THE
SOCIAL CLUB

LOOKBOOK

2024 EDIT

The Social Club London was born during Lockdown 1 in 2020 - during a time when it was challenging to stay positive, I created a feel good, happy brand for adults & children that celebrated all things social, during a time when being social had radically changed & meant wearing face masks, 2 metre social distancing & garden meets.

The Social Club brings HAPPY loungewear & accessories to adults & children of all ages. A sustainable brand that feels different to others, & builds on the familiar, happy face branding (which was certified & trademarked in May 2022) - it has it's own unique 'feelgood' factor that really resonates with EVERYONE.

"Smiles are so infectious, so I wanted to bring to life that philosophy in all the garments & accessories we produce. Our sweatshirts, shoppers & tees are all made using the softest GOTS organic cotton or recycled materials, they are made to last, affordable & sure to make you FEEL GOOD."

In fact, our customers tell us that wearing our products makes them feel good, strong, and confident. They can be worn proudly and comfortably by everyone regardless of age; with so much versatility...taking you from day through to night!

Everyone styles their Social Club pieces differently, but the one common thread, is that the brand makes people smile & that smile is caught & loved by everybody who sees it!

Keep the SMILE on!

Love, Jo X
