Candles *with Meaning*

Some say it with words.
Others say it with symbols.

Every shopper has their own way of saying “I’m thinking of you.” Some reach for the words - a heartfelt message, printed and ready to give. Others reach for a symbol - something to watch, hold, and return to.

Whichever your customer speaks, we’ve got the range to match.

Convection Spinners

Our spinning carousel candles say it in symbol: a gently turning Tree of Life topper paired with meaningful gemstones – amethyst for calm, cherry quartz for joy, turquenite for protection.
