products full of personality and designed in response to the new eco savvy consumer looking for innovation and distinctive touch.

In FW24 we continue our BIWA shapes keeping their minimal but sleek design. These shapes come in our soft, puffy and technical fabric that it is also water repellent.

BIWA

Quilted bag designed to be used both as a shoulder bag and as a messenger bag, thanks to its adjustable sliding knots. Its 100% recycled plastic fabric and soft quilting make it very light and pleasant to the touch. It has a large main compartment and a zipped pocket for small or essential items. Magnetic closure.

Oxford

Our line of everyday backpacks made in our iconic Oxford material is specially designed for city commuting and weekend trips.

Lefrik's OXFORD RPET fabric is durable, vegan, waterproof and washable.

It's made of GRS certified 100% recycled polyester, we avoid using blends in our fabrics making the products not only recycled but more recyclable at the end of their life cycle.

Most of the backpacks in this collection come with padded laptop compartments, inner water bottle pocket, useful interior organisers and antitheft back pockets to keep your belongings safe and handy. Fastening on all models is strong and secure, ideal to prevent break-ins and unwanted openings.

Travel

As with our daily commute, we believe in practicality and comfort when travelling. For this reason, we have designed a carefully curated line of versatile products that are the perfect allies for getaways and adventures, both in nature and the city.

Our suitcases and backpack come in cabin size, making it much easier to travel by plane or train. As well as for short trips, they are perfect for days with lots of schedule changes.

MAVERICK FOLDABLE TROLLEY

Our Maverick is a backpack that can be converted into a trolley suitcase thanks to its innovative design that allows it to be used in two different sizes and folded completely for storage. The back handles can be detached and stored in a hidden compartment, the top handle is extendable for use as a trolley and the top compartment, specially designed for shoe storage, can be folded in on itself to become a cabin size suitcase.

The spacious interior has elastic bands for clothing storage and a large zipped pocket for smaller items. Quick access side pockets. Padded handles for added comfort.

Lefrik uses recycled polyester that has been mechanically recycled. This fabric is dyed under the OEKO TEX 100 standard, which guarantees that it is free from toxic chemical substances, and coated with TPE to make it water-repellent.

We work with partners who share our values and commitment to social and environmental best practices, with a priority on quality, traceability and sustainability throughout the product lifecycle.

Our sustainable and social actions go beyond words and that is why not only our fabrics, but also Lefrik as a brand is certified as a GRS company. Our products are approved as vegan by PETA and we are a proud partner of 1% for the Planet, donating 1% of our revenue to non-profit organizations.

We use 100% RPET fabrics in all our products. With only 5 fabrics we manufacture our entire collection, making the production process more efficient and our products easily recyclable at the end of their life, achieving the goal of a circular model.
