## AVOURE COUTURE

### PHILOSOPHY

That's my idea of how fashion should be. With our Avoure Couture dresses, we want to combine the areas of business and leisure.

Every woman should feel comfortable in our dresses. All of the brand's dresses are both visually appealing and comfortable at the same time. The elegant and figure-hugging dresses are designed to give every woman self-confidence and comfort for every occasion.

All dresses are made of a crease-resistant fabric and are still very comfortable.

A handwritten signature in black ink, appearing to read 'Violeta Seemann'.
